FINANCE AND TRADE.

SATURDAY, May 5, 1866.

The course of the market throughout the week has been steady, with but little change in quotations for home stocks. Gold has fluctuated between 124¼ and 128 in this market, between 125 and 129 in New York, closing this (Saturday) evening at 127¼.

Governments have been firm and closed higher. The expected influx of gold-bearing bonds from Europe did not occur to any alarming extent. The foreign exchange houses who sold short largely in Five Twenties in anticipation of large amounts being returned were compelled to buy in at a considerable advance. The influence of the new five per cent loan favors higher rates on the six per cents, especially the 6's of 1881, which have risen from 105 to 109 during the month. Five Twenties are selling at 102½, ex-May coupon. Seven Thirties at 102, the New York rates to-day, and are not plenty in this market. The abundance of money in the east will prevent any immediate decline in these securities.

Bank stocks continue to be closely held. The transactions during the week hardly suffices to make quotable rates. The dividends by those which pay in May and November, keep well up to former rates, and will help to keep bank stocks where they have for many years been in Pittsburgh, the most desirable investments. Nothing doing in Insurance, Railway, Gas or Bridge stocks. The latter are considered to good to lose hold of; the former are not sought to any extent at present, save at a decline from rates once current. There is no movement in oil shares, save and enquiry now and then for Columbia at $18@19 per share.

—In regard to the late failure of Culver, Penn & Co., *The New York Journal of Commerce* learns from a Washington correspondent that the gentleman appointed by the Treasury Department to look into the condition of the national banks of North Western Pennsylvania, has completed his examination, and made report to the Comptroller of Currency. From the accounts of this office, it would appear that the National Bank of Crawford County, at Meadville, and the Venango National Bank, at Franklin, have lost about one million of dollars by the failure of Culver, Penn & Co., of New York, and, being unable to redeem their currency, will both have to be wound up by receivers. Their circulation being large, and probably double their available assets, the loss to bill-holders and depositories will be heavy. Both were originally State banks, and had been recognized national banks, having deposited $100,000 each, of Government bonds with the United States Treasurer. The bank at Meadville had not reduced its State issues to the point to justify the Comptroller of Currency in furnishing it with national circulation, which the Venango Bank had obtained from the fact of its State notes being in part protected by a deposit of bonds with the State Treasurer at Harrisburg. Far as they go, the deposits of these bonds with the United States Treasurer will be applied to the redemption of their paper, which in the vicinity of these banks is rated at about 50 per cent discount. The national currency of the Venango Bank will be redeemed in full, while the value of its State issues will depend upon the character of its securities lodged with the State Treasurer, and the worth of its other assets. The Hon. C. P. Culver, who is a member elect to the present Congress, from the Meadville district, but who has never participated in its proceedings, was head of the banking house of C. P. & Co., in New York, and was generally supposed to have amassed a considerable fortune within a few past years. He was formerly principal owner of the stock of these banks, but disposed of his interest to purchasers having confidence in his ability fully to provide for, and in the belief that ample provision had been made to redeem, the outstanding circulation. He had, however, embarked in wild speculations, and became much indebted to the Government, whose drafts his house proved unable to meet. Hence the downfall of the house in New York, and the consequent failure of these and other banks with which his interests were identified, but which had not become national institutions. The house of Culver, Penn & Co. have made an assignment, but we learn that the head of the house indulges hopes of effecting some arrangement whereby all his creditors will agree to release him from the obligations of the transfer and indulge him with time and the opportunity to settle up the affairs of the firm, which he urges can be done more satisfactorily by himself than by others.

—The Philadelphia *Ledger*, of Friday, comments on Senator Sherman's new five per cent loan bill as follows:

Senator Sherman brought before the U. S. Senate, on Wednesday, the new five per cent loan bill, which has been the subject of discussion in financial circles for a fortnight past. In introducing the bill Mr. S. said it had been prepared by Mr. McCulloch, and already partially considered by the Finance Committee. The bill, it will be seen, proposes the consolidation of the whole public debt at a reduced rate of interest—five per cent—and contemplates the exemption of the same from taxation. The projectors purpose to have it run for thirty years, and not to be put on the market at less than par. This is the difficulty in the matter. There will be opposition to exempting the loan from tax, and without such exemption there may be difficulty and delay in selling it at par. The arguments put forward in favor of this consolidation scheme and the reduction of the rate of interest is a saving of one per cent per annum, which on two thousand millions of debt, calculated annually for thirty years, amounts to eight hundred millions of dollars. And in thirty-six and a half years, at compound interest semi-annually to $2,050,557,200. From this statement it appears that the annual saving of interest which would be effected by the change from 6 per cent to 5 per cent would give us a sinking fund which would *pay off the whole of our national debt in thirty-six and a half years*. The bill seems to be received with favor except on the single point of exempting it from tax. To make classes in bearing the burthen of our debt is unpopular, and, as it affords a theme for the declamation of demagogues, such a feature of law, if enacted, might not command the necessary confidence in its permanence to give the project success, however plain its ultimate advantage to tax payers might be made. But if the Secretary of the Treasury is really in favor of the proposition, as is claimed by some of its friends, and gives to it an earnest support, there is a strong probability of his commanding for it the favor necessary to give it success, for it cannot be questioned that he enjoys the confidence of the country in the administration of his office to a degree unsurpassed by any of his predecessors.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, May 5, 1866.

