NEW PUBLICATIONS.

HON. ROBERT DALE OWEN'S NEW WORK,

FOOTFALLS

ON THE

BOUNDARY OF ANOTHER WORLD.

SIXTH THOUSAND.

OVER 5,000 COPIES HAVE BEEN SOLD SINCE JAN. 1.

ONE VOL., 12MO. PRICE $1 25.

This work is devoted to an inquiry whether occasional interferences from another world in this life, be reality or delusion. It treats of the phenomena of sleep, dreams, somnambulism. It examines the alleged evidences for presentiments, second-sight, house-hauntings, and apparitions; referring to the most approved modern works on hallucination, insanity, and the nervous system. It inquires whether, when we set down the narratives of all ages (including our own) that touch on the marvels referred to, as mere vulgar superstitions, we are overlooking any actual phenomena.

PART XI. OF CHAMBERS' ENCYCLOPÆDIA—A Dictionary of Universal Knowledge for the People. Price 15 cents.

DOCTOR OLDHAM AT GREYSTONES,

AND

HIS TALK THERE.

One volume, 12mo. $1.

[From The Saturday Press.]

"Throughout its pages there is the glow of Summer sunshine and the murmur of Summer winds. Its feeling is genial. It has a moral tone. Its pictures of domestic life are drawn with sympathy, and therefore with truth. It is written in a terse and musical style."

[From The Church Journal.]

"A quaint volume it is—and a rich and a rare; with abundance of solid meat in it, though sometimes it is not easy to discover the flavor of the meat through the superabundance of the dressing, and spices, and red pepper, and gravy. The Doctor loves to startle, and evidently thinks that a good scare is provocative of thought in minds unused to thinking; and he has faith, likewise—great faith—in the dietetic and other uses of laughing."

REVOLUTIONS IN ENGLISH HISTORY.

BY Robert Vaughan, D. D.

VOL. I.

REVOLUTIONS OF RACE.

Price $2.

In this work, Dr. Vaughan, the Editor of the British Quarterly Review, intends to group together the leading facts of English History, so as to exhibit in a connected view the process by which the nation has been built up. It is a step towards the publication of English History. By the term Revolutions he means the causes and agencies which have chiefly caused changes through which both the Government and people of England have passed during the historical period of their existence.

A work of this kind, "says *Blackwood's Magazine*, "cannot be superfluous, if it be worthily executed; and the honorable position which Dr. Vaughan has earned for himself in both theology and literature gives us a guaranty that this will be the case. To those pages we may honestly recommend the reader, as the fruit of steady and conscientious labor, and as the effect of a liberal and enlightened spirit."

"This treatise," says the *London Athenæum*, "or rather narrative, is deeply and variously interesting. We have read it with the very best quality of intellect, independent thought and accomplished scholarship, it may be pronounced a masterly survey of English civilization from the remotest epoch to the commencement of the fifteenth century. We have found this volume in every way excellent. It is not even a narrative, but a disquisition, learned, genial, critical, and also picturesque.

The *Westminster Review*, the very highest critical authority upon English literature, said of this work, upon its original publication in Edinburgh: "We can sincerely recommend Dr. Vaughan's Revolutions in English History as a thoughtful, interesting, *scholarly* presentment of the chief ethnological events, during more than two thousand years of our British existence."

A GREAT IMPROVEMENT IN PIANOS.

SCHOMACKER & CO.,

1021 CHESTNUT Street, respectfully invite the musicianing public to call and examine their new and successful improvement.

THE PARLOR GRAND PIANO.

Having converted the Tone, Touch, and Action of the Grand Piano into that of a Square Piano, retaining all the objections generally made to the style of Grand Piano, also diminishing the cost of the same, the power, quality of tone, great volume, brilliancy, fullness, depth, and evenness of touch, with exquisite delicacy and sweetness, these

SUPERIOR AND BEAUTIFULLY-FINISHED INSTRUMENTS

are wholly unequalled. They have received the highest encomiums, and are pronounced by critics to be far superior to any instruments ever exhibited. We can sincerely recommend Dr. Vaughan's Revolutions in English History as a thoughtful, interesting, *scholarly* presentment of the chief ethnological events, during more than two thousand years of our British existence.
