Washington and Jefferson College Commencement.—On Thursday, August 23, the commencement exercises of the Washington and Jefferson College, situated at Canonsburg, Pa., will take place. This is one of the oldest educational institutions in the State, and during its long career of usefulness it has earned a reputation among American scholars which is only equalled by the esteem and veneration with which old Eden is regarded by the erudites of Great Britain, or Heidelberg by the Germans. The programme selected for the commencement exercises is one of unusual excellence. For the benefit of those interested we give it entire:

"English Salutatory."—R. H. Fulton, Washington, Pa.

"Latin Salutatory."—S. W. Walter, West Newton, Pa.

"Philosophical Oration."—William Woodburn, Sewickley, Pa.

"The Times Demand It."—Julius Byles, Pleasantville, Pa.

"Rise of New Sciences."—A. W. Oolver, Elishart City, Ill.

"Heroic Character."—T. Davis, Blairsville, Pa.

"It Does Move Though."—Samuel S. Gibson, Blairsville, Pa.

"Intellect and Education—their Relation to Society."—James H. Miller, Havelock, Pa.

"The Martyrs of the Republic."—Duncan C. Milner, Mt. Pleasant, O.

"The Mass."—William J. Myers, Decatur, Indiana.

"Pilgrims to Parnasses."—John R. Paxton, Canonsburg, Pa.

"Our Nation's Epitaph."—N. E. Slaymaker, Lancaster, Pa.

"Firmness in the Right, as God gives us to see the Right."—Robert L. Stewart, Canonsburg, Pa.

"Discontent is Immortality."—Leander C. Woolfolk, Louisville, Ky.

Valedictory Oration.—John D. Shafer, Bakerstown, Pa.

To be followed by the conferring of Degrees and the Baccalaureate Address of the President.

There will of course be a large attendance of the Alumni and friends of the Institution. His Excellency Governor Curtin and General Geary will doubtless be present.

The Point Malt Houses.—Among the improvements going forward in the city we notice that our well known fellow citizen W. H. Garrard, Esq., the proprietor of the celebrated Point Malt Houses, is largely extending his facilities for business. The great increase of patronage awarded to this prosperous establishment, necessitated the erection of a new malt house, which is now being put up in a most extensive and substantial manner, at the rear of the time honored old malt house, on Water street. The latter is one of the historical buildings of the city. Errected in 1816, it has proudly weathered the storm, and to-day is one of the most substantial and complete malt houses in the country. Mr. Garrard will not suffer it to be removed, as he has too much veneration for the good old style in which such buildings were erected by our fathers. It is six stories high, and has the facilities of immense storage of grain, and in the matter of kins, growing floors, steep tubs, &c., has been put up at with modern day, although built some fifty-six years ago.

The new house is being constructed in the most improved method, combining all the recent innovations, together with extraordinary strength and durability. To give the reader an idea of the capacity of this structure, we might mention that there are to be twelve growing floors with the dimensions of 142 feet long by 68 feet wide, with a range of grain floors of similar size. The kilns are 35 feet by 36 feet, while the tubs used for steeping the grain are nine feet in diameter, built of Oregon wood, and capable of holding over three hundred bushels of grain. The kilns are floored with a new and novel perforated iron flooring, which is said to possess superior merits over all others in use. We confess our inability to do full justice to this immense malt house. They would certainly repay a visit from persons interested in the commercial growth of the city. Few of our citizens are unacquainted with the senior member of the firm, who transact business at his extensive house, and who, we might truthfully assert, monopolize the malt trade. W. H. Garrard, Esq., is one of the truly representative merchants of the city, and has been recognized as a leader in commercial circles for nearly an ordinary life time. Through honesty, fair dealing and integrity he has succeeded in building up a large and profitable trade, commanding the patronage of dealers in all sections of the country. With him are associated Messrs. D. A. Booth and W. T. Garrard. The former is an agreeable and accomodating gentleman and shrewd business man, and the latter, son of Mr. Garrard's is too well known in commercial circles as a prompt and active young merchant to need any word of commendation from us. In conclusion we would cheerfully recommend this firm to the patronage of the community, knowing their facilities to be unsurpassed and unlimited, and their business reputation of the very best character. Farmers who have wheat, corn, rye, barley, or oats to dispose of will always find the best market at the Point Malt Houses, Nos. 5 and 7 Penn street and 17 Water street.

