Proceedings of City Councils.

The regular stated meeting of both branches of Councils was held yesterday afternoon.

SELECT COUNCIL.

Mr. MEGARY offered a communication, asking for damages for the owner of a schooner whose vessel was injured by collision with the city ice-boat.

The medical board tendered the hospital to the use of wounded soldiers.

Various communications asking for relief were received: one from Mrs. Williams, of the First District, whose husband, a policeman, has long been sick.

Mr. HANNOD read a communication from General Wm. F. Small, referring to the vote of $1,000 for the providing of his men. He asked for more money to further provide for them, and stated that $500 would be sufficient for that purpose. General Small also asked that any claims from impressed persons, purporting to be connected with his regiment, be not granted.

These petitions were variously referred.

A remonstrance to lay water pipes in Evergreen and twenty-third streets passed final reading.

The Committee on Girard Estates reported back the petition of Chas. G. O'Neill.

A claim of a certain Andrew Cassin came up, and caused a good deal of unnecessary talk.

The committee on the reception of Colonel Anderson reported that they visited New York and invited Colonel Anderson to this city. Time was allowed for a display commensurate with the soldier-like qualities of the Colonel, but the military citizens of Councils and a reasonably handsome affair resulted. The expenses of the reception were $-N.N.

Mr. FOX asked for the items of the bill, which were given by Mr. Dougherty. The bill passed.

Mr. BERRON made inquiry as to the proceedings of the commission to provide for the volunteers' families. The appeals were said by Mr. McIntyre to average five hundred per day. The city had been distributed, and the matter was going along quietly, but prosperously. Soldiers who had not been mustered into the service of the United States were not to receive anything from the said fund, and a muster-roll must be shown by each applicant, with the names of the beneficiaries' husbands thereupon. Until the city was districted little actual charity could be done.

The committee upon the question of throwing a covered arch or roof-way over Water street, so as to connect the two parts of the Delaware avenue and Dock street market, reported that the said arch would in no manner interfere with travel, and would shelter the people. They reported a bill to build the same at the height of forty two feet at the peak of the arch from the street; said arch to be ninety-eight feet six inches in length of chord, and the ends thereof to rest upon the walls of the market. A proviso in the ordinance authorized the city to have the arch withdrawn at any time.

Mr. WETHERILL, of the Tenth ward, thought the precedent bad; for in passing the bill the city virtually gave up one square of Water street, in such a way as wagons would continually shelter themselves under the roof, and it would become, perhaps a stand for fish and produce-wagons.

Mr. BERRON took issue upon the question with Mr. Wetherill. The latter replied. Mr Bradford and Mr. Neal also made speeches, the latter being of the same mind with Mr. Wetherill. On motion of Mr. Megary the matter was postponed.

A resolution was offered authorizing the chief engineer to allow any steam fire-engine, or engines, of the company to leave the city for Washington, at the request of the Government.

Mr. Fox, in remarking upon a portion of the resolution, stated that certain members who had been timid to vote for a limitation of the fire department, were now consenting to allow certain engines to leave, on the ground of there being too many engines. He understood that the chief engineer, who has been favoring the admission of new companies, was also favorable to these companies leaving.

Mr. MEGARY, BRADFORD, NEAL, and others, made speeches. The resolution passed.

After some unimportant business Council adjourned.

COMMON COUNCIL.

A communication was received from the managers of the Charity Hospital, tendering the use of that institution to the city for the care of the sick and disabled volunteers. Referred to Commission on Defence of the City.

The bill authorizing the Delaware Market Company to extend the roof of their new market house over Water street came up in order, and effected a lengthy debate as to the right of granting the company this privilege. The bill was finally agreed to.

Mr. KEAGY called up the ordinance making an appropriation of $42 500 for the extension of the water works at Fairmount. It was agreed to.

A resolution was presented authorizing the superintendent of the Girard estates, under the supervision of the committee, to make such compromise as Joseph R. Flanigen, occupant of premises on Third street, above Walnut, for his arrears of rent, upon such terms as he shall deem best for the interest of the estate.

