SPECIAL NOTICES.

See Advertisement headed Helmbold's Genuine Preparations; they have accomplished the most extraordinary cures of all other similar remedies.

Have you a Diseased Liver?—The question, though startling, is sufficiently suggestive, when the fact is taken into consideration that diseases of the Liver have become most alarmingly frequent in the United States. Indeed, there are few formidable diseases that are not in some way traceable to a deranged state of that important organ. Many of the complaints usually classed under the head of Consumption, have their origin in the Liver. "Any remedy that would insure regularity and healthful action in the Liver, would be a blessing to mankind" has been the exclamation of thousands. That remedy has been found; it is safe and sure. When a fair trial has been afforded it, it has never been known to fail.

Reader, have you any disease of the Liver, or disease which you believe proceeds from hepatic derangement?—Lose not a moment, but purchase a box of Dr. M'Lane's Pills, and they will restore you to health. It is the only remedy yet discovered, in which implicit confidence may be placed.

F. P. Dr. M'Lane's celebrated Vermifuge and Liver Pills can both be obtained at any of the respectable Drug Stores in this city.

☞ Purchasers will please be careful to ask for and take none but Dr. M'Lane's Vermifuge and Liver Pills. There are other Vermifuges and Pills now before the public, but all comparatively worthless.

Headache and Debility—Mr. Silas J. Limoub, of Birmingham, says: "I have found in Boerhave's Holland Bitters a remedy for Headache and Debility. My wife has also used it with the greatest benefit."

Mr. A. S. Nicholson, of Pittsburgh, also remarks that he has experienced much relief from its use for Headache.

Take a half tea-spoonful three times a day, an hour before meals. Eat moderately, and then of wholesome food, and you will find this is really a remedy for Sick and Nervous Headache, Weakness of any kind, Costiveness and Piles. Being perfectly simple in composition, it may be taken without fear by the invalid. Possessing a fine aromatic flavor, it is very grateful to the debilitated stomach.

The Greatest Medical Discovery OF THE AGE.

Mr. Kennedy, of Roxbury, has discovered in one of our common pasture weeds a remedy that cure *every kind of Humor, from the worst scrofula to a common Pimple.*

He has tried it in over sieven hundred cases, and never failed except in two cases (both thunder humors.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples of the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to remove all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst cases of ringworm.

Three to four bottles are warranted to cure salt rheum.

Seven to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a humor it has to start. There are rights and wrongs, humors, ha's about it sometimes cases and not yours. I peddled over a thousand bottles of it in the vicinity of Boston. I know its effects in every case. It has already done some of the greatest cures ever done in Massachusetts. I have it to children a year old; to old people of sixty. I have seen poor, puny, worm looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. Where the body is sound, it work quite easy, but where there is any derangement of the functions of nature, it will cause very singular sensations, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it. On the contrary, when that feeling is gone you will feel yourself like a new person. I heard one of the most extravagant encomiums of it that man ever is heard to. No change of diet is ever necessary—eat the best you can get. I have likewise an herb, which, when steeped, in sweet oil, dissolves scirrhous swellings of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.—Adult, one table-spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, tea-spoonful. No no direction can be made applicable to all constitutions. Take enough to operate on the bowels twice a day.

Mr. KENNEDY gives personal attendance in bad cases of scrofula.

To Mothers, Wives and Daughters.—The noblest discovery in the science of medicine, and the one which has, and will continue to prove, the greatest blessing to the human family, is the medical preparation known as Marshall's Uterine Catholicon.

It is designed to cure the various diseases incident to females, such as prolapsus, pain in the back, weakness, extreme prostration from nursing and a hundred other evils in their train, have almost made life a burden turned existence into a daily and hourly curse. The most enlightened professors of the medical college in the old world, as well as in this country, have held the subject in anxious consideration, and they have finally determined that the old method of treating these as local and superficial diseases was all wrong, and that a constitutional treatment was what was required. It is an old adage, that great bodies move slowly; and while the Faculty were endeavoring to harmonize their views and digest a system for general practice, Dr. Pomeroy, a physician with forty years experience in the diseases of women and children, reduced the theory to simple facts, and discovered a remedy which has cured, and will cure eighteen out of every twenty cases now existing. In some cases where the organs have been ruptured, or where they have been severely injured by bad medical treatment, nothing can be done but to alleviate the symptoms. "No one to Applaud!" said Bichat, the great leader of the English medical school, and, therefore, let no one despair until this remedy has be a faithfully tried. Throw aside prejudice and the advice of an interested physician—resort for yourselves—see what the remedy has done for others, and then go on with a strong faith in the assurance that Marshall's Uterine Catholicon is no "quack remedy," but a scientific combination of medical virtues, which will preserve the constitution from destruction, will arrest the insidious approach of disease, and restore health to the already impaired vital power. Price $1.50 per bottle. Sold wholesale and retail at DR. GEO. H. KEYSER'S Drug Store, No. 140 Wood street. jy2-d&w

DR. LIBBY'S Pile Ointment is a certain cure for that distressing disease, the Piles, in all their varied forms. It has been used for more than sixty years, and has exhibited the most happy effects in all cases.—We publish the following names of gentlemen who have been cured by its use, and who, after suffering for years from excruciating every resource of the medical profession in vain.

