PITTSBURGH GAZETTE.

FRIDAY MORNING, APRIL 1, 1853.

BRAZIL AND THE SLAVE TRADE.—It is said that Mr. Schenck, the United States Minister to Brazil, has recommended our Government to adopt more stringent measures in order to prevent the American flag being prostituted to subserve the slave trade between Brazil and the African coast. He proposes the prohibition by law of all direct trade in vessels of the United States between Brazil and the African coast. If this be deemed too stringent, then he suggests that the exportation from Brazil, in American bottoms, of articles suited only or principally for the slave trade, be prohibited; as also the granting of consular sea letters to American vessels sold on the coast of Brazil or Africa for any purpose except making a direct voyage home. If none of these measures be adopted, Mr. Schenck urges an immediate re-organization of our naval force, and makes an eloquent appeal that our national honor be vindicated, and our duty to God and humanity be no longer outraged.

We understand that a company has been projected in this city, and arrangements are made for the purpose of working the Lead Mines in Franklin county. Some years ago, valuable mines of lead ore were discovered in that county, on what is known as the sixteenth section. It was held by law for school purposes, but leases were made of it—furnaces were erected—great numbers of miners went to work upon it, and large amounts of lead were obtained. It proved a profitable investment, but after a time the principal capitalist died, and the business was abandoned. It is proposed now to form a Joint Stock Company, with a capital of $100,000, to engage in re-opening the mines, and to develop the mineral resources of that section. For this purpose, the Company have obtained the lease of the sixteenth section, and upwards of four thousand acres of wood and other lands adjoining, and they are making preparations to commence business.—*St. Louis Rep.*

To the Readers of the Pittsburgh Gazette

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times!
PETROLEUM OR ROCK OIL. It is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great power to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may be induced to put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of gulling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.
Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the cases of a gentleman in Beaver county. There are other cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure when used according to directions—Diarrhœa, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the Face, Chronic Sore Eyes, Ring-worm, Tetter, Scald Head, Pains in the bones and joints, old sores, Ulcers, Wens, Aches, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.
Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a most UNIVERSAL REMEDY, and has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.
Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the great and glorious remedy for disease. Important to Travelers Going East.

THE early hour, three o'clock in the morning, at which the EXPRESS TRAIN starts for the East, from Pittsburgh, had made it very inconvenient for travelers going by that train, compelling them to be aroused at a most uncomfortable time, (say 2 o'clock A. M.) or else to remain up all night. This inconvenience is now obviated by a late arrangement. That Express Train now breakfasts regularly at LATROBE, instead of Hollidaysburg,—so that travelers East can leave Pittsburgh at 5 o'clock P. M., by the Accommodation, which arrives at Latrobe at 7½ o'clock P. M., have pleasant quarters there over night at the large and elegant Hotel of Mr. ELDER, breakfast comfortably with the other passengers in the morning, and pass on East by the Express, having DAY TRAVEL ALL THE WAY from Pittsburgh to Philadelphia or Baltimore. Every provision is made at the Hotel, for the accommodation of guests and visitors by those trains. fe17:tf

MEDICAL.

DR. MORSE'S
INVIGORATING
CORDIAL.

A PHENOMENON IN MEDICINE.

PROFESSOR MORSE'S INVIGORATING ELIXIR, OR CORDIAL.
THE EIGHTH WONDER OF THE BOTANIC WORLD.

The Invigorating Elixir and Cordial introduced into medical practice by the great chemist, physician and traveller, Dr. M. Morse, had for its basis an Oriental Herb, first brought from the stony deserts of Arabia Petrea, by that eminent philosopher. The natives of that region are remarkable for their longevity, exemption from sickness, and power of sustaining fatigue, all of which they attribute in a great degree to the use of the herb or plant referred to, which they universally chew, and sometimes smoke. On his return to Europe, after a long residence in the East, Professor Morse commenced experimenting with this wonderful natural production, and the result of his labors is the Invigorating Elixir, which has been endorsed by the medical colleges of all the great cities of Europe, as the best preparation extant for the

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system:—Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once re-braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. The stooping, trembling victim of depression and debility, becomes a new man—He stands erect, he moves with a firm step; his mind, which was previously sunk in gloom, or an almost idiotic apathy, becomes bright, buoyant, active, and he goes forth refreshed, regenerated, and conscious of new vigor, to his accustomed occupations. Nor is the effect temporary. On the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER,

of the nineteenth century. It is, as the first scientific men in the old world have admitted, that miracle of medicine heretofore supposed to have no existence.