The produce markets have ruled firm and moderately active throughout the week which has just closed, and in some few articles, Flour and Provisions particularly, there has been, and still is, considerable excitement, and prices have still further advanced. Potatoes, also, owing to a material falling off in the arrivals, and improved demand, are selling at an advance. In other articles, there has been no changes worthy of special notice.

ASHES—Pearls firm and in good demand but unchanged; sale of 13 tons at 12. Soda Ash is quiet; sale of 5 tons common at 5¼; Refined is quoted 6¼.

GRAIN—Wheat is firm, and there is but little offering; Club is held at $2@10. Oats steady; with sales at 60 on track, and 63@65, from store. Corn is in demand, and the supply is light; may be quoted at 80 to 85 from store. No movement in Rye or Barley.

FLOUR—Is very firm, notwithstanding there is no material improvement in the demand, and the arrivals, both by rail and river, increasing. We can report sales of 200 barrels Spring Wheat—"Bartlett" and "Ford"—at $10¼, and 400 bbls Winter Wheat at $11,50@$12 per barrel.

PROVISIONS—Bacon is firm with a fair jobbing demand, and the stock in this market is light. We continue to quote at 13¾@14 for Shoulders; 16@16¼ for Ribbed Sides; 21@21¼ for Plain Sugar Cured Hams; and 22¼ for Canvassed ditto. Lard is held firmly at 21¼, and Mess Pork at $30@31.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE, SATURDAY, May 5, 1866.

CRUDE—The Crude market was remarkably quiet to-day, the transactions being comparatively insignificant, but there is no change to make in quotations, and we continue to quote at 14, bbls returned, and in bulk, and 19, bbls included—some holders asking the even 15 and 20 cents, but, thus far, no sales have been made above our quotations (except for heavy gravities, which sold at 14¼@14½. We have but three sales to report to-day, 1500 bbls, in bulk, in three lots of 500 each, all at 14 cts. The advices from the east were not very encouraging to-day, the Philadelphia market being reported quiet and weak, owing, we presume, to the decline in gold. The advices from Oil City, however, report Crude very firm, both at that point and at the wells, and it is claimed that the stock is very much reduced. One dispatch early in the day quoted at $4,75 per bbl at Oil City, while, later in the day another telegram quoted at $4,90.

REFINED—There was less excitement in the market for bonded oil to-day, owing to the unfavorable character of the advices from the East, but notwithstanding the demand was not so active, and the transactions comparatively light, prices have undergone no quotable change. For Philadelphia delivery, quotations may be fairly given at 41@41½ for May; 42½@43 for June; 44½ for July; 45½@46 for August; and 47@48 for September. Sales of 1000 bbls, buyer's option, for June, at 43; 500 for July, sellers option, at 44½; and 500 for August sellers option, at 45½. The market has been firm and active throughout the week, the transactions being the heaviest during any one week this season, and a material advance has been established, which refiners expect to maintain, and some entertain hopes of a still further advance before many days elapse. In free oil there is next to nothing doing—but one sale reported during the week, 50 bbls at 52, though it is now held higher.

RIVER, WEATHER, ETC.

Since our last, the river has receded about four inches, and there was five feet scant in the channel by the usual marks at dark last night. The weather still continues cool, and yesterday morning there was every appearance of rain, together with a slight shower, but towards evening it became perfectly clear and the sun shown out in full force. Business at the landing is very dull, and freights are becoming lamentably scarce.

The Argonaut, from St. Louis, is the only transient arrival. She brought up a fair trip. The Charlie Bowen, Thayer & Noyes Circus boat, arrived yesterday, and is lying at the foot of Pitt street. Her entire business is to carry the circus around from place to place.

The Importer, Capt. John Noss, left St. Louis for this port on Thursday last.

The Glasgow, Capt. Geo. W. Johnson, is the next boat due from Cincinnati. She should be here to-night.

There was but 26 inches of water reported on "Charlie" on Saturday, and the navigation of the Allegheny river may be considered as being virtually closed. The boats are beginning to lay up for more water.

The Robt. Moore, Capt Dan Marratta, is loading for Cincinnati, Louisville and Nashville, and is announced to leave on Tuesday.

The Armenia, Capt. McCallum, is now loading for St. Louis, and will leave with dispatch. The Leonidas, Capt. Cox, is also announced for the same point. They are both large and commodious boats, and are officered by men of experience and popularity.

