CITY ITEMS.

THE EXODUS TO ATLANTIC CITY.—The several trains which left this city on Saturday for the sea-shore, via the Camden and Atlantic Railroad carried an immense mass of pleasure-seeking humanity to Atlantic City. In the 4 o'clock P. M. train of that day, alone, there were over five hundred persons which, with the large number registered upon the books of the several hotels before, literally filled the city to overflowing—so much so that even floor room sleeping accommodations in almost any of the hotels were at a premium. A large proportion of these Saturday visitors, it is true, were excursionists, intending to remain over Sunday merely, and, accordingly, yesterday morning brought from there a tolerably full train, although the major portion adopted the other and, we think, wiser plan of spending the day in the recreative sports of sailing and fishing, and returning in the train which arrived at Vine-street wharf at 8 o'clock last evening. These excursions are much in favor with our citizens, and, from the number and character of those who are now weekly availing themselves of their advantages, we may safely predict that the day is not far distant when Atlantic City will be regarded as a sort of suburban summer resort for Philadelphians.

THERE is only one way to deal with a stubborn man, which is to overwhelm him with other facts more stubborn than he is. If he thinks that he knows the best tailor in town, whose clothing is of the best materials, inquire if he speaks of Granville Stokes. If he says Aye, why take him at once to Stokes's, No. 607 Chestnut street, and let him buy a new suit. If he insinuates that some other tailor is as good, compel him to go at once to Stokes, where he will find everything to please him, and down at once that he has been stupid and perverse, and did not know what was good for him. Stokes will do that same in short order.

WHAT WE HAVE DONE.—Been to Atlantic City, over the Camden and Atlantic Railroad, spent two days in a pleasant and profitable manner, bathed in old ocean, magnificently attired in one of Sloan's inimitable robes. Aye, all this we have done, and more. Go you and do likewise.

A LUNAR ADVERTISEMENT.—A Californian for mistook a globe lamp, with letters on it, for the queen of night, and exclaimed: "Well, I'm cussed if somebody hain't stuck an advertisement on the moon." Anybody sober enough to know the moon from a green cheese would have known better, just as anybody with half an eye can tell the superiority of the garments made at the Brown-stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

"FROM brightening fields of ether, fair disclosed,
Child of the sun, refulgent summer comes;
In pride of youth, and felt thro' Nature's depth,
He comes, attended by the sultry hours,
And ever-fanning breezes on his way."—
Irresistibly inspiring every one to buy their summer clothing at the "Old Franklin Hall Emporium" of E. H. Eldridge, No. 521 Chestnut street.

MARINE MISCELLANY.

Greenock, June 28—The three masted schr Indian Queen arrived in the river on Friday, direct from Toronto, Lake Ontario, being the first vessel which has made the voyage to Clyde from that Canadian port. She had on board a cargo of flour and grain for Glasgow, whither she proceeded.

June 29—At the wreck of the steamship New York three crews of divers were at work last week, and about one-half of the box and bale goods have been saved. Should the weather prove favorable, it was expected that the whole of this portion of the cargo would be got out in three days more. The ship still held together, and tenders for uprighting and taking her off have been given in to the underwriters.

Lisbon, June 23—The Ella N Badger, American ship, Tarlton, from Liverpool for Calcutta, which put in here May 19, leaky in her topside, commenced discharging June 21.

Hong Kong, May 5—The moon previously mentioned to have been apprehended as the murderers of the captain, mate, and seamen of the Gallant, are in custody in the city. Three of them have confessed their guilt, and the others, it is stated, are undergoing examination. The progress in the case appears to us to be somewhat tardy, as there is a British subject, one of the Gallant's crew, in Shanghae, who has yet to be taken into the city to identify the prisoners. Much credit is due to the Chinese authorities for their exertions in causing the apprehension of the culprits

Faro, June 25—The American barque Paul Boggs, Porter, from Malaga for New York, with lead, wine, raisins, &c. was stranded west of Cape St Mary's during thick weather yesterday, and will have to be lightered.

Special Notices.

Consumption.—How many diseases of debility, incurable by ordinary medicines, are cased by physicians, as well as the public, under the convenient term Consumption! All of them agree in one thing, their fatal tendency; and most of them, in their primary and even secondary stages, may be arrested by purifying the springs of life through the renovating agency of the PERUVIAN SYRUP. Sold by F. BROWN, Fifth and Chestnut, and HASSARD & CO., Twelfth and Chestnut. jy19-d6t w1t

Bower's Infant Cordial.—This invaluable Cordial is prepared from a variety of the most choice and efficient aromatics known in medicine, and is the most perfect and reliable carminative extant for infants and young children.

By its powerful influence a speedy cure is effected in all cases of *Cholic*, windy pains and spasms. Relieves and mitigates much of children's suffering during dentition or teething, and by its soothing properties tranquilizes pains of the *bowels*, looseness, vomiting, &c.

The Infant Cordial has become a standard remedy, and has been used in thousands of cases with the most abundant success. No family should be without it.

SINGER'S NEW FAMILY SEWING MACHINE *is, beyond all question, the most complete article for family use* yet invented, being at once ornamental, easily operated, and superior, in every respect, to any other machine. On this statement we challenge the world