A STIMULANT THAT ENTAILS NO RE-ACTION.

Its force is never expended, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them, "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization. In cases of Neuralgia, headache, loss of memory, hypochondriasis, dyspepsia, general prostration, irritability, nervousness, inability to sleep, liver complaint, languor, albus, and all diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, barrenness, constipation, &c. &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony, absolutely infallible.
It is the only infallible remedy yet discovered for nervous head and mind complaints. It is the mental physic, long sought for, and never before found, the only natural agent that can "administer to a mind diseased." In cases of neuralgia, headache, vertigo, pain in the nerves of the face, and the various train of nervous affections, it will produce a cure in an astonishing short period of time; and it will also remove depression, excitement, a tendency to blush, restlessness, sleeplessness, dislike of society, incapacity for study or business, loss of memory, confusion, giddiness, blood to the head, melancholy, mental debility, hysteria, indecision, wretchedness, thoughts of self-destruction, fear of insanity, &c. It will increase and restore the appetite, strengthen the emaciated, renew the health of those who have destroyed it, indulgence in excess or evil practices.
Persons of pale complexion, or consumptive habits, are restored, by the use of a bottle or two, to bloom and vigor, changing the skin from a pale yellow sickly color, to a beautiful florid complexion.
Mark the misery that never fails to punish the violation of nature's law—punish after function gives way under this delusion. Palpitation of the heart, frequent dizziness, cold and debility, settled weakness, melancholy, religious monomania, heats and flushes of the face on the slightest occasion, a desire that existence should terminate; the stomach is put out of order, the appetite becomes capricious, a train of painful symptoms set in, such as flatulency, constipation, &c., producing night sweats, wakefulness, and torpor after eating, fetid breath, furred tongues, &c.

THE COMMON EXPRESSION.

Of those who have used this Extract is: "I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits—having tried various medicines sold for the same purpose, (different Sarsaparillas,) without deriving any benefit. I had almost given up all hopes of deriving any relief, and when I purchased some of your Cordial, I had no faith whatever of its benefitting me; but it has—I feel stronger, have although "the last three weeks I am satisfied the half dozen bottles I took will cure me."
Another says: "I had consulted several distinguished physicians, some said I could not be cured—others prescribed this thing and that, but I found no relief until I procured some of your Cordial, I must say it completely cured me."
Another says: "I was surprised at the effect your Cordial had. We did not think it before. It would have saved me much expense, besides years of mental and bodily suffering."

MARRIED PERSONS,

or others, conscious of inability from whatever cause, will find this Cordial, after they use a bottle or two, a thorough regenerator of the system. Whereas most of dispensations are a cause of regret, it is of inestimable value. The nature of the maladies relieved by the Cordial are such as to require caution in making mention of the cures out of the question, or the proprietor could produce a host of the most conclusive testimony, to show that the great reputation it has gained, though not ancient, is but fairly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so, but for this extraordinary preparation. And it is equally potent for the many diseases for which it is recommended. Thousands of young men have been restored by using it, and not in a single instance has it failed to benefit them.

OPINIONS OF THE PRESS.
Boston Journal.

A Valuable Remedy—Dr. Morse's Invigorating Cordial. We invite public attention to this medicine. We have recently heard it warmly recommended by many distinguished physicians as the best remedy ever discovered for the speedy cure of diseases of the nervous system, and those arising from a secret habit of youth. These disorders are often rapid in their progress, undermining the constitution, and sinking the sufferer into a fatal prostration or consumption, unless speedily arrested. The above preparation has been recently introduced from Europe, and is the most effective remedy ever known. Dr. Morse's Invigorating Cordial will at once restore these complaints, and save the patient from the dangers that threaten him.

Salem Register.

We advise the young and aged alike, who are troubled with these complaints, so destructive to the mind as well as body, destroying all prospects of future happiness, to try Dr. Morse's Invigorating Cordial. We have known many of its beneficial results in the persons of several of our acquaintances, who, in consequence of the violation of those laws that govern man's social and physical being, were trembling on the verge of a hopeless eternity, and who were truly rescued by a timely use of Dr. Morse's Cordial. (See Adv.)

THE MEDICAL JOURNALS.

