TRIUMPH OF GENIUS.—Mr. James Willcox, a person of great practical knowledge, and one of the most ardent and energetic business men of our city, has perfected and brought into use, a single-thread sewing-machine, which has evident points of superiority over all others. It is, indeed, a wonderful production, and, for family use especially, no other sewing-machine will bear any comparison with it. It sews the finest as well as the coarsest fabrics, and from its remarkable simplicity and durability, is pre-eminently adapted to family use. No other machine is more tastefully, or faithfully manufactured, and yet it is offered at the low price of thirty dollars. Any article really valuable, is the most economical to the purchaser; this is especially true in regard to sewing-machines, and we are gratified to learn that this little machine, which "never raises a stitch," is coming rapidly into favor.—*Evening Journal.*

As announced by us yesterday, the U. S. steamer Fulton has been totally lost. She went ashore at Santa Rosa Island, near Pensacola. Her officers and crew were saved, fortunately. In another column will be found some account of the Fulton, from the time she was built to the present.

CITY ITEMS.

PATENT POCKET COIN-DETECTOR.—Our Passenger Railroad Companies have been so much imposed upon and have suffered such serious losses by the conductors of their cars being imposed upon with base coin, that for some time past the managers of the various companies have been diligently at work to devise some method by which they can protect themselves from being victimized in this manner.

We are *informed that most of our* city companies have already, or are about ordering from Messrs. Imlay & Bicknell, the publishers of the *Bank-Note Reporter*, one of their newly-invented Patent Pocket Coin-Detectors, for each conductor on their respective roads.

Such a move as this certainly does credit to their discrimination, for no one can see these perfect little instruments without at once recognising their usefulness.

They are just the articles for this, or any other outdoor business; they are so small, and neat, that they can be carried without any inconvenience, in the vest, pocket, and do not require to be placed on a counter or table, but can just as well and certainly test the genuineness of coin by being held in the hand, as any other way.

It always gives us pleasure to bear witness to any new and useful invention, and we have seldom seen anything that has deserved a warmer recommendation than this.

THE EMPRESS EUGENIE, with all a mother's solicitude for her child, has determined that at stated periods the Prince Imperial of France shall doff his imperial robes, and don the plain dress of citizen. In order to bring about this result, we are told, the Paris brought out exact diagrams of his "shape," to be submitted to the "most skilful tailors in the country," for the purpose of procuring a complete wardrobe of elegant winter clothing for his youthful Highness. It is also said that the choice has fallen on E. H. Eldridge, of the "Continental Clothing Hall," northeast corner of Chestnut and Eighth streets.

THE WILLCOX & GIBBS SEWING MACHINE practically demonstrates that *it is not* necessary to pay $50 or $100 for a reliable Sewing Machine. Price $20. For sale, wholesale and retail, at 715 Chestnut street.

THE "COLUMBIAN SKIRT."—The Mexicans gravely assert now that the reason why the North Americans, as they call the Yankee nation, want more territory, is because they need the room to accommodate their wives and daughters with their colossal hoops. The sterner sex dress less extravagantly, especially when they obtain their garments at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

"PERFECTLY TRUE.—A good man, who has seen much of the world and is not tired of it, says: "The grand essentials to happiness in life are, something to do, something to love, something to hope for, and a beautiful new suit of comfortable fitting clothing to wear, from the palatial establishment of Granville Stokes, No. 607 Chestnut street.
