FINANCIAL AND COMMERCIAL.

THE MONEY MARKET.

PHILADELPHIA, October 29, 1861.

Somewhat more animation was displayed at the Stock Board to-day, though the whole amount of business transacted was still light. City Sixes were dull. State Fives sold at 76¾, closing more firm. Pennsylvania Railroad securities exhibited an upward tendency, but other favorite railroad stocks and bonds were without variation from previous quotations.

In the money market, matters remain in nearly the same condition as during the past month. Capital is abundant, and good paper sells as fast as it appears on the street—the greater part, however, being discounted in bank.

The Lehigh Valley Railroad Company will pay the coupons due upon its bonds on the 1st of November, and the dividend to stockholders on the 14th of November, the transfer books being closed from November 1st to 14th.

The Lehigh Valley Railroad tonnage for the week is 15,875 tons, a decrease of 738 tons, as compared with the corresponding week in 1860, reducing the increase for the year to 2,087 tons—the whole amount carried this year being 661,179 tons. The iron tonnage for the year amounts to 60,802 tons.

A Buffalo paper gives an idea of the pressure of grain freights for the seaboard as follows:

"While the railroads and canals of New York State are doing all they can in moving produce to the seaboard, the railroads of Canada and the vessels of Lake Ontario and the St. Lawrence are moving vast quantities over their routes. The Great Western Railway took a contract to convey 200,000 bbls. of Canada flour from the upper part of the Province to Portland for foreign shipment. The company made a contract with the managers of the Grand Trunk route by which they could run this flour over their road from London to Portland. The Great Western Company furnish the cars and locomotives, and the Grand Trunk Company the engineers and conductors. All the Great Western trains return empty, as the Grand Trunk Company reserve the up freight for its own returning trains." The Toledo *Blade* says: "A freight train recently arrived in that city, over the Wabash Railroad, which consisted of one hundred and seventy-five loaded cars. Allowing thirty-two feet to each car, the train was one mile and thirty rods in length."

From the Philadelphia Car Works there has recently been delivered the last of two hundred eight-wheel cars, built to the order of the Westmoreland Coal Company, for service on the Pennsylvania Railroad. These cars have steel springs, and are, in all respects, a superior article. A coal equipment is gradually expanding on the Pennsylvania Railroad, which road already moves a large coal tonnage, and which, with the progressing development of the Broad Top coal field and additional shipments from points west of Huntingdon, will soon have a coal trade quite equal in tons to most of the great carriers from the anthracite mining districts.

The New York Evening *Post* of to-day says:

Stocks opened firm with some animation, but closed dull. The market is adversely affected by a vague report that the private secretary of the commander of the naval expedition had absconded. The story has been circulating around this city for a day or two past.

The foreign exchange market closes rather firm for the Boston mail—107⅞@107¾ for best bills on London.

There is nothing new stirring in the national loan. The agents are making fair progress, even in the face of the damaging effects of the disaster on the Upper Potomac. The subscriptions at the Sub-Treasury yesterday were $350,000, but promise a larger sale for to-day.

The day is a busy one at the Sub-Treasury. The banks are paying $3,500,000, the first instalment on the second fifty millions of the national loan. They use but the Treasury notes, preferring to hold them as an investment.

CITY ITEMS.

PATRIOTIC JUVENILES.—The members of the Juvenile Missionary Society of the First Presbyterian Church, of the Northern Liberties, (Rev. Mr. Shepherd's,) have contributed fifty dollars for the purpose of making General McClellan a life member of the American Bible Society.

MAGNIFICENT STOCK OF LADIES' FURS.—Messrs. Charles Oakford & Sons, under the Continental Hotel have now open, and are already busily selling from it, the most magnificent stock of Furs for Ladies that we have ever examined. The prices are *lower than the same grade of goods have ever heretofore been sold for.* This is owing to Messrs. Oakfords' superior facilities for obtaining them, and their determination, this season, to *lead* the Fur trade in this country. Give them a call at once, on our recommendation.

SUPERIOR MESS MACKEREL.—Those of our readers who are fond of a really delicious article of mess Mackerel will find it at Mr. C. H. Mattson's dealer in fine groceries, Arch and Tenth streets. All the goods kept by Mr. Mattson are of the choicest quality for family use.

ELEGANT NEW STYLES OF CRAVATS, the most exquisite we have yet seen, have just been opened at the celebrated Cravat Store of Mr. J. A. Eshelman, Seventh and Chestnut streets. Go and see them.

NOVEL EXPERIMENT.—Granville Stokes, the proprietor of the magnificent clothing establishment at No. 609 Chestnut street, has a beautiful contrivance by which to ascertain the specific gravity, tenacity, tension, transverse strain, compressibility, and other properties of the elegant textures from which the clothing sold at this store are manufactured. By a series of experiments it is thus proven to those who purchase their fall and winter garments there—that they are lighter, more graceful, will bear more strain, hang together longer, and, in fact, are altogether superior to those sold at any other establishment. Prices reduced to suit the times.

THE GREAT NAVAL EXPEDITION—INSTRUCTIONS TO THE COMMANDING OFFICERS.—We have been favored with a sight of the private instructions, given by the Secretary of War, to the commanding officers of the great naval expedition, which is now afloat, and about to astonish the rebels at some unexpected point. The commanding general is admonished to be cautious in his interference with the "peculiar institution," and directed to call for supplies of clothing for the land forces upon Rockhill & Wilson, the proprietors of the Brown Stone Clothing Hall, Nos. 603 and 605 Chestnut street, above Sixth, Philadelphia. The Government is perfectly familiar with the fact that the best and most elegant garments for both military men and civilians are to be found at that establishment.

NARCISSUS.—A Scrap of Mythology.

BY THE BARD OF TOWER HALL.

A long time ago,
(How long I don't know,)
A youth lively and fair
Lived—I scarcely know where.
He was happy and gay,
As the chroniclers say,
And handsome to boot
In his holiday suit.
And when he surveyed
The figure he made
In a mirror of metal,
Or perhaps a brass kettle,
(For then looking-glasses
Were unknown to the masses,)
'Tis said the poor elf
Fell in love with himself!
He gazed and still gazed,
And so became crazed.
Take warning, gents all,
Who buy at Tower Hall.
When your glorious array
In the glass you survey,
Don't let your delight
Turn to craziness quite.

Our assortment of Seasonable Clothing is unequalled in Philadelphia. Military Uniforms made to order at the shortest notice. Call and examine. Tower Hall, No. 518 MARKET Street, Philadelphia.
