ROLLING MILL FOR SALE.—The undersigned offer for sale the "MOUNT CARBON ROLLING MILL," situate at Mt. Carbon, Schuylkill County, Pa.
The mill is in good working order, and has a capacity for making 1,500 tons per month, 1 train 18-inch rolls for puddled iron, 1 train 9-inch iron rolls, 1 train plate rolls 24 inches in length by 36 inches diameter, and all other machinery for the manufacture of the above description of iron.
The boilers and puddling furnaces are provided for a variety of sizes of iron or horse power; the fan mill by a horse, or by steam power, and the remainder of the machinery, such as shafting, stamps, &c., &c., by 2 engines, 14 and 16 inches power respectively.
The mill buildings, which cover an area of more than 30,000 square feet, are all of the substantial stone construction, with the exception of the roof, which is of wood, of the most substantial construction, built by the Messrs. Lewis, of Philadelphia. A railroad from the Reading Railroad, will immediately adjoin, serve for the convenient delivery of coal, wood, &c., and for shipment.
The contiguous coal improvements, to the Rolling Mill, 137 acres of arable and woodland, also an iron bank, 97 good and convenient dwellings for the employees of the mill, a part of the road, if not already been laid down, with a branch, which will be when operations near the Mill, extends to the bottom of an excellent stone quarry on the premises. For the unusual facilities of the manufacture of iron, the location is such as is rarely surpassed. Coal of least quality is mined in the immediate vicinity, and can be delivered at the Mill at a cost of 50 cents per ton, by the Reading Railroad and its numerous connections, or the Schuylkill Canal. The great quantity of iron stored in the contiguous region, which should not prove perfectly satisfactory, may be returned, and an unlimited supply obtained here.

BARTRAM & FANTON'S FIRST PREMIUM BUTTON-HOLE & SEWING MACHINES.

Bartram & Fanton Manufacturing Co., Danbury, Conn.
We can at last offer to the public our IMPROVED MACHINE which we suppose more perfect than any other sewing machine made.
They sew a stronger and more elastic seam, and do a better and greater range of work than any other.
It has the honor of being the only single thread machine that has been awarded a first prize over double thread, in direct competition.
All are invited to call at the Danbury Shirt Factory and see them running by power, stitching side with double thread machines.
Hear what those that have used them say:
"Your machines give entire satisfaction."
R. D. G. Smith, Pat. Atty, Washington, D. C.
"The most perfect little slave to woman's hand I have ever seen."
Mrs. G. H. S. Hull, Brooklyn, N. Y.
"Would almost as well part with our farm."
Mrs. Main.
"I have used nearly every kind and never saw its equal." Mrs. C. H. Arnold, San Francisco, Cal.
"A quantity of neatly finished garments folded and nicely laid away, a sure proof that the B. & F. Machine is not only better than any other, but really perfect."
Mrs. O. H. Parsons, N. Y.
"Runs quite charming." Mrs. Chadwick, Falls, Tioga.
"They are of the best on exhibition; we therefore recommend them to buyers of the first class."

PRACTICAL NATUROPATHIC PHYSICIANS,
FOR THE SURE AND SPEEDY CURE OF ALL DISEASES, WEAKNESSES & INFIRMITIES.
Have located for 900 Arch st., Philadelphia, Pa., where they have fitted up rooms for the healing of the sick.
The Doctors are when all other efforts and systems have failed, and when cases have been pronounced hopeless by the most eminent in the profession. No surgical operations. No pain caused. All who receive treatment are instantly benefited. The Doctors cannot restore a lost member of the body, but will always relieve pain from whatever cause. The practice is in harmony with all natural laws, and is founded upon scientific principles. Many eminent physicians of all other systems not only acknowledge the power, but receive treatment for themselves and families, as well as recommend it to their patients. By this new and scientific mysterious treatment it takes but a few minutes to produce a change in the most obstinate chronic cases, and so sure is the effect that many cases require no more than a single examination.
