CITY AND SUBURBAN.

(ADDITIONAL LOCAL NEWS ON FIRST PAGE.)

Unprovoked Assault.

Thomas Jackson is the proprietor of a diminutive grocery store on Duquesne Way, in the Fourth ward, where he was seated yesterday, when a married twain, named James and Margaret Call, entered and desired to know the price of the various commodities exhibited on the shelves. Believing them not to be *bona fide* purchasers Jackson coolly and rather ungraciously informed them that he would be very well pleased if their presence would give way to vacancy, or in other words he invited them to leave his establishment. Instead of *cour* plying, however, Mrs. Call called him some very abusive names, and wound up her tirade by picking up a pound weight and striking him to the floor, where he laid stunned and bleeding until the arrival of the police, who began. The Calls were arrested and brought before Alderman Donaldson, who held each of them to bail in the sum of $500 for their appearance at a hearing to be held in the case on Saturday.

In Durance.

Moses Donaldson forms one of the population of the progressive borough of Manchester, and beside being the possessor of a neat cosy home, is also blessed with a good wife whose name is Sarah, and strange to say, like her namesake of scripture, has gained quite a reputation for her humility and goodness of heart. Yesterday Moses listed his chastening rod, which, in this case, was the handle of an umbrella, and smote humble Sarah twice on the back with such force as to leave great black marks upon the livery whiteness of her skin. Without questioning his authority to chastise her the afflicted helpmate repaired to the office of Alderman Donaldson and made oath against Moses for assault and battery. He was arrested a few hours subsequent and conveyed to the county jail, where he shall have abundant opportunity to reflect over his past errors and form good resolves before the December term of the Criminal Court begins.

Supreme Court.

The Court met yesterday morning at nine o'clock. A full bench being present the following business was transacted:

Allegheny Valley R. R. Company vs. Templeton; Armstrong county. Argued by Golden for plaintiff in error, and by Foster contra.

Haws vs. Lenard; Cambria county. Argued by Potts for plaintiff in error.

Haymakers' appeal; Westmoreland county. Argued by Laird for appellant, and by Foster contra.

James Trees, on motion of H. P. Laird, Esq., and John s. Marchand and A. M. Fuller, on motion of H. D. Foster, Esq., were duly admitted and qualified to practice in this court.

Armstrong vs. Caldwell; Westmoreland county. Argued by Lowrie and Hunter for plaintiff in error, and by Laird contra.

Insulted.

An interesting young feminine named Eliza McConvery, appeared before Alderman Humbert, yesterday, and made oath against Jane McDermott for surety of the peace. The defendant alleges that a few days since Miss McDermott accosted her, in the public highway, in an aggravated and insulting manner, and on meeting her again, yesterday, she repeated her former offense, and added some severe threats, which the prosecutrix feared she may be tempted to carry into effect, and, therefore, fears that she be held to bail to keep the peace. A warrant has been issued for the arrest of Jane, that Eliza's wish may be complied with.

Manners.

The clever local of the Erie *Dispatch* says: Ladies, when twoof you are walking side by side, taking up every inch of the cross walk, and the day is rainy and the mud deep, as it was yesterday, don't think of such a thing as for one of you to step behind the other, so as to allow one of the "lords of creation" (what a misnomer!) to pass you dry-shod, but always do just as you do—crowd him off into the mud and keep your umbrellas bolt upright, too, as no difference to you if he has to hold his arm's length away from him so as to avoid a collision with your's; and then it looks so ladylike and becoming for you to assert your superiority upon every such occasion.

Bitten by a Dog.—A boy named Henry Pierce, while passing the house of J. Munderf, near Fahnestock, Fortune & Co's Glass Works, in East Birmingham on Sunday night, was set upon by a dog belonging to Munderf, and very severely bitten on the hip and leg. The lad was then confined to bed since that time, and is attended by Dr. Miller. William Pierce, father of the boy, made an information yesterday against Munderf, before Mayor McCarthy, charging him with keeping a ferocious dog. The accused was arrested and held to bail for a hearing on Thursday, November 8th.