The above resolution came from Select Council, and the circumstances which prompted it have more been fully reported. After some debate, the resolution was referred to the Committee on Girard Estate of Common Council.

An ordinance to provide for the payment of without fees in a cow rented election case was agreed to.

The report from Select Council, appropriating $8,000 to pay the expenses incurred in the recapture of Col. Robert Anderson, including bill at Continental Hotel, music, &c., was concurred in.

A communication was received from Col Wm. F. Small, stating that the $1,000 appropriated for the Washington Brigade has been expended. The brigade expect to be mustered into service in a few days. They have incurred several bills, however, and an additional appropriation of $2,000 is asked for.

Mr. MILLER thought the regiment under command of General Small had no more claims upon the city than any other, and for that reason moved the indefinite postponement of the communication to the Committee on Defence and Protection of the City.

Mr. STRAD explained the peculiar circumstances under which General Small proceeded to Baltimore with a mixed and undisciplined regiment, which followed. This regiment, for some reason or other, have been detained in Philadelphia without being mustered into service. The speaker complimented General Small on his desire to see all the expenses of his soldiers defrayed before they left the city. He was opposed to the reference, and trusted the appropriation would be made at once. The troops have been kept together at great expense, and many of them have large families depending upon them.

Mr. HUNTER reiterated on what he considered the merits of Gen. Small in marching his men to Baltimore without proper arms and equipments, and did not think Councils should make a further appropriation. He hoped the communication would be referred to the Committee, and if they gave it proper attention, he thought they would favor the ordinance.

Mr. CRESWELL thought Col Small as brave a man as ever lived. He had seen the communications passed between Col Small and the Secretary of War, ordering him to hold his men in readiness to march, whether equipped or not. He was equal to go at once, and, in the continuous parade, there was not as much forethought exercised as there should have been. Before condemning the course of the Colonel, it would be well for members to investigate the correspondence in his defence. Let us justify his character before the world; he has sustained injury enough.

Mr. STRAD defended Col. Small, and applauded the conduct in so promptly responding to the call of the Government. He was astonished to find that Councils, of the Chamber should think he was less patriotic and to a vote of censure than to a vote of thanks.

Mr. HARDING again repeated the idea that Col Small had acted injudiciously, and was deservedly the object of censure. He was no rebel or traitor, and considered himself as good a Union man as any living slave.

Mr. CASSIDY applauded the course of General Small, and considered he had proved himself a true and determined soldier. He trusted the appropriation would be made.

Mr. MILLER did not doubt the courage and patriotism of Colonel Small, but could not see what particular claim he had upon the city for an appropriation of $2 000 more than any other of our regiments. Such a course would have a bad effect, and would produce insubordination.

Mr. FREEMAN said they ought to have a record, to which they could refer, of the movements of Col. Small, the circumstances under which he left the city, &c., and it was therefore proper to refer the matter to the committee, to be investigated by them, in order to allow members to vote intelligently upon the subject.

Mr. LYND moved to refer to a special committee three from each Chamber. The Committee on Defence and Protection of the City have now as much as they can attend to.

Mr. LEONARD opposed the reference. The men were the occasion of Col. Small have not been mustered in, and therefore are not furnished with rations by the State Government. It was therefore reasonable that the matter should be attended to at once.

Mr. LYND withdrew his motion to refer to a special committee.

The motion to refer to Committee on Defence and Protection was lost.

On the first section of the bill the yeas were 27 nays. No quorum voting, the Chamber adjourned.

Presbyterian General Assembly, O. S.

FIRST DAY.

The General Assembly of the Presbyterian Church in the United States of America (Old School) began its sessions at 11 o'clock yesterday morning, in the church on Broad street, above Chestnut. The edifice was crowded, the business of the opening meeting being to hear the annual sermon by the retiring moderator, Rev. J. W. Yeomans, D. D., of this State.