The Citizen, Capt. John M. Hare, is loading for Missouri river, and will leave on Tuesday or Wednesday.

The Messenger, Capt. Jesse Dean, is receiving freight for New Orleans, and will leave have dispatch.

The Emma Graham, Capt. Stull, will be found at her usual place at the landing this morning, and will leave on Tuesday evening for Zanesville.

The Emma No. 3 arrived at Cincinnati on Friday, with 650 tons of freight, including eight hundred barrels of petroleum and left the same evening for St. Louis. The Kate Putnam and Kenton were advertised to leave Cincinnati for Pittsburgh on Saturday.

The Louisville *Courier*, of Friday, says:

The famous towboat Antelope came in from Pittsburgh on the 1st, with a tow consisting of 100,000 bushels of choice coal for the southern market, all of which was safely delivered below the falls.

The Antelope, with an addition of one pair of large barges to her fleet, started to New Orleans yesterday, having an immense amount of coal, some 116,000 bushels in tow. That is one of the heaviest tows that ever started South.

Congress has passed a bill for the improvement of Western waters. Among the items of general interest we notice the following:

For improving the mouth of Mississippi river, $75,000; for improvement of the Mississippi, Missouri, Arkansas and Ohio rivers, $[illegible]; for Rock Island rapids, Mississippi river, $100,000.

We clip the following items from the Louisville *Courier*, of Thursday last:

A disaster occurred at the falls Tuesday evening, during the prevalence of the high wind. The towboat Dick Fulton, with several barges of coal in tow, for McDonald, of Pittsburgh, lost one in the waves. She had laid by in the eddy awaiting a lull of the wind, and on starting out again the waves caught the barge, breaking it in two, and all the coal was sunk on the falls. It contained some 10,000 bushels.

The falls passage was called into use all day yesterday, by the coalboat fleet from Pittsburgh—all of which managed to get over, though rather close work in some instances. By this morning the water will be too low to the coalboats to go down, or for steamboats to ascend the middle chute, and the canal will again be called into use.

The towboat Rover, from St. Louis, ascended the falls yesterday with a fleet of empty barges in tow, bound for Pittsburgh.

All Diseases of the Lungs

A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP.

PITTSBURGH, January 11, 1860.

DR. KEYSER:—My wife has been afflicted with bad cough and difficulty of breathing for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your PECTORAL COUGH SYRUP. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire so.

WM. WILSON,
Alderman, Fifth Ward.

READ THE TRUTH.—DR. KEYSER:—I have a daughter who has taken several medicines for a bad cough without benefit, among them Ayer's Cherry Pectoral. I purchased from you a bottle of your Pectoral Syrup, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

PITTSBURGH, April 24, 1857.

JOHN DARIN,
Robinson street, Allegheny.

PITTSBURGH, December 31, 1851.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county. I had a cough and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your Pectoral Cough Syrup, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE,
Peebles township.

Witness: R. M. KERR.

PATTON TOWNSHIP, April 14, 1843.

A WONDERFUL CURE.—Some time ago an old neighbor of mine was very ill with a bad cough and every one supposed to be consumption. His relatives told me that he had taken every remedy they had seen, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What made the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN McGINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable Pectoral Syrup. Almost everybody around us has the cold, and are now enquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles the last week, and are now entirely out. Mr. A. Alter and Mr. P. Maher, both of Blairsville, Pa., told me they would not be without it in their families. In fact, all who use it once want it again.

Yours, respectfully,
J. S. WATTERSON & SONS.

January 20, 1860.

PITTSBURGH, November 18, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your PECTORAL SYRUP. As a medicine, it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold. I have been, more or less, in my life, affected with throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely. In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

STEUBENVILLE, Ohio, March 14, 1860.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. It knocked the noise out of me. I have not used more than one-half of a bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for all consideration, or at any cost. I am confident I can not be more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard as you think proper.

E. F. PRATT,
Messenger Common Council, Pittsburgh, Pa.

N. B.—I am no stranger to my fellow-citizens, and all who entertain doubts can consult me personally.

ANOTHER NEW CERTIFICATE.—DR. KEYSER'S PECTORAL SYRUP.—I had been troubled with a cough and cold for several weeks—so bad that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely.

(Signed) J. W. SIMONTON,
No. 240 Liberty street, Pittsburgh, Pa.
January 9th, 1860.

"STOP THAT COUGHING."—"How can I do it?" "Go to Keyser's, on Wood street, and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears every day in cold-catching periods of the year. And we can, from actual experience, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact, it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the siege, we coughed our way to Keyser's, No. 140 Wood street, procured a fifty cent bottle of the "Pectoral," took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief, but unequal conflict with so formidable an adversary as Keyser's famous Cough Pectoral.—*Brownsville Clipper, Dec. 14, 1859.*
