NEW PUBLICATIONS.

FIVE MORE GREAT BOOKS.

GOULD & LINCOLN,
59 WASHINGTON STREET, BOSTON,
Will soon publish the following important and popular Works:

READY FEBRUARY 10TH,

THE HISTORICAL EVIDENCES OF THE TRUTH OF THE SCRIPTURE RECORDS, with Special Reference to the Results of Modern Times. By George Rawlinson, M. A. 12mo, cloth, $1.25.
In the course of the Bampton Lectures has made a profound impression in England, and received the highest praise from critics of all schools. It takes great rank in the department, in which the course of Dr. Mansel, the previous year, in the department of Mental Science. It ought to put forever at rest all doubt of the credibility of Scripture history. The lectures, being more popular in style and varied in interest than those of Dr. Mansel, will attract a large circle of readers. The learned NOTES have been translated by an eminent scholar, and add greatly to the value of the volume.

READY FEBRUARY 15TH,

CHRIST IN HISTORY. By Robert Turnbull, D. D. 12mo, cloth, $1.25.
This able work, on its first appearance, received a cordial welcome from scholars and theologians, as a most important contribution to religious literature. It furnishes a key to all human history by unfolding the true relation of the Lord Jesus Christ to our world, as the Alpha and Omega, the beginning and the end of all things; the moral centre, around which the providential government of God revolves, and towards which all human thought and action converge. The volume has been revised and enlarged for the present edition.

READY FEBRUARY 20TH,

LIFE AND CORRESPONDENCE OF REV. DANIEL WILSON, LATE BISHOP OF CALCUTTA. By his nephew, the Rev. Joseph Bateman. Royal octavo, cloth, $3.
It will at once take rank among the best Memoirs of modern times. Its subject was a great and good man, a foremost leader among the eminent and useful men of this century. The biographer has executed his work with rare ability and discretion, and the reader is brought into acquaintance with the statesmen and philanthropists of England, and with prominent military officers and civilians in India. Life in India, in all its wonderful variety, is finely portrayed, both before and during the past mutiny. The Christian reverence and tone by its earnest piety will render it the more attractive to the wonderful stores of information.

READY FEBRUARY 25TH,

THE PURITANS; OR, THE CHURCH, COURT, AND PARLIAMENT OF ENGLAND, DURING THE REIGNS OF EDWARD VI. AND ELIZABETH. By Samuel Hopkins. Vol. II., royal octavo, cloth, $2.25.
Mr. Hopkins, by general consent, has won a most honorable place in historical literature. His first volume received universal commendation, and in its power of historical portraiture and dramatic narrative was considered second only to Macaulay.
Macaulay and D'Aubigne. The second volume will be found more powerful and fascinating, and will entitle him to a high rank with the masters of American history, Bancroft, Prescott, and Motley.

IN PRESS.

LOGIC. By Sir William Hamilton. Royal octavo, cloth, $2.
Sir William Hamilton has been declared, by enthusiastic pupils the profoundest teacher of Logic since the days of Aristotle, and his Lectures on Logic are regarded in England as more able and exhaustive than his Lectures on Metaphysics. They will give a new impulse to this impor ant study in our own country. The Metaphysics have caused already an edition to be prepared, and been introduced as a text-book into Harvard, Yale, Princeton, Rochester, Oberlin, and other important Universities. feb-vsat

JUST PUBLISHED.

THE A UAL OF SCIENTIFIC DISCOVERY; OR YEAR BOOK OF FACTS IN SCIENCE AND ART, FOR 1860.
BY D. A. WELLS, A. M.
With a Portrait of Isaac Lea, Esq.....12mo, Cloth, $1.25.
Scientific discovery and invention have made wonderful progress during the past year, and one sees instinctively, "Can there be equal progress in years to come?" The Annual for the present year is perhaps the most instructive of the whole series. Among the articles of interest it contains are Mr. Charles Lyell's Address before the British Association for 1859, "On the Geological Age of Man;" a full report of the alleged discovery of the Remains of Man in Geological Formations; Falconer's Report on the Bone Caves of Holly; Fossils; Experiments on "Spontaneous Generation;" and the discussion relative to the same in the French Academy; Faraday's recent Researches on Electricity; Schonbein's new view respecting Ozone and the compound character of Chlorine; Leverrier's supposed new Planet; Geological Development for 1859; Hailey's and the Berlin University Tables of the Population of the Globe, &c., &c. No other single publication, American or Foreign, presents so varied and useful information and its acquisition has become a necessity to those who would acquaint themselves with the changing phases which science assumes with each successive year.

BURNETT'S COCOAINE.
The following testimonial is conclusive of its efficacy in the cure of
DANDRUFF.....Boston, Oct. 30, 1859.
Messrs. JOSEPH BURNETT & Co.:
GENTLEMEN: I have used your COCOAINE about six weeks, and its effect is so marked and extraordinary that I deem it my duty to state it to you.
My Worst complaint for several years has been DANDRUFF, with itching and irritation of the scalp. After brushing my hair, my coat-collar would be covered with the white scales, (dandruff,) which looked like a shower of snow.
My barber tried various applications without effect. His abuse of your COCOAINE, and his obstinate refusal to use it, provoked me to procure it.
I have used less than a bottle. The dandruff, and the irritation which caused it, have entirely disappeared, and my hair was never before in so good a condition.
Your obedient servant, A. A. FULLER.
BURNETT'S COCOAINE.
A single application renders the hair (no matter how stiff and dry) soft and glossy for several days. It is conceded by all who have used it to be *the best and cheapest Hair Dressing in the World.*
Prepared by JOSEPH BURNETT & Co., BOSTON, and for sale by all dealers generally, at 50 cents a bottle. d3t-4sm

It does not interfere with a liberal diet but imparts to a healthy relish for the simplest food, restores the faculty of digestion and nervous and muscular energy to the most enfeebled. We extract a few out of 50,000 cures:
Cure No. 1771. Lord Stuart de Decies, of many years' dyspepsia.
Cure No. 64,846 From the Rev. James T. Campbell, Oldstone, Ballymena, Ireland, dated, Feb. 24, 1859. Gentlemen: I have long known and appreciated the virtues of Dr Barry's Revalenta Arabica Food. At one time I took it for weakness of the chest and lungs. I feel unwell, I take it for breakfast. When taken by itself in this way, it invariably relieves the stomach, and prepares it for other food; while at the same time it gives the patient as good a breakfast as he could desire. In all cases of indigestion, from having eaten what it could not reach them, and the pumps being free to work, it will remedy, in a short time, the most aggravated cases. Recent experience has demonstrated the absolute truth of the testimonials published in favor of this food.
The accommodations for passengers are believed to combine every comfort and convenience that can be desired.
From New York to Southampton or Havre—First Cabin, $120; second do. $75.
From Havre or Southampton to New York—First Cabin, $100; second do. $60 in gold.