At the opening of the religious exercises, the Rev. Professor Jacobs, of Allegheny city, offered a fervent prayer for the Church, and for the country, in the course of which he prayed that God would have our momentous spiritual and national affairs in His holy keeping, and that we might be brought to the best means.

The Rev. Dr. Dixon, of Baltimore, next gave us a hymn, which was sung with impressive effect, the entire congregation joining in.

Dr. Dixon then read the seventh chapter of Matthew.

A most earnest, pathetic, affecting prayer was then offered by the Rev. Dr. Spring, of New York, nearly portions of which many of the congregation were affected to tears. The venerable divine dwelt upon the mercies Providence had shown to our fathers and to ourselves, and he exalted the wisdom of the Almighty for all these blessings. He believed that, as miserable sinners, we were but visited by the sufferance of the Almighty. He pleaded especially to the mercies shown to this country, and to the scenes which had be en enacted in Philadelphia during many years of the history of the Confederation.

Towards the close of the prayer, the speaker called in humble supplication, whether God was about to slide his face from us. "O! thou God of the Huguenots, the Puritan, the Scotch and the Irish Presbyter, will Thou now hide thy face from us; will Thy countenance be hidden in the clouds? In the name of Jesus we supplicate thee."

In closing, the speaker prayed that if trouble and war must come upon us, that God would hold the issue in his own keeping, so that his holy name might be exalted. He asked the blessing of God upon the Government, upon the President of the United States, and all others in authority; and he supplicated that the arm of the Government might be strengthened, and that our rulers might have wisdom and power given unto them.

The 65th Psalm was sung, after which Dr. Yeomans proceeded to deliver the annual sermon.

At least of the discourse was John, 18th chapter, 36th verse: "My kingdom is not of this world." The discourse was long and able, and discussed the "world," as the words were used in the New Testament; "the Kingdom of Christ" as antagonistic and dominating over it, finally, and the relations between the world and Christ's Kingdom.

At 6 o'clock the meeting was called to order by Dr. Yeomans, the moderator of the last Congress, who opened with prayer.

The report of the Committee on Commissions was read by Dr. McGill.

The following Committee on Elections was appointed: A. S. Hall, J. M. Brown, and A McClure.

The stated clerk reported that he had heard of the foundation of the Synod of St. Paul, consisting of four Presbyteries, St. Paul, Chippewa, Lake Superior, and Owatowa, by order of the last General Assembly, and of four new Presbyteries, viz.: Wisconda, by the Synod of Mississippi; Toledo, by the Synod of Iowa; Central, by the Synod of Philadelphia; and of Western Africa, in connection with the Synod of New Jersey.

On motion, these were all enrolled and recognized.

The Assembly then adjourned to meet at 3½ o'clock.

AFTERNOON SESSION.

The Convention was opened with prayer, after which the Committee on Elections reported that they have satisfactory evidence of the regular election of the following persons, by the respective Presbyteries, commissioners to this General Assembly: J. W. Yeomans, D. D.; Wm. C. Lawson, elder of the Presbytery of Northumberland; D. G. Bullions, elder of the Presbytery of Albany; Rev. Q. A. Mashmore, elder of the Presbytery of Maumee; James Roche, elder of the Presbytery of New Lisbon; B. W. Slagley, Francis T. Drake, and Joseph H Sheppard, elders of the Presbytery of Long Island; Jno Horn, elder of the Presbytery of Vincennes; A. Wayland, elder of the Presbytery of Wisconda.

The Assembly then went into an election for moderator, which resulted in the choice of the Rev. Dr. Backhus, of Baltimore.

Rev D J. Waller was also elected clerk

Rev. Wm. E Schenck offered the following:

Resolved, That it be the order of the day for to-morrow (Friday) morning, at 10 o'clock, to review the reports of the various Boards and Theological Seminaries, and that it be the order of the day for Saturday at 10 o'clock to hear the reports of the standing committee on the Board of Church Extension; for Monday next at the same hour to hear that on the Board of Publication; Wednesday, that on the Board of Domestic Missions, and Thursday, that on the Board of Foreign Missions

Resolved, That the evenings of the several days on which the above reports from the standing committees are received, be set apart to devotional exercises, interspersed with short addresses having reference to the work of the particular Board that day reported on.

