Brig Vermont, of Newport, from Picton for Boston, before reported wrecked, sprung a leak 18th inst, and to prevent sinking was run ashore on Scott's Beach, at the mouth of the harbor of Liverpool, N S, where she now lies afloat. Her hull and cargo, with her spars and rigging, were advertised to be sold on the 17th.

Barque Patodi, Jones, from Providence for Zinzibar, returned to E Hth, leaking badly. Reports, Sept 20, lat 38 06, lon 68 04, had strong gales and a heavy sea, causing the vessel to labor much, and leak freely. At midnight strong gales from SSE, accompanied with sharp lightning and heavy thunder. At noon, the sea being in confused heaps, and running in all directions, caused the vessel to labor very heavily, and increased the leak to one hundred and thirty-seven inches of water per hour. At 4 p m, Sat, the weather became more moderate, but still the vessel continued to leak so badly that it was considered unsafe to proceed on the voyage, she was put away for home to undergo repairs. She was leaking on her return at the rate of 2,200 inches per hour. It is thought that her cargo is not much damaged.

The hull of the ship City of Toronto, from Liverpool for Quebec, fell in the Straits of Belle Isle, and all the goods that remained in her have been sold for account of the underwriters, for £735. The anchors, chains, sails, &c., are on the way to Quebec in schooners.

Liverpool, Sept. 5—All the cotton, consisting of 1088 bales, and about 50 tons and 2000 staves, have been landed from the American ship Lexington, from New Orleans for this port, which is on shore in Brandon Bay.

Capt Johnson, of ship Eliza, at New York, reports on the 19th inst, lat 38.03, lon 60, fell in with wreck of Br brig Nancy, Capt Grant, of and from Halifax (Sept 11) for Porto Rico, which was capsized 16th in a heavy gale from SE; took from her foremast head two O White, 1st officer, and Thomas White (boy) his brother, and brought them to this port.

Barque Flower, at New York, reports, on 20th inst, lat 35.14, lon 73.30, fell in with wreck of ship Floating Zephyr, water-logged and abandoned, foremast gone above deck; and bowsprit, all hanging alongside.

Has experienced a continuation of heavy gales from all points of the compass, from lat 30 to Sable Island, and is leaking very badly. Both pumps are unusable to keep her free. LIGHT! LIGHT! LIGHT!—

THREE CENTS FOR ONE CENT.

KNAPP'S PATENT ROSIN OIL LAMP,—The *cheapest* and *safest* artificial light in the world. The proprietors of KNAPP'S PATENT LAMP do not now hesitate to speak of it as one of the greatest benefactions of the age. It is now *established* that it is *practically* adapted to the burning of ROSIN OIL among all the people. It has for a long time been well understood by all Chemists that Rosin Oil was *five times cheaper* than Whale Oil, Burning Fluid, or other materials producing artificial light, but heretofore, although more than *one hundred thousand dollars* have been expended in Boston in attempts to produce a lamp in which to burn this oil, they have all, from some cause or other, *failed*, and it has remained, as was remarked by the Boston Journal, for A. H. Knapp, from beautifully simple and philosophical principles, easily understood, to bring forward a Lamp *exactly* adapted to burning this Rosin Oil in all styles of Lamps, and for the common use of persons everywhere, at a mere nominal cost, so that *no one can afford it* without it. Besides the above, this Lamp gives *a clear, soft, and steady* a light that persons with weak eyes have no more difficulty in the evening than in the day-time—making it, as several clergymen have remarked, the "student's friend," as well as the mechanic's and manufacturer's indispensable companion.

PENNSYLVANIA COUNTRY MERCHANTS will find it to their interest to call at the Agency, and examine this truly wonderful Lamp. County Rights for the sale of these Lamps in the State of Pennsylvania will be sold on terms so favorable that those becoming interested cannot fail to realize large profits from the business. Agency, 203 CHESTNUT Street, above Second.
