Business Notices, 10 cents a line for each insertion.
Local Notices and lines over a square, 20 cents a line each insertion.
Larger Advertisements in proportion.
The MINERS' JOURNAL is now one month larger than any other paper published in the State, and contains more reading matter than any other paper published in the United States. To give the reader some idea of the amount of matter contained in a single number of the JOURNAL, furnished for six cents, we have ran it as a circular, and found that it contains more than is contained in a $2 00 book issued from the city of Philadelphia. Subscribe and send the six cents will be furnished during a year for $2.75 in advance, or $3 if cents are used.
The prosperity of the MINERS' JOURNAL is shown by its quantity to us. It possesses now outside of Philadelphia and Baltimore, the largest circulation of any paper published in Pennsylvania, and is nearly on the Business. As an advertising medium in this section of the State, it is also equalled.

Bannan & Ramsey's Bookstore,
POTTSVILLE.
Trade supplied on liberal terms. BY SENDING CORRESPONDENT VARIETY.

JOHN R. DIEHM,
MANUFACTURER of COAL SCREENS, 647 Old Swedes' Street, above Front, Philadelphia.
Convinced that it is a great loss to the coal trade, that so many screens are used that do not make the proper sizes, I have devoted my attention to the manufacture of screens that will make the sizes required, and I feel confident that I can give satisfaction to all who may favor me with a trial.
ALL WORK GUARANTEED.
Any information as to quality and price, will be cheerfully given when by application at my office.
Reference by permission to
Lehigh Coal and Navigation Company, No. 8 Mon. Pelham, C. R. Marshall Esq., Wm. Sellers & Co., Morris Tasker, Esq., Wm. Sellers, Esq., Hamilton Street Railroad Machine Shop, Seventh Hill, at which place the machine can be seen at work.
The undersigned have been using Diehm's Screen for the last two years in preference to any other, and find it to be the best we have used. Wm. Sellers & Co., Hamilton Street Railroad Co.
Philadelphia, June 1, 1868.
I have much pleasure in recommending Diehm's Screen as the best I have used. I. V. MORRIS.

Stephenson Safety Lamps.
As at some Collieries fire damp is very prevalent, and the Stephenson Safety Lamp is not considered safe, we have procured a lot of the Stephenson Safety Lamps, which consists of tinned gauze with cones of the white metal. These lamps, from recent experiments made in Barnsley, is considered the safest lamp to use, that it is now extensively used in all the more fiery collieries in England. We have in stock and repair.
The CLANNY LAMP, the DAVY LAMP, and Safety Lamps of all the most approved patterns, made of Iron (Government Wire), by the best workmen or tinned.
Our Lamps are all manufactured to our own order, and we can more but guess of the pattern procured by the English Government for safety.
Gentlemen connected or hand to sell lamps in general use, so that we can supply any persons desirous to make a change, or have lamps repaired. Guess for sale by the yard or six, wholesale and retail.