Have not, in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after having been pronounced hopeless by medical practitioners of high professional character.
My office having been in a store where this Cordial was kept for sale for over three years, and my opportunities of judging of its effects somewhat numerous, the vastly increasing demand, and that without a single advertisement, tells for itself. I have seen a case of weakness, which had resisted all treatment for over five years, both in this place and in Philadelphia, and the person a fair candidate for suicide, radically cured with one dozen bottles. He had spent hundreds without relief, and was cured with twenty-four dollars worth of Dr. Morse's Cordial. A. KENDALL, M. D.
Dr. Morse—Sir: Some time since you requested my opinion of the virtues of your Invigorating Cordial—I am now prepared to give it. I have had it in my practice and prescribed it for the last few months, and must give it my decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues, and reasonable price at which you sell it. In cases of nervous debility from the effects of medicine, or indiscretion, committed in youth, or the excessive indulgence of the passions, producing general physical prostration, lassitude, want of ambition, fainting sensations, incapacity for business, dislike of society, &c., I am much pleased with its effects and can with confidence recommend it to the patronage of the profession as a valuable auxiliary for removing disease in some of the most troublesome forms, and to all, as a safe and valuable medicine.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—DR. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of disease, and the application of remedies thereto.
Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fever and all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound only, for that is incompatible with Physiological Law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.
Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are admitted, by the faculty, to possess peculiar properties, adapted to female diseases; but being satisfied that a bare trial is sufficient to establish what has been said, in the minds of the most skeptical.
The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

READ THIS—From the Boston Post—BOGLE'S HYPERION FLUID.—We have repeatedly spoken in favor of this celebrated article for the hair, and from the praise of those who have used it, we believe were fully justified in doing so: we therefore cheerfully give place to the following from the agent in Worcester:
"The sale of the Hyperion increases, and, we are confident, will supersede all the other preparations in use. We herewith enclose you a certificate, as one of the many proofs of its entire success:
"This may certify, that nearly eight months since I lost all my hair, and for six months my head was entirely bald; at the end of that time, I purchased a bottle of Bogle's Hyperion Fluid of D. Scott, Jr., & Co., the agents in Worcester. Since then, I have used it regularly, and strictly according to directions, in consequence of which the hair has started all over my head. It is now about an inch long, and growing rapidly. THADDEUS HOSE.

The Stowell Ever Green Sweet Corn.

FROM Seed raised by Prof. J. J. Mapes. This is beyond all doubt the best and most prolific kind of Sweet Corn ever grown. No farmer should be without it. One of the advantages claimed for this Corn by Prof. Mapes is, that it may be kept green and fresh all the year round. Prof. Mapes, in the Working Farmer, Dec. 1851, gives the following directions for preserving the Stowell Evergreen Sweet Corn.
"The ears should be gathered when fully ripe and the husk should be tied at the nose, at the silk end, to prevent drying, when the Corn will keep soft, white and plump for more than a year, if in a dry and cool place. At the dinner of the Managers, after the Fair of the American Institute, last year, we presented them with this Corn of two successive years' growth boiled, and there was no perceptible difference between the two. This year we sent to the Fair one stalk containing eight full and fair ears, and could have sent many hundred stalks of six ears each."
A limited supply of this celebrated Corn just received and for sale by R. E. SELLERS, 57 Wood street.
Price $1 per quart; $2 half peck.

Important to Merchants, Manufacturers Tradesmen and Professional Men.

48 SOUTH THIRD STREET, PHILADELPHIA.
THOMAS B. CALVERT, General Engraver, Embosser and Manufacturer of Dies for Business Cards, Adhesive Advertising Envelopes, Bill Heads and Labels, would most respectfully call the attention of mercantile and professional men to these most important and essential articles.
The Adhesive Envelopes, having name and address, with original design emblematical of the business, conspicuously and beautifully embossed, will be found not only a powerful advertisement, but prevents detention in the Dead Letter Office. These Envelopes have the recommendation and patronage of the Post Office authorities. No business man should be without them—the detention of one important letter probably, causing much greater loss than the expense of the Die.
Business Cards, from the same Dies, in every style. The advertiser invites an inspection of his specimens which will be found splendid. Bill Heads and Labels, also Notes and Letter paper stamped.
Sketches of Buildings, &c., taken from the original, and beautifully executed on Steel or Brass.
The advertiser has now the most extensive establishment in the United States, having secured the services of first class workmen, from De la Rue, London, and other eminent houses. His machinery is now perfected at a great outlay, and he is prepared to execute all orders at short notice. Western agent
