A STRANGE AFFAIR.—Yesterday morning Mr. Wallace and James Dunn were before Alderman Fitler, under the following circumstances: It appears that a number of the recent Legion Regiment, on Thursday night proceeded to the neighborhood of Twenty-fourth and South streets, for the purpose of taking leave of some friends. He was standing at a door-step, conversing with a young lady, when Dunn came up and ordered him away. Wallace refused to go when Dunn struck him over the head with a severe gash. Wallace drew a pocket-knife, indicting a serious stab in the side of the parties were arrested and taken before Alderman Fitler. Yesterday morning they were held for a further hearing.

ACCUSED WITH SHOP-LIFTING.—A woman calling herself Mary Small, went into a dry-goods store in Ninth street, above Market, on Friday afternoon, under the pretence of purchasing goods. While engaging the attention of the proprietor and clerks, she picked up a roll of muslin and secreted it about her person. She was arrested and committed for trial by Alderman Brazier.

ARRESTED WITH WEAPONS.—Yesterday morning a boy, while escorting a drunken man through Second and Chestnut streets, made a narrow escape from being shot. A pistol dropped from the pocket of one of the party and exploded, the ball passing through the officer's pants and grazing the skin.

A NEW IMPROVEMENT.—A row of twenty-two dwellings are now being erected between Fortieth and Forty-first streets, and Pine street and Darby road, Twenty-fourth ward. They will be a great improvement in this locality.

ARRESTING AN ALDERMAN.—A man named Mc. Kelland was committed to prison yesterday morning to answer the charge of a severe assault and battery on Alderman Clark.

DEATH'S CASE.—Yesterday morning the body of a new-born child was found in a cesspool on Sixth and Pine streets. The coroner took charge of the body.

Affairs in the South.

The following letter from Mobile was received by a merchant largely interested in the iron trade:

MOBILE, May 8, 1861.

DEAR SIR: I have your letter of the 1st, received yesterday of my note due on the 20th, and make to say we are not permitted to remit. The paper till the war is ended, and there is no selling exchange; it is as much a country and residence is worth to remit to the North, at this time, and I really cannot tell what to expect us to. Our ports are all closed, no commerce stopped, and trade ended, and troops stationed all through the country. We have sold nothing, nor collected a dollar and fall accounts, not even enough to meet expenses; and what money we have goes for bread and butter at the enormous prices. The stopping of trade has caused dealers to run all kinds of provisions. I regret to lose this opportunity I have I will remit the money. Yours, very truly, *

COMMERCIAL AND COMMERCIAL.

The Money Market.

PHILADELPHIA, May 24, 1861.

The trouble in the South has produced no effect in the market. We have to note a continuing easy feeling, and the transactions for the morning show but a little fluctuation. The vigorous measures of the Administration for the suppression of treason in the South, as manifested by the occupation of Maryland and the Virginia heights along the Potomac, tend to the confidence of the business and moneyed men.

The Reading and Vine-streets Passenger Railway was made, but at previous quotations. The Reading Railroad improved ¼. City issues were unchanged. Camden and Amboy Railroad stock and the Lehigh Navigation prices have not changed.

The news, which arrived at Cape Race last Saturday, have advices from Liverpool to the 11th, when the cotton market exhibits a declining tendency, in consequence of efforts in America evidently dealers and speculators cautious in their transactions. The prices for the best qualities of cotton are at about ¼d. lower. The Liverpool and Manchester men do not as yet appear to the fact that the blockade of Mr. Lincoln is not effective as far as it relates to the ports. From Liverpool, we learn that the corn market is firm, corn alone exhibiting a tendency to advance. The Southern staples in good price were steady, although holders are asking news from America with a view to advance.

The money market was unchanged. There is a heavy drain of gold to America, the shipping £800 000. Consols exhibited a decline, closing at the last report at 91¼@91¾ for money, and 91¼@91¾ for account. United States securities had advanced. In American stocks there was no perceptible change.

The coal brought down by the Reading for the week amounted to 38,106 tons; previously it had brought down 38 525. The bituminous coal trade will be about 4 000 tons. The anthracite has brought down 33 680 tons; previously, 31 612—increase 2 068 tons.

The decrease in the amount of coal shipped over the Philadelphia and Broad Top Mountain Railroad for the week ending Wednesday, May 22, 1861, and since January 1st, 1861:

	Week.	Previously.	Total.
Tons	1,724	12,157	13,881
Cwts.	3,638	54,624	58,262
Decrease	1,724		
Tons	6,415	4,021	

Inspections of Flour and Meal in Philadelphia for the week ending May 23, 1861, were as follows:

Barrels superfine	100
Barrels of superfine	12,206
Barrels fine	267
Barrels middlings	65
Barrels fine meal	17
Barrels Corn Meal	1,215

CITY ITEMS.

MECHANICS' HALL.—The Rev. Mr. Ward, of Virginia, is to be undervoted, will preach in Mechanics' Hall, corner of Fourth and George streets, to-morrow afternoon at 3½ o'clock. Before the sermon, he has consented to give his lecture on the question of Secession. It is hardly necessary that his views upon that disreputable subject, although a native of Virginia, he is understood to be fraught with interest.