The resolutions were agreed to.

It was agreed that the Assembly sit in the morning from 9 to 1 o'clock, and in the afternoon from 4 to 6 o'clock. The Convention then adjourned. with prayer by the moderator.

The Adams Express in the South.

AUGUSTA, Ga., May 16 —We learn, on authority, that the Southern stockholders of Adams Express Company have taken possession of all the property, privileges, and interests of the company in the Confederacy, and that a new company will be organized in a few days, and the business continued here without interruption.

Soon after his celebrated sparring tour, John C. Heenan received a very tempting offer to connect himself with a money making establishment in New Orleans, which he accepted, and went to that city to reside He had not been there long, however, before the occasion fever ran high among the people, and companies were formed to fight against the Government. When Jefferson Davis was made President of the so called Confederate States of America, Heenan received an offer of a high position in the rebel army, provided he would fight against the Government of the United States He refused the position tendered, and declared that he had fought under the stars and stripes a year ago, and never would fight under any other flag. This offended the rebels and his position was becoming very unpleasant, he left, and is now in Cincinnati. He is expected in New York early in June.

There are estimated to be no less than thirty thousand men in Virginia, exclusive of seventy thousand, armed and equipped, from the Old Dominion.

FINANCIAL AND COMMERCIAL.

The Money Market.

PHILADELPHIA, May 16, 1861.

There was a little more business transacted at the Stock Board to-day. Pennsylvania fives advanced one per cent.; city loans were firm at previous quotations, and the prices for all dividend-paying securities were well maintained. Race and Vine-streets Passenger Railway shares advanced to 5, and Reading Railroad shares to 15¼.

There is little or nothing doing in the money market. The suspension of many houses, and the fears of capitalists respecting others, make it hard to sell paper at any price; but loans may be readily negotiated upon first class collateral at about 9 per cent. per annum.

Philadelphia Markets.

MAY 16—Evening.

There is very little export demand for Flour to-day, and holders are firmer in their views, and about 300 bbls Western extra family sold at $5 37½ ⅌ bbl; some small lots also sold to supply the trade at $5 50@5 62½ for superfine, $5 75@6 for extra, $6 12½@6 50 for extra family, and $6 75@7 25 ⅌ bbl for fancy brands, according to quality. Rye Flour is dull and offered at $3 50 ⅌ bbl, and the demand limited. Corn Meal is quiet, and Pennsylvania rather scarce at $3 87½ ⅌ bbl.

Wheat comes in slowly, and meets with a good demand at full prices: 4 000 bus sold at 137@138c for good Western and Pennsylvania red, 140c for Southern do, afloat, and 140@150c for white, as to quality. Rye is steady, with further small sales of Pennsylvania at 65c ⅌ bus. Corn continues to ruled at previous quotations; about 10,000 bus sold at 63c for prime Southern afloat, 60c for fair quality, and 61c for some in the cars. Oats are steady, and 2 500 bus were dispensed of at 36@37c for Delaware and Pennsylvania, in the cars and afloat.

BARK.—Quercitron is more active, and about 50 hhds let go, 1 ton at $26 ⅌ ton.

COTTON.—The market continues at a stand-still, and holders are firm in their demands.

PROVISIONS.—Very little doing in the way of sales, and no change to note in prices.

PETROLEUM.—The market continues inactive, without any change in quotations, and a small business only to note.

WHISKY is dull and lower; bbls selling at 16@17c, drudge 15c@15½c, and hhds at 17c.

CITY ITEMS.

TO CAPITALISTS.—It will be seen, by reference to our advertising columns, that an opportunity is offered to a person with capital, to manage and control a country Bank, in the interior of this state. See advertisement.