Severe Accident.—A young lady named Eliza Morgan, residing with her uncle Samuel Meyers, in Hadley township, had three fingers taken off while working with a feed cutting machine in a barn immediately in the rear of the house, on Tuesday afternoon. The whole right hand was so terribly mangled that it is thought amputation will have to be resorted to as a last expedient. At last accounts the lady was suffering terribly and Jock-jaw was feared by her attendant physician.

Malicious Mischief.—Annette Moltue, a colored lady, appeared before Alderman Taylor, yesterday, and made oath against Samuel Saurbeck, also colored, for malicious mischief. It appears the accused entered the dwelling of the prosecutrix, on Webster street, in the Sixth ward, and with a malicious intent to destroy a large quilt, struck the same with a poker, subverting the glass into access. A warrant has been issued for the arrest of the accused.

A Wife Beater.—A luckless wight, named John Cowan, was committed to the debtor's confines of the county jail, yesterday, by Alderman Taylor, in default of his bridget without just cause or provocation, made a promise in his denunciations of the summary manner in which the magistrate had disposed of his case, and threatened to visit the most condign retribution on him as soon as he is liberated from his present uncomfortable position.

Episcopal Visitation.—Right Rev. Kerfoot has been on a visit to the oil regions of late, and has held regular services at Pithole City, at Tidioute, at Titusville, at Petrolia Centre, and at Rouseville. At the latter place he administered the rite of confirmation to several persons on the 23d instant, and all Episcopal sabbath is to be organized there tomorrow.

Must Redeem.—A misapprehension has been entertained by some of the national banks that they are not obliged to redeem mutilated notes except at a discount. Holders of such notes should in no case allow this discount. The banks are bound to redeem their notes at par, both at their own counters and at their agencies.

Two Charges.—William Taylor was before Alderman Donaldson, yesterday, charged with selling liquor without license, and also with selling strong beverage on the seventh day of the week. He gave bail for trial on the first charge and paid $50 fine on the second.

Guarding Against Fire.—The borough authorities of Oil City are making arrangements with the Water Company to have fire plugs put in at all places in the city where they are needed.

Child Drowned.—A little child of Robert Boyer, of Dunbar township, Fayette county, aged about fifteen months, was drowned a few days since by falling into a spring near the house.

Poor House Burned.—The house on the Brooke county Poor Farm, near Wellsburg, was destroyed by fire a few days since. It was absent to be occupied by the overseer of the poor.

Debating Club.—The subject of forming a debating 'club' is being agitated at Pithole City. These clubs are sure to "strike" a vein of "gas," if they "spout" nothing else.

Five Thousand Dollars were stolen by pick-pockets from various visitors at the Reading Fair.

Burglars have operated extensively in Reading the past few days.

Diphtheria rages at Reading Pa.

Special Caution.—Mrs. Winslow's Soothing Syrup has become so popular that various parties have put out articles calling their Mrs. Winslow's. Please take notice that the Mrs. Winslow of the Soothing Syrup is not connected with any other article.

EARLY TELEGRAMS.

FENIAN MATTERS.

The Feeling Among the Canadians—Episcopal Church Demolished by Fenians—Activity in American Circles—Letter from President Johnson,

New York, Oct. 31.—A *Herald's* Montreal special says: There is but one feeling among the Canadians concerning the convicted Fenians, and that is the law must take its course.

The *Herald's* Toronto special says: The Episcopal church in Brantford was entered by a party of Fenians immediately after the report of the news that Col. Lynch and Rev. John McMahon were sentenced to be hanged. The windows were smashed and the pulpit demolished, while a party of men promenaded the streets cheering for President Roberts and Gen. Sweeney.

If the Fenian prisoners are released by the Government in consequence of the threats made by the Fenians of the United States, a strong annexation party will be formed throughout the Province.

