HOPPER'S PATENT PLANE.

THE undersigned is prepared to supply CARPENTERS, CABINET MAKERS, and Workers in Wood generally, with his Patented and valuable Planes.

All who have tried it pronounce it a most valuable invention, that must soon take into general use. The following letters from practical workmen are but two among many letters the Patentee has received recommending the Plane above all others in use:

PITTSBURGH STEAM CARPET FACTORY,
February 22, 1855.

We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-makers and Carpenters as superior to any other Plane in use. We consider it peculiarly adapted to planing oak, cherry, walnut and all sorts of light work, and for planing veneers, it is far superior to the old mode of scraping, besides being a great saving of time. One man, by using this Plane, will plane more veneers than five men can do by any other plane or method in use. R. H. RYAN & CO.

TO MOSES P. HOPPER, ESQ:

Sir—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-third the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely supersede the former tedious and laborious custom.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, they will find it as well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

JOHN W. WOODSIDE,
Furniture Warerooms, 97, 99 Third st., Pittsburgh.

Allegheny, February 21, 1855.

MOSES P. HAYON, of this city, is my sole Agent for the sale of Planes, or of rights to manufacture and sell them.

LAUNDRY BLUE—The attention of families and wash women is invited to this Blue, which is simply Indigo dissolved, having all its properties retained. The Laundry Blue possesses, over the undissolved Indigo, the advantage of imparting a better color to clothes, of being much more simple and convenient for use, and of being a saving of about one half, owing to the fact that not more than one half of the Indigo can be dissolved by water. It is entirely destitute of any properties injurious to clothes. We would solicit a trial, and warrant it to be as represented. For sale by JOHN HAYS,