Again on the War Path.—James Keating is the proprietor of a horse and cart which he uses in removing dirt and rubbish from the rear of dwelling houses to some public depository for offal. Keating's cart is provided with a tail board about two inches high, which allows a portion of his load to scatter along the street. The indefatigable Finn, Street Commissioner of the Second District, notified Keating that he would be required either to get a larger tail-board or else gather up the rubbish that falls from his cart and take it away. Keating grew indignant and refused to comply with either of the requirements, when he was arrested and taken before Alderman Morrow, who fined him $3 and costs, which he paid and was discharged. The people of the Second District may rest secure, as their interests will be faithfully attended to by Commissioner Finn, who, in his short occupancy of office has become a perfect terror to the violators of city ordinances.

The Star Chamber.—In a recent issue we insinuated in rather strong terms that the Mayor's office was rapidly being converted into a star chamber arrangement. Since writing the item our mind has become disabused of the idea, since the particular case in question, upon which we based our judgment, should not have been given for publication. We had in the beginning no intention of reflecting upon our chief magistrate's official character, as in justice to that gentleman both and his clerk has never been a more efficient officer chosen by the people for the execution of their laws and the administration of justice. We trust pleasant relations have ever existed between Mayor McCarthy and this journal, and we trust they may long be undisturbed and continued.

Another Nuisance Case.—J. B. Williams, on behalf of the Board of Health, instituted legal proceedings before Mayor McCarthy yesterday, against Mrs. F. Walters and Mr. D. Wray for maintaining a nuisance on their premises in the First Ward, by allowing an out-house used by them to blow over, the contents running into the cellar of Mr. Hughes' on Second street. The accused entered bail for a final hearing on Thursday, with an understanding that the nuisance will be abated in the meantime.

Killed.—On Monday last a man named Andrew Head, employed at Hall's mill, near Tidioute, was instantly killed. It appears that the deceased was riding on the "timber truck," when, from some cause, he fell off, striking his head on a large log. His neck was broken, and death ensued instantly. The deceased was formerly a resident of Denmark, Maine, and leaves a wife and four children.

Struck her in the Mouth.—John M'Henry was before Alderman Donaldson, yesterday, charged with assault and battery on oath of Winifred Berger. The deponent stated that M'Henry struck her in the mouth without any cause or provocation whatever, while M'Henry on the other hand alleges that Winfred struck him first with a broomstick. McHenry gave bail for a further hearing today.

Occupying the Street.—A blacksmith named Philip Mastick, was brought before Alderman Morrow, yesterday, on oath of Street Commissioner Finn, charged with occupying the street in front of his blacksmith shop, on the corner of Vine street and Pennsylvania avenue, for the construction of vehicles of all descriptions. He was discharged on payment of two dollars and costs.

Charged with Stealing an Umbrella.—Officer Busha arrested Robert Kerr yesterday, and brought him before the Mayor, charged on oath of J. O'Reilly with stealing an umbrella valued at $1.50. After hearing, the defendant was discharged, the prosecutor being unable to establish the charge.

Fined.—John Duffy was before Alderman Morrow, yesterday, to answer a charge of maintaining a nuisance on his premises, on Grant street, in the Third ward. The complainants were the Board of Health, Duffy was fined five dollars and costs.

Repairing.—The Second Ward School Building, on Ross street, is being thoroughly renovated and repainted, inside and outside. The improvements will be finished before the expiration of vacation, and the pupils will have neat and clean rooms in which to resume their studies.

Base Ball.—The Juniata base ball club of Altoona, Blair Co., Pa., have sent a letter of acceptance to the Enterprise club of Allegheny city. The match game will come off on Tuesday next on the grounds of the club at Altoona.

His Best Leg.—Mr. A. Moffat, by the destruction of his entire carriage manufactory in Brownsville a few weeks since, by fire, lost $50,000, and not $20,000 as previously stated.