Mayor Hoffman has received a letter from President Johnson, in reply to the letter of the former, transmitting the resolutions of the Common Council concerning the Fenians. The President, referring to the action already taken through the Secretary of State, says these prompt proceedings will convince you of the deep interest felt by the Government of the United States in the cases of these citizens, and of its determination to do all steps that may be necessary and proper for the protection of all its citizens, wherever they may be.

An Albany dispatch says: A rapid survey of the Fenian situation from Albany to the frontier, enables me to report the greatest activity prevailing among the circles. The Common Council of this city have adopted resolutions looking to practical aid to the Fenians, and the Common Council of Troy, with the entire approbation of Mayor Flagg, will follow suit to-morrow night.

The Fenian Relief Association held a most important meeting in Troy, last night, and are in session again to-night. Everywhere the circles of the organization exhibit more of practical meaning in their attitude, in view of the approaching possible executions in Canada, than ever known before. Arms are scattered in great quantities all along from White Hall to Burlington, and I know that a large quantity are, and have been for a long time, secreted on Canadian soil, at a point not far distant from St. Albans, Vermont.

FROM WASHINGTON.

The Military Diplomatic Mission to Mexico—Sherman Accepts the Position—Grant Will Assume the War Office Duties—Sherman's Late Order.

New York, Oct. 31.—The *Times'* Washington special says: General Sherman had another interview with the President to-day after the session of the Cabinet, at which he accepted the military diplomatic mission to Mexico, which I stated yesterday had been tendered to him. He will therefore leave for Ohio to-morrow, and after arranging some private affairs, he will leave for Mexico probably within ten days, accompanied by Colonel Campbell, Minister to the Republic.

The administration is gratified at the prompt action of General Sherman, and the hope is confidently entertained that an officer of such rank and distinction will be a sufficient indication of the earnestness of this Government in the measures it is taking to aid in the restoration of the Republic, and that it will render the actual presence of United States troops on Mexican soil unnecessary.

General Sherman's precise mission is both military and diplomatic. He goes to sustain Minister Campbell in all the diplomatic relations which may be re-established, and empowered also with full discretion as to those military operations he may consider requisite for it. The very important nature of this trust is apparent, and the President is anxious that it should be in the ablest and safest hands, but that our representatives shall reach the scene of action as soon as possible.

The name of General Grant was at first suggested as the proper person for the position of Military Envoy, but as he cannot well be spared from the pressing duties consequent upon the reorganization of the army, Gen. Sherman was selected, he having declined the order of the War Department, which was made subject to his consent. When Grant shall be near enough to occur in the latter Department, it is intuitively probable that General Grant will assume its duties.

The *Times'* Washington special says the Administration does not entirely approve the vigorous language of General Sheridan's order so far as it applies to Maximilian and his French relations. This is not at all the course with Prussia on this subject, has been of the most conciliatory nature, and there is neither intention or desire to in errupt them. At the present moment everything promises to be accomplished without any bad feeling whatever, unless it be on the part of those bandits whom General Sheridan styles buccaneers.

The reports of General Sheridan being relieved are coined out of whole cloth from New Orleans in the interest of the enemies of the Government, and for the purpose of injuring the status of that officer.

FROM NEW YORK.

The Union Pacific Railroad—Absconding Clerk—Railroad Suit Dismissed—The Asiatic Cholera in Vermont.

NEW YORK, October 31.—The eighth section of thirty miles of the Union Pacific Railroad has been accepted, and the road is now in running order two hundred and seventy miles west of Omaha, which is twenty-eight miles west of the one hundredth meridian of west longitude.

Geo. Calvert, clerk in the employ of C. C. Parks, No. 31 New street, yesterday absconded with $10,000 in gold checks, belonging to his employer, of which the amount had been cashed. The payment of the rest has been stopped.

The suit in the Superior Court of the Ohio and Mississippi Railroad Company to recover damages for the wrongful seizure of a company, was yesterday dismissed, the parties having amicably adjusted all matters in dispute.

The *Tribune's* Montpelier, Vermont, special says: A vote was taken in the House to-day upon the proposed amendment to the Constitution. It stood 1 yeas, 129 nays, 21.
