Sewing Machines.

HARRIS' BOUDOIR SEWING MACHINE is offered to the public as the most reliable low-priced Sewing Machine in use. It will sew from six to sixty stitches to an inch, on all kinds of goods, from coarsest begging to the finest cambrics. It is, without exception, the simplest in its mechanical construction now extant, and can be easily kept in order by a child of twelve years of age. The DURABILITY of this machine, and the QUALITY OF ITS WORK, are warranted to be unsurpassed by any other. Its speed ranges from three hundred to fifteen hundred stitches per minute. The thread used is taken directly from the spools, WITHOUT THE TROUBLE OF REWINDING. In fact, it is a machine that is wanted by every family in the land, and the low price of
