INSTALLATION OF A LUTHERAN MINISTER.—On Thursday evening last, in the presence of a large and interested audience, the Rev. Matthias Sheeleigh was duly installed, with appropriate religious exercises, as pastor of the Trinity Evangelical Lutheran Church, located in Kensington, in the southern rural district of Philadelphia. The sermon was preached by Rev. E. W. Hauser, and the installation service was performed by Rev. W. H. Lochenbach. Mr. Sheeleigh, the newly-elected pastor, is editor of the *Lutheran Sunday-School Herald*, and has only recently located in this city.

THE LATEST NEWS FROM CHARLESTON, we verily believe, is not looked for with more interest by politicians, and mankind in general, than the latest novelties constantly opening at OATHOUT'S, are sought after by women-folks in general, and the ladies of Philadelphia in particular. Their magnificent rooms, under The Continental, are constantly thronged with delighted purchasers, and we meet may this in the departments of ladies' and children's shoes, misses' hats, and parasols and sun umbrellas, their stock is really a marvel of completeness.

CONFECTIONERY FOR MAY.—Some idea of the system and extent of the popular Confectionery House of Messrs. K. G. Whitman & Co., Second street, below Chestnut, may be gleaned from the fact that they not only bring out new styles of their delicious preparations for all the season, but also for each succeeding month. Their tasteful *May* novelties are now ready, and tempting enough they are, so that those who are disposed to "take time by the forelock" will have an opportunity of doing so sensibly by going to their store to-day and securing a May-day bouquet. We know of no better substitute for "May flowers" than these pure and delicious confections. Try our recipes.

FLIES, FLIES, FLIES, have been employed as a medicine from time immemorial. Bower's Medicated Fly are a simple compound of pure senna and the most fragrant aromatics inlaid in the fly, and have proved to be of great service to those affected with habitual costiveness, constipation, sick and nervous headache, dyspepsia and bilious diseases. They are manufactured by G. C. Bower, Sixth and Vine streets, and sold at 37½ cents a box.

MATHER'S PRESERVING POLISH—A complete and thorough substitute for blacking, over which it possesses advantages in every particular. No rubbing is required. The application is made by passing the sponge attached to the cork in each bottle quickly over the surface of the leather, when a beautiful gloss appears, without further trouble. This dries in three minutes, after which a camb'ric handkerchief may be passed over it without soiling it. It retains its lustre from four to seven days. There is no acid in it to injure, but, on the contrary, it preserves the leather, and boots and shoes on which it is used will wear at least one-third longer. Manufactured by Japanese Polish Company, New York. Sold by all druggists, grocers, and fancy goods dealers. Only 25 cents. E. H. Hunt & Co., corner of Fifth and Chestnut streets, sole agents for Pennsylvania.

"FORECAST IS BETTER THAN HARD WORK," for it removes the necessity, as such are invariably industrious, frugal, and wise, always depositing their money in the Franklin Saving Fund, No. 138 South Fourth street, below Chestnut, Philadelphia. It will serve *for them*, by drawing five per cent. interest. This Saving Fund pays on demand in gold, silver, or notes, as desired, and *never suspended*. See advertisement in another column.

L. J. LEVY & CO., 809 and 811 Chestnut street will open, on this morning, one thousand new Organdy flounced Robes, just landed; 42d and 44 cents, greatly below cost of importation. Also, another case of the Anglais at 18¾ cents, and one case double width at 28 cents per yard.

THE ORIGINAL GIFT CLOTHING STORE.—Messrs. Keenan & Wilson have frequently been asked why they do not adopt a Gift Clothing Store. They reply that they have built up their very large business by giving every customer the full value in fine clothing for his money and then give satisfaction. Without resorting to humbug or puffing, at the great Brown Stone Clothing Hall, No. 603 Chestnut street, to sell "quick sales and small profits" is their motto.

BURNS might be brighter, our hearts might be lighter,
And joyous smoothly adown life's brief stream we might glide;
If we could our slumbers, friends growing in number,
Wish but one golden precept forever our guide;
It is but the spirit of self-love to mother,
And in all your transactions be upright and true,
To treat every man you meet as a brother,
And urge him of Stone to buy his clothes, too."

Passenger railway stocks continue to advance. Green and Coates street sold to-day up to 22¾—an advance of one dollar a share upon the closing rates of yesterday. Chestnut and Walnut-street also gained one dollar, advancing to 84. Fairmount and Arch street was firm at 15, and Race and Vine rose to 35. Reading fluctuated between 32¾ and 33¾. North Pennsylvania sold off 1 dollar, to 17. The chattel mortgage tens sold at 90¾—an advance of ¾.

In State and city loans there are no changes. Bank stocks are very firmly held. Union Bank sold at 25¾; Corn Exchange 39¾, Consolidation 23¾, and Manufacturers' and Mechanics' 37.

The New York papers announce the receipt of gold from Philadelphia; and there is a slight tendency to stiffness in our money market, which makes holders of capital a little more particular in their selection of paper, without, however, affecting the rates.

Peterson's *Counterfeit Detector* says that our city has been flooded, within the last few days, with bogus dollars, (large size.) They are good imitations, and very many shopkeepers have been "stuck" with them. They can readily be detected by the absence of the word "Liberty," which is on the genuine, in small letters, on the Indian's head-dress.

Imlay and Bichnell report a very dangerous counterfeit ten-dollar note, purporting to be the true issue of the Central Bank, Montgomery, Alabama: Vig. female and eagle; railroad cars, in the distance, crossing a bridge.