CONFECTIONERY.—To our own citizens we need only say that the finest, richest, purest of all respects the choicest confections are those of Charles M. Whitman & Co., second street, below Market, one of the most extensively engaged in this manufacture than any other house here, they are delicacies, and it seems to be their special study to please every day with some novelty in preparation for the season. The present has been very fruitful in this respect, as the latest. Go and examine for yourselves.

PURE AND SPARKLING SODA WATER.—Of a cool, refreshing, and very hand, that the Soda Water made by Charles M. Brecker, at his first class store, No. 10 east corner of Broad and Chestnut streets, is the finest beverage in the city. The Pennsylvania Assembly have largely honored the fountain during the present week, and the ladies have much pleased with the delicious beverage.

THE MILLION.—By these times, when economy begins to commize, the question of Cheap Dry Goods is a matter of moment. Messrs. Thomas Kence and Williamps are as convenient as ever, and much cheaper. Their stocks are at the fifth street corner of Filbert, embraces a variety of goods, unquestionably, the greatest in the city.

THE ESSENCE OF JAMAICA GINGER.—We call the attention of our readers to the advertisement of this remarkable remedy, which, independent of its being a very household, should commend itself to our brave volunteers. It is easily and would be the means of saving life, as a little water restores a soldier who has fainted from fatigue or exposure to the sun, relieves the distress of the stomach and bowels, and as a tonic of one of the regiments now on duty at Harrisburg says, "He would as soon go to the battle without his cartridges as without F. Brown's Essence of Jamaica Ginger."

HATS.—The war feeling has absorbed the most industrious local item in our paper, and the material for a paragraph, and as for a sensation item, it is out of the question. It is a matter of fact that we can record is "That Cheapest, and most durable clothing can be had at the new and fashionable depot of Granger, 603 Chestnut street." This is the only establishment in the city where purchasers are presented with gifts.

ATTENTION, VOLUNTEERS.—A few men are wanted immediately, to fill up several companies of Colonel R. G. March's regiment, which will be positively sworn in on Monday morning. Men who are to volunteer can depend upon this as being no discretion. Apply at 431 Chestnut street, over Fancoast's auction store.

THE DEPARTURE OF THE SCOTT LEGION.—The Scott Legion Regiment marched to Suffolk Park yesterday morning. They attracted a great crowd of spectators, who applauded and cheered them at every step of their progress. The men in the ranks are a hardy-looking set of fellows. The officers presented a very elegant appearance, as most of them wore handsome dark blue uniforms, which were made at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

TREASURY DEPARTMENT, May 11, 1861.

SEALED PROPOSALS will be received at this Department until twelve o'clock noon of Tuesday, the twenty-first day of May now current, for the remainder of stock of the United States, to be issued under the act of Congress approved 8th of February last, amounting to eight millions nine hundred and ninety-four thousand dollars. This Stock will bear interest at the rate of six per cent per annum, payable semi-annually on the first days of January and July, in each year, and will be redeemable in twenty years from the first day of January last.

The proposals must state the sum offered for each hundred dollars of stock, and must be for one or more thousands of dollars, without fractions. One per cent of the amount offered must be deposited with the Treasurer of the United States at Washington, or with an assistant treasurer at Boston, Philadelphia, or New York, subject to the order of the Secretary of the Treasury; and the certificate showing such deposit must accompany the offer. The act reserves to the Secretary the right to decline bids not regarded as advantageous to the United States.

The amounts payable under the accepted offers for this loan must be deposited with the Treasurer of the United States or an assistant treasurer at Boston, New York, or Philadelphia, on or before the twenty-fifth day of May, now current; but if any accepted bidder shall desire to deposit at any other points, his request will be considered.

On the receipt here of the proper certificates showing such deposit, certificates of inscribed stock will be issued to the successful bidders, or their assignees, for the amounts to which they may be entitled, in sums of one thousand, five thousand, and ten thousand dollars each, as may be required. Inscribed stock, so issued, will carry interest from the date of such deposit, and will be transferable on the books of the Treasury, agreeably to the regulations of the Department.

Should any accepted bidder desire certificates of stock with coupons of semi-annual interest attached thereto, they will be issued accordingly, in sums of one thousand dollars each, with coupons attached, for interest from the first day of July next. Such coupon stock, instead of being transferable on the books of the Treasury, may be assigned and transferred by delivery. CAUTION.—WE MAILED, on the 29th day of April last, a Letter, addressed to "Mr. R. Brunner, New York," containing a Promissory Note, payable to our order, dated Philadelphia, for Four Hundred and Ninety Dollars, payable to the order of R. Brunner.

This letter should have been directed to "W. Brunner & Co.," and the note should have been to the order of W. Brunner, whom we do not know, and to whom the letter was addressed by mistake, and the note drawn in favor of the parties for our order, is a caution against negotiating or paying said note, as we will not pay it, having received no consideration for it, and it having been issued by mistake, as above stated.