Good.—Workmen were yesterday engaged in removing a dirt pile pile that he blockaded the head of Stevenson street for the last nine months.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling them Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing syrup is not connected with any other article. jy11:d4w

EARLY TELEGRAMS.

FROM NEW YORK.

The Storm Yesterday—Buildings Destroyed by Lightning—Boiler Explosions—Important Decision—The Weather—Vessels at Quarantine, &c.

NEW YORK, July 19.—The rope factory of Henry Lawrence & Sons, Williamsburg, was struck by lightning yesterday. Four boilers exploded, two of which went through a brick wall to a distance of six hundred feet, destroying several large trees in their course. The other two passed through a brick stable, which was completely destroyed, and finally buried in the rope walk of Wall & Sons. One man was killed. Damage, two thousand dollars.

The Presbyterian church on Franklin avenue, Brooklyn, was slightly damaged by lightning. Two persons were killed in the streets of the same city.

The Cotton Seed Oil Factory of the New York Oil Company, on Nineteenth street, and the Primary School House adjoining, were destroyed by fire last night. The Macaroni Factory of Mr. Billinge was damaged. Loss $20,000. Partially insured.

The thermometer at eight A. M. to-day stood at seventy-six degrees.

An important decision was rendered yesterday by Judge Nelson, in the United States Circuit Court of the Southern district of this State. A large quantity of abandoned cotton was seized in 1863 and 1864, in the State of Georgia, by the agents of the Treasury Department and forwarded for sale on account of the Government to Simeon Draper, Government agent for the sale of confiscated cotton. The claimants for the property moved to have the case removed for adjudication from the U. S. Circuit Court to the State Court. The motion was overruled, and the decision of the cotton sold under the confiscation act of 1863, sustained by the Court.

The steamer Mort Castle, from Havana on the 14th, arrived at Quarantine last evening. There are thirty vessels now in Quarantine, but no cases of cholera or fever on board of them.

FROM MEXICO.

A New Naturalization Law—The Passport System Abolished—The Capture of Matamoras—Tampico and Tuxpan in the Hands of the Liberals—A Skirmish Near Vera Cruz.

NEW YORK, July 19.—The *Herald's* City of Mexico correspondence, of July 5th, says: A new naturalization law has been promulgated, which gives any foreigner the right to become a citizen of Mexico in twenty-four hours after his arrival, by renouncing his allegiance to his native country, and having some visible means of support.

The system of passports has been abolished.

An American named Jackson, formerly a Captain in the 34th New York Infantry, was ordered to leave the country by the Liberals, after having his stock stolen and his crops destroyed. They threatened to hang him if he did not leave.

The capture of Matamoras was a severe blow. The Emperor and Marshal Bazaine are in Teggcorhuda, not speaking to one another, the latter being considered responsible for the surrender.

General Mejia and staff, who evacuated Matamoras, had arrived at Mexico.

The Liberals claim that Tampico and Tuxpan are both in their hands, Gen. Tamodred, a Mexican Imperialist, defending Tampico, having raised the Mexican flag, and turned the guns of the city against the French soldiers and inhabitants.

A general skirmish took place only thirteen miles from Vera Cruz, which created considerable excitement in the town.

Important Decision.

INDIANAPOLIS, July 19.—In the Court of Common Pleas this city, in a civil suit, in which the plaintiff was the National Bankers' Association, of Indiana, was decided yesterday. The decision was that the stock of National Banks of this State are not liable to taxation for State or municipal purposes, under the State laws, not from a defect of power, but from defective State legislation.

Sad Cases of Drowning.

GREAT FALLS, N. H., July 19.—Last evening, while two young ladies, Miss Rose and Mis Maddox, were bathing in the river, they ventured beyond their depth and were drowned. The mother of Miss Maddox, who went to their rescue, was also drowned, she leaves a family. The bodies were recovered after remaining in the water about four hours.

The Cunard Steamers.

Boston, July 19.—It is rumored that the Cunard steamers will be withdrawn from Boston on the termination of their postal contract, and run from Liverpool to Halifax and New York.