Hon. Jos. D. Walcott,	*U. S. Senator from Florida,*
Hon. J. T. Parsons,	*St. Paul, Minnesota,*
Hon. Wm. Thorton,	*Washington, D. C.*
Hon. John Tabb Mry,	*Dep't of Ind. Washington,*
Wm. H. Rogers, Esq.,	*225 Greenwich st., N. York,*
E. Hood, Esq.,	*23 Chambers st.,*
Gen. W. Medill, Esq.,	*Chief of Police,*

The above list might be increased by thousands, but enough has been shown to induce every sufferer to give the remedy a trial. Sold wholesale and retail by Geo. H. Keyser, No. 140 Wood corner of Virgin alley.

Joy for the Invalid.—We out the following from the "Philadelphia Saturday Gazette," and recommend our readers to peruse it carefully, and those suffering should not delay purchasing:

DR. HOOFLAND'S GERMAN BITTERS.—This celebrated medicine, prepared by Dr. C. M. JACKSON, at the imposing German Medicine Store, No. 120 Arch str. et, is exciting unprecedented public attention, and the proprietor, who is a scientific physician, is selling immense quantities of it. The virtues of this remedy are so fully set forth in the extended notice of it, to be seen in our advertising column, that there is hardly any room left for us to speak of it. This much we may add—Of the long train of physical ills to which humanity is heir, there is none more distressing than the general derangement of the digestive apparatus, which none prove so to overpower a disordered state of the liver. Headache, piles, languor, restlessness, a bilious tongue, a morbid breath, loss of appetite—in short, an indescribable wretchedness of exis'ence, are its inseparable and life wasting attendants. These diseases, which have baffled the skill of the ablest doctors, have been really cured by Hoofland's German Bitters.

Lyon's Kathairon.—There is no surer test of the unrivalled merits of an article, than the springing up of countless imitations and counterfeits. This test conclusively proves LYON'S KATHAIRON, for preserving, restoring and beautifying the Hair, to be the finest toilet article ever prepared. Combining all it does the fragrance of the most delicate extracts with the most valuable restorative qualities, it stands entirely without a rival—The ladies have decided that no toilet table is complete without it, and their fine discrimination rules the world. To guard against valueless imitations and counterfeits always ask for LYON'S KATHAIRON.

Liver Disease.—Carter's Spanish Mixture as a remedy for liver disease, and the number of formidable evils connected with a disorganized state of that organ, is unrivalled.

Hundreds of certificates, from the highest sources of per sons living in the city of Richmond, Va., might be given of cures effected by Carter's Spanish Mixture. We have only room to refer to the extraordinary cure of Samuel M. Drinker, Esq., of the firm of Drinker & Merritt, Bookseller, Richmond, Va., who was cured by two bottles of Carter's Spanish Mixture, after three years suffering from disease of liver. He says its action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends it to all. See advertisement.

Reputation in New England.

BEDFORD, N. H., June 9th, 1853.

To B. A. Fahnestock & Co.—

GENTLEMEN—For five years past, I have used B. A. Fahnestock's Vermifuge for an anthelmintic in my practice; my attention was first called to it in a case where I had failed to dislodge worms with calomel, pink and cowhage. A bottle was obtained and used with desirable effect; since then I have prescribed it for hundreds of patients, and in a large majority of cases with complete success. In one case a single bottle of the medicine brought away from one patient *Ninety-Eight Worms*. I have never known it to do harm, and I am indeed to make this statement from an honest conviction that it is the most valuable Vermifuge yet known. Such is my confidence in its "worm-killing" powers, that I recommend it to other physicians for this section, and furnish them with the article. M. G. SAVAGE, M. D.

WELCH & GRIFFITH'S PATENT GROUND SAWS.

HAVING purchased from Mr. Wm. Southwell his Patent Right for grinding circular and other Saws, for which we have paid him a large sum, and we are the sole proprietors of this patent. We will reward any person giving information of infringements on the same.

This is the only Machine ever invented that will grind a Saw perfectly even in thickness.

They will require less set—will not heat while running—will run smooth—save lumber—and keep an edge longer than any other saws mad—and are not liable to become untrue.

All our Saws are made from an Extra Quality of Cast Steel, imported expressly for our own use, at much higher cost than generally used for Saws.

We respectfully invite all manufacturers of Lumber, that no Saw will be sent from this Establishment but what is of superior Steel and workmanship; the Temper will be found more even and uniform than any Saw in us.

Is a certain, safe and effectual remedy

For Dis ease of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Seminal Weakness, Gleet, Strictures, Diseases of the Prostate Gland, and all Diseases of the Sexual Organs, whether in MALE OR FEMALE.

from whatever cause they may have originated, and *NO MATTER OF HOW LONG STANDING.*

This popular and well established remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the disease, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure certain and permanent.

