

their common country: to meet each other in the spirit of domestic peace and compromise, and to endeavor to live constantly in their minds, whenever assailed by local passions, that truly golden rule, which admonishes us to "do unto others as we would be done by."

**For the Compiler.**  
Mr. Editor:—One of the leading objections to Know Nothingism, in my view, is, and has been, its proscriptive character. Founded upon that plank, it has, at many points to which my observation has extended, carried it into practice. In some of the cities of the Union, where the order acquired the sway of municipal power, men born on other soil, members of a particular church, and adherents of another (the Democratic) party, have been proscribed, ruthlessly proscribed, solely for these causes. Honest, industrious, deserving poor men have been discharged from their places for refusing to vote at the not of some exalted Know Nothing taskmaster, and others kept in their toils by reason of unmanly threats held over their heads. Such a course is despicable in the extreme, and deserves the denunciation of every honorable minded American citizen. And yet it is said that the mania for this kind of proscriptive work is showing itself even in this community—a community in which I had hoped such a spirit would never be manifested. I trust, however, that the evil may be so limited as not to create a necessity for the publication of names and circumstances.

Another word, if you please. The dealing out of advice on political questions from the pulpit has become by far too common in certain parts of our country—much too common for the good of the church or public morality. Political matters are why not better understood by the people of the several parties as by the clergy? Why not, then, leave politics to the clergyman, and let him do his political duty, let him do it anywhere else than in his pulpit. It is altogether out of place there. These remarks are general; but they may have an application in Adams county, and in Gettysburg.

**SPLendid VICTORY!**  
Another "Shriek"—over the left!

The Little Rock True Democrat estimates the Democratic majority in Arkansas at FIFTY THOUSAND votes! As far as heard from, out of twenty-four counties, Mr. James Yell, the Know Nothing candidate for Governor, has carried one. The Legislature stands: Democrats 65, Opposition 10. In the Senate, Democrats 25, Opposition 5. Both Democratic Congressmen are elected!

**The Democratic Harvest!**  
Never before did a party reap such a crop of Victory, as the Democratic hosts have gathered in within a month or two:

**KENTUCKY!**  
**ARKANSAS!**  
**NORTH CAROLINA!**  
**MISSOURI!**  
**TEXAS!**

are safely garnered in by the Democracy, beyond danger of drought or wet, rot or worm. —The Know Nothing Republican pile consists of just two States, Iowa and Vermont. —The election in the latter took place last week, and as far as heard from the opposition have 12,000 majority. It was one of Gen. Scott's four States in 1852, and never had a place in the Democratic books.

**THE UNION MUST BE PRESERVED!**

The Fillmore men of Massachusetts have settled an electoral ticket at last. They are beginning to see that Fremont and the outrageous lies upon which the Kansas excitement is founded cannot defeat Buchanan, so they are determined to take their old tack again. The advocates of the "woolly horse" are in a desperate stew about it, and well they may be, because the step is one of more than ordinary significance.

The Washington Union is authorized to bet two thousand five hundred dollars that the State of Illinois will cast her electoral vote for Buchanan in November next. If the sum be deemed too small, the Union is furthermore authorized to increase the bet to five thousand dollars.

Abraham Miller, committed recently to the Cumberland county prison, charged with the murder of John Kissel, hung himself in his cell on Tuesday morning last, by tying his handkerchief to the grated iron door.

Miss Lindsey, daughter of Mr. Alexander Lindsey, of Cumberland county, was found dead in her bed yesterday morning a-week. She retired the evening before in her usual health.

Holloway's Pills purify the secretions which enter into the composition of the blood, and thus produce a salutary effect upon every organ, for the blood feeds and sustains every fibre of the body. The cures accomplished by the famous remedy are complete, because it expels from the circulation the source of disease. The most protractible diseases are thus relieved, and the most chronic diseases and liver complaint are eradicated by Holloway's Pills, after all the aperients and tonics in their arsenic have been tried in vain. The philosophy of the matter is this: Nature is first relieved of the poisonous influence which paralyze her action, and then assisted in her efforts to regenerate the system.

HOLLOWAY'S PILLS are equally efficacious in complaints common to the whole human race, and in disorders peculiar to certain climates and localities.

**Alarmng Disorders.**  
Dyspepsia, and derangement of the liver, the source of infirmity and suffering, and the cause of innumerable deaths, yield to these curatives in all cases, however aggravated, acting as a mild purgative, alterative and tonic; they relieve the bowels, purify the fluids, and invigorate the system and the constitution at the same time.

When all stimulants fail, the renovating and bracing properties of these Pills give firmness to the shaking nerves and embolden muscles of the victim of general debility.

**Delicate Females.**  
All irregularities and ailments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these pills, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach.
