IMPORTANT TO CONSUMPTIVES!

DR. CHURCHILL'S DISCOVERY!

THE HYPOPHOSPHITES of LIME, SODA and POTASH,

A SPECIFIC REMEDY FOR THE TREATMENT OF

CONSUMPTION.

THIS new and important Discovery in the treatment of TUBERCLES (Consumption) was made by the celebrated Dr. John Francis Churchill of Paris, and first communicated to the French Academy of Medicine in 1856. It has been adopted and is now used throughout the Continent of Europe with unprecedented success as a cure and preventative of this most formidable scourge of the human race. The Hypophosphites are ordered by the most eminent Physicians of New York, who prescribe it to their patients.

In long as 1855, Dr. Churchill, by a series of scientific deductions, came to the conclusion, that the *proximate cause*, or at all events, an essential condition of Tuberculosis (Consumption) was a decrease in the quantity of the phosphorus it contains in a coagulable state. Hence he drew the obvious inference, that the means of curing the disease consisted in *restoring* the deficient elements.

For this purpose, it was necessary to select some compound of phosphorus which should be at the same time very soluble and assimilable—that is, capable of entering into and forming a part of the system. These conditions were found to exist in the *Hypophosphites of Lime, Soda and Potash*, which seemed best to fulfil the two requisites of *assimilation*, or combination, and *assimilation*. The use of the Hypophosphites above these preparations to have a *two-fold specific action*. On the one hand they *increase the principle*, whatever that may be, which *constitutes nervous force*; and on the other they are the most powerful *blood generating agents* for superior to any hitherto known.

The Physiological effects of their use are shown by an *increase of nervous power* sometimes even from the first day of their administration, together with an *unusual feeling of comfort and strength*. The *appetite* is soon often to an extraordinary manner. The evacuations become *regular and more abundant*; the perspiration, if any have existed, cease; *sleep becomes calm and profound*. All the general symptoms disappear with a rapidity that is truly marvellous.

The *Hypophosphites*, as prescribed by Dr. Churchill, are now for the first time offered in a *chemically pure form* in the United States by the undersigned.

Price $2.00 per bottle, in a *concentrated form*, by mail.—Three bottles will be sent for $5 when ordered by Express. It is also put up in large bottles, *ready for use*, when ordered by Express or private hand. Ample directions accompany each package. Circulars and all desired information may be obtained by addressing (with a stamp enclosed)

Those in want of Pure and Genuine Articles, will do well to give us a call. We guarantee to sell as low as can be bought in this or other markets, and warrant everything to give satisfaction.

We are the sole Proprietors and only Manufacturers of

B. L. FAHNESTOCK'S VERMIFUGE,

AND

DR. R. A. WILSON'S
Tonic, Cathartic and Anti-Dyspeptic
PILLS.

The best cure for worms, either in children or adults, ever offered to the public is undoubtedly the Vermifuge, prepared by B. L. Fahnestock. Thirty years experience in this line of medicine has given a sure guarantee that this is an article every way worthy of confidence. As a cure for worms it claims to be *unequalled*, and as a merchantable article it is prepared and sold as B. L. Fahnestock's and no other, as the proprietors do not wish to have it confounded with any other article of Vermifuge now in the market.

WILSON'S PILLS have had a more local existence for over twenty years, unsupported by advertising of any kind, and held at double the price of what they are now sold at, yet with all these disadvantages wherever used they have in no instance failed to render the utmost satisfaction in performing all the requirements of a *valuable family medicine*, and as such are recommended by some of the most worthy and responsible citizens of the land. Hear for instance what Col. Wm. Hopkins, of Washington, Pa., says, which he others to the trade at the lowest market prices. He solicits an examination of his stock.

Dr. R. A. Wilson, Pittsburgh. Dr.—I have been using your Anti Dyspeptic Pills, when occasion required, for many years, and can truthfully say that I have never found any medicine equal to them in relieving me from affections of the stomach and bowels. They have never failed to relieve me from headache, and have always left my system in better condition than they found it. I must confidently commend your pills as a safe and highly valuable medicine.

Yours, respectfully, WILLIAM HOPKINS.

THE GREATEST

MEDICAL DISCOVERY

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds, a remedy that cures nearly every kind of Human from the worst Scrofula to a common Pimple.

He has tried it in over seven hundred cases, and never failed except in two cases (both thunder humors.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a running ear.

One to three bottles will cure the worst kind of pimples of the face.

Three bottles will scour the system of boils.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humors of the skin.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Two to three bottles are warranted to cure the worst cases of ringworm.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have to rain all the wonderful medicines of the day, as that a common weed growing in the pastures, and along old stone walls should cure every humor in the system, yet it is now a fact. If you have a humor it has to start. There are no kills for nails, humors fly about the setting sunbeams and out pours. I peddled over a thousand bottles of it in the city of Boston. I have its effects in every case. It has a really disease-subduing power never before in Massachusetts. I gave it to children over a year old: to old people of sixty. I have seen poor, puny, wormy looking children in the Hackman's hands, in three weeks, have the blush of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief to catarrh and dizziness. Some who have been costive for years, have taken and been regulated by it. When the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—that always disappears in from forty days to a week. There is never a bad result from it. On the contrary, when that feeling of disease is over you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that man ever listened to. No change of diet is ever necessary, eat the best you can get. I have likewise an herb, which, when simmered in sweetoil, dissolves scrofulous swellings of the neck and under the ears. Price 50 cents. Price of the Medical Discovery $1 per bottle.

DIRECTIONS FOR USE.

Adult, one table spoonful per day. Children over eight years, dessert spoonful; children from five to eight years, teaspoonful. As no direction can be made applicable to all constitutions, take enough to operate on the bowels twice a day.

DR. KENNEDY gives personal attendance to bad cases of scrofula.