This medicine delays pain and all constitution, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of *Merciless Quacks*, if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing *Safe Cures.*

It contains no narcotic, mercury, or other injurious drug but is a purely *Vegetable Preparation*, it is very agreeable to the taste, creates no pain, pleasant to the taste, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for its use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them, but use this medicine.

With this medicine you can cure yourself, and this preparation will stand the test.

TRUTH MUST AND WILL PREVAIL.

This medicine speedily and effectually cures the most virulent form of venereal diseases, even after the entire effects of infectious matter from the system, rendering the patient to a perfect state of *Health and Purity.* And as a medicine which must benefit every body, from the simply delicate to the confined and desponding invalid, it is equal to be found. It acting both as a *Cure and Preventative* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Pustules, Pimples on the Face, and all Scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that for the last twelve years they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest evidence of their efficacy, the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians of the country, and from the professors of several medical colleges, recommending in the highest terms the values of these medicines and their superiority over all other preparations for such complaints by the profession generally made. Numerous preparations of Sarsaparilla and of Buchu and various modes of preparing them have been given, all of which claim superiority, yet differing in the mode of preparation, which each individual may adopt.

These medicines, from the peculiar care in the preparation and the employment of different menstrua in succession to extract the most valuable properties, are, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the should-be-friendly hand of unskillful pretenders, those unacquainted with pharmaceutical preparations.—It is, therefore, with the utmost confidence that I commit them to the public, and to the faculty that there should be standard preparations, of known strength and possessing the most advantageous. To effect this end and obviate the difficulties alluded to, I have made a number of experiments to ascertain the most valuable mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible menstrua for holding the active principles in solution. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public my Fluid Extract Buchu, or Compound Fluid Extracts, which contain all the virtues of the Buchu, and are compounded in such a manner as to render them more agreeable to the taste, more easy of exhibition, and much more efficacious than any other preparations which have been offered to the public. Each fluid ounce of the Compound Fluid Extracts, which contain all the virtues of the Sarsaparilla, is equal to a pint of the Extract Sarsaparilla, added to a pint of water, as ordered in other medicines, and is equally much more powerful than any other Fluid Extract Sarsaparilla or decoction as usually made.

BUFFALO, September 5.—The Jury of Inquest rendered a verdict this morning. The jury declare that the immediate cause of the running off of the cars was the rear car of the train while backing coming in contact with a pair of horses, driven by Dr. Heniken, said horses being attached to a carriage; that there was not due diligence used by the driver of said carriage; that the engineer of the backing train did not observe the rules of the company and the laws of New Jersey, in reference to blowing the whistle, when approaching crossings; that the conductor is exhonerated from blame, inasmuch as he was acting in accordance with his instruction in the time-table of said road; that the forward brakeman is censurable; that one of the immediate causes of the collision was the carelessness and recklessness of Dr. Heniken in driving his horses on the railroad track; that another immediate cause of the collision was the careless and reckless manner in which the train of cars was proceeding backward, at a rate of speed unsafe and inexpedient; that by the running regulations issued by the company, the possibility of collision between opposing trains on a single track is so great as to prove that some more efficient mode ought to be adopted to prevent a recurrence of the cause which had called this together, and the jury hereby suggest that the life, limbs, and safety of passengers is of more importance than saving a few minutes of time.

The body remaining here has been identified as that of Mr. T. Loveland, of the firm of Green, Loveland & Co., of Laconia, Ill. Mr. Green, of the firm, arrived to-day from Boston, and at once recognized the body.

WASHINGTON CITY, September 5.—In response to the application of the Norfolk Committee the President after consultation with the Cabinet has caused an order to be issued to the commandant at Gosport Navy Yard giving him discretion to close the yard and advance six months pay to the employees who wish to leave.

An order has also been issued to commandants of other yards to make such responses.

It is probable that other suggestions for the relief of sufferers will be made by the executive to-day.

The President could not grant the request of the committee to give up to them Fort Monroe, on account of the time required to remove the troops and residents from the post and there being no other place for a temporary reception, the cabinet, by the President, paid the committee $325 as a contribution for the relief of the sufferers.

PHILADELPHIA, September 5.—During this afternoon a difficulty rose between Robert Dornan, a delegate to the Democratic County Convention from the Fourth Ward and some members of the Fairmount Engine Company, in the vicinity of Spring Garden Hall, where the Convention was sitting. Dornan was assailed and stoned and after having ran some distance to escape, and being still pursued, turned and fired upon his assailants, hitting one of them named Christian Kauch in the breast and killing him instantly. Dornan gave himself into custody and after investigation was committed.

BALTIMORE, September 5.—By the Norfolk boat this mording we have a report that sixty deaths occurred during the twenty-four hours ending at noon. At Portsmouth there were fifteen new cases and six deaths. The doctors report more new cases at Norfolk than any previous day since the disease commenced. De