GENTLEMEN'S FURNISHING GOODS.—We invite attention to the splendid and always varied stock of gents' furnishing goods manufactured and imported by Messrs. R. C. Walborn & Co., Nos. 5 and 7 North Sixth street They have just opened a number of choice new things for the season, which the buying public will be sure to appreciate. They keep only the best goods, and sell at very moderate prices.

IMPORTANT OPINIONS.—President Lincoln's health is reported as good, in spite of his worriments and vexations. General Scott seems troubled with a variety of ills, but the old hero bears up manfully, making his camp bed an extempore office when the twinges of disease are unusually sharp. These distinguished gentlemen have both announced as their opinions that the best and cheapest clothing, either military or civic, can be procured at the one price Gift Establishment of Granville Stokes, 609 Chestnut street. Every purchaser is presented with a useful and handsome gift.

GIVING THE SOLDIERS FITS.—Some of the clothing furnished to the volunteers were very peculiar in respect to fit; the pantaloons was a mile too big for those who received them, and search warrants were in constant demand for several days to hunt up absent men, who were subsequently discovered and rescued from graves of cassinet; while, on the other hand, some of them did not reach half way below the knees. This prodigious arrangement of making large men fit small carcasses, and compelling small ones to mount large clothes, is in strong contrast with the plan pursued at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth, where every article is made precisely to fit the person for whom it is intended.

SPECIAL NOTICES.

OFFICIAL.

TREASURY DEPARTMENT, May 11, 1861.

SEALED PROPOSALS will be received at this Department until twelve o'clock noon of Tuesday, the twenty-first day of May now current, for the remainder of stock of the United States, to be issued under the act of Congress approved 8th of February last, amounting to eight millions nine hundred and ninety-four thousand dollars. This 8t. ck will bear interest at the rate of six per cent per annum, payable semi-annually on the first days of January and July, in each year, and will be reimbursable in twenty years from the first day of January last.

The proposals must state the sum offered for each hundred dollars of stock, and must be for one or more thousands of dollars, without fractions. One per cent. of the amount offered must be deposited with the Treasurer of the United States at Washington, or with an assistant treasurer at Boston, Philadelphia, or New York, subject to the order of the Secretary of the Treasury; and the certificate showing such deposit must accompany the offer. The act reserves to the Secretary the right to decline bids not regarded as advantageous to the United States.

The amounts payable under the accepted offers for this loan must be deposited with the Treasurer of the United States, or an assistant treasurer at Boston, New York, or Philadelphia, on or before the twenty-fifth day of May, now current; but if any accepted bidder shall desire to deposit at any other point, his request will be considered.

On the receipt here of the proper certificates showing such deposit, certificates of unscribed stock will be issued to the successful bidders or their assignees for the amounts to which they may be entitled, in sums of one thousand, five thousand, and ten thousand dollars each, as may be required. Inscribed stock so issued will carry interest from the date of such deposit, and will be transferable on the books of the Treasury, agreeably to the regulations of the Department.

Should any accepted bidder desire certificates of stock with coupons of semi-annual interest attached thereto, they will be issued accordingly, in sums of one thousand dollars each, with coupons attached for interest from the first day of July next. Such coupon stock instead of being transferable on the books of the Treasury, may be assigned and transferred by delivery. The interest on such coupon stock from the date of the deposit therefor to the first of July next will be paid on that day to the accepted bidder, or his assigns or attorney, by the depository with whom the principal was deposited.

The proposals under this notice should be endorsed on the envelopes "Proposals for Loan of 8 h February, 1861," and addressed to the Secretary of the Treasury; or they may be put under cover to the assistant treasurer at New York who will forward them to the Department. They should be sent in season to be opened and decided at the time above stated.

The preliminary deposit of one per cent. required from all bidders will be included in the final deposit of successful bidders, and will be directed to be immediately returned to unsuccessful bidders.

S. P. CHASE,
Secretary of the Treasury.
