A Warning to Boys.—The Painesville (Ohio) [illegible] says: We regret to record the sad bereavement, Dr. W. M. Prentice, has sustained a severe affliction in the death of his little son, Frank. While visiting recently with his grand-parents, in Boardman township, Mahoning county, he was taken suddenly ill, and upon investigation the cause was found to proceed from too violent muscular exertion, he being accustomed, like many other boys, to performing such feats as walking on his hands, standing on his head, &c. He continued to grow worse from day to day, the disease acting upon his physical nature, and, at last, inflaming his brain, until Tuesday of last week, when he expired. A few moments before his death he bade his parents, little sister, and all his friends good bye, and noticing the feelings exhibited by them, he took the hands of his father, and said: "Poor Papa and Mama," and immediately composed himself for that sleep which knows no waking in this world.

CITY ITEMS.

The Noon-Day Prayer Meeting.—The attendance yesterday at Jayne's Hall, compared very favorably with that of last year, when the revival was at its height. This meeting is under the management of a committee of business men, representing the different Evangelical denominations of the Church, and is held regularly every day from 12 to 1 o'clock. It has returned to Jayne's Hall from Sansom-street Church, where it has been carried on during the past year.

First Meeting of the Pennsylvania Literary Union.—The numerous friends of this popular and well-conducted Literary Society will be pleased to learn that their fall and winter season will be inaugurated under very flattering auspices. Their initial meeting of the season will be held at their Hall, Ninth street, above Arch, this (Tuesday) evening. We learn that this association is now negotiating with lecturers of acknowledged talent, for a course of that class of entertainments to be delivered during the coming season.

The celebrated trotting mares Flora Temple and Princess have arrived, and are located at the Suffolk Park Course; are in excellent condition. Look out for a good race and fast time.

Putting an Aurora Borealis in Harness.—During the recent display of Northern Lights, the magnetic wires between Pittsburg and Philadelphia became charged with electricity, and the operators at both ends conversed together without the use of batteries. This, it is believed, is the first and only instance on record, where the Aurora, itself—beautiful, glorious, and mysterious as it has always been considered in its brilliant manifestations—has actually been harnessed up, and been compelled to do the errands of men. The Philadelphia operator took advantage of the opportunity to send the following despatch to Pittsburg: "The best and most elegant garments made in the Union are those manufactured by Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth."

"'Tis education forms the infant mind,
Just as the twig is bent the tree's inclined."

The importance of good precepts is not overrated in the above couplet; but still, precept without example is not of much effect. Hence, we say to the readers of The Press, "do as we do," and buy your clothing at E. H. Eldridge's "Continental Clothing Hall," northeast corner of Chestnut and Eighth streets. A superb stock of ready-made seasonable Clothing is now offered at remarkably low prices.

Mr. E. Meriam, in an article on the late Aurora, says: "The aurora light sometimes is composed of threads like a silken warp of a web; these, sometimes, become broken and fall to the Earth, and possess extraordinary softness, and [illegible] these as the products of the [illegible] of the skies. I have obtained a small piece, which I preserved."

What a pity it was that the same celestial philosopher didn't procure enough to make himself a suit of garments! As it is, however, he can do as other folks, and buy them ready-made of Granville Stokes, the fashionable clothier, No. 607 Chestnut street.

SILVER WARE.

WM. WILSON & SON

Invite special attention to their stock of SILVER WARE, which is now unusually large, affording a variety of pattern and design unsurpassed by any house in the United States, and of finer quality than is manufactured for table use in any part of the world.

Our Standard of Silver is 935-1000 parts pure.
The English Sterling ... 925-1000 "
American and French ... 900-1000 "

Thus it will be seen that we give thirty-five parts purer than the American and French coin, and ten parts purer than the English Sterling.
