LETTER FROM NEW YORK.

[Correspondence of The Press.]

NEW YORK, June 4, 1862.

The conduct of Governor Stanley, in reference to the instruction of negroes in North Carolina, forms a new text for universal comment, and no little denunciation of the course which that gentleman has chosen to pursue. Mr. Colyer, the gentleman who was engaged in this worthy enterprise, is well known to me as an enterprising, active member of the New York Young Men's Christian Association. Early in the present war he went to Washington, and gave all his time to the interests of the soldiers who were congregated at and around that city, in visiting the sick and wounded who had returned from Bull Run, Ball's Bluff, and other points of active warfare, writing letters to their friends at home, distributing hymn books, tracts and newspapers with a hearty good will, which, itself, was sufficient to inspire the soldiers with the thought that they were surrounded by friends.

In reference to his new work in North Carolina, not a few of our people imagine that, in the event of the ultimate emancipation of the slaves—and few doubt that result in some shape—they will be but poorly prepared for liberty by being kept in ignorance. In short, Governor Stanley's conduct, in conciliating with men known to General Burnside, his officers and soldiers, as persistent and impudent rebels, is censured. We having nothing to conciliate, and every thing to maintain.

The Cunard mail-steamer Scotia, Capt. Judkins, left to-day for Liverpool, with 255 passengers, and $467,100 in specie.

A severe rain storm set in this morning, about ten o'clock, and has lasted all day with unabated intensity. The washing of our streets, despite our city inspectors, and the benefit to the country at large, are the great results accomplished by the elements, for which we are profoundly grateful.

The bricklayers of this city have resolved to strike next Monday for $1.75 per day. It is said that in 1860 there were 2,750 bricklayers in New York. At the call for volunteers last year, 1,473 enlisted, thus leaving but 1,277 in the city. At the last call 68 enlisted; 175 went to the frontiers and 500 to the country, leaving now but 734 in New York; consequently, they think there ought to be no difficulty in getting plenty of work at good wages.

It has been rumored about the City Hall this morning, and the rumor seems to be accepted by the politicians as well founded, that the Mayor will not approve the resolution of the Common Council in reference to the reception of Thurlow Weed on his arrival from Europe.

The amount of taxes collected in this city for 1861 is $10,374,863.34, leaving unpaid the sum of $1,252,600.89, the levy being $11,627,254.23.

The prize schooner Lucy C. Holmes, of Charleston, S. C., in charge of Prize Master Lawton Coggeshall, arrived this morning. She was captured by the United States steamer Santiago de Cuba, May 27, 60 miles E. S. E. from the Santee river, having come out of Charleston the night previous, bound to Nassau, N. P. Her cargo consists of 170 bales cotton. This is the fourth prize taken by this steamship within four weeks. Prize-Master Coggeshall passed very near a Confederate steamer while passing the Santee river. Had the steamer known the schooner, she would no doubt have been retaken, as they both belong to the same owners in Charleston. The Lucy Holmes is bound to Boston.

The yearly meeting of Orthodox Friends closes its sessions to-day.

The Grand Lodge of Free and Accepted Masons is now in session in this city. The amount of receipts for the year is reported to have been $19,030.69. To-day the grand master appointed the standing committees; now the lodge will proceed to business.

THE MARKETS.

FLOUR.—Owing to the light receipts the market for the low grades of Western and State Flour is a trifle better. The high grades are steady.

The demand has not been very active, the stormy weather and some heaviness in freights tending to check business.

Sales of 11,500 bbls at $4 50@4 85 for superfine State and Western; $4 45@4.55 for extra State; $4.60@4.70 for fancy State; $4.45@4.65 for the low grades of Western extra; $4.50@5 10 for shipping brands of round-hoop extra Ohio, and $5.20@5.10 for trade brands do.

Canadian is rather firmer, but not very active; sales of 800 bbls, at $4 45@4.65 for shipping brands of spring Wheat extras, and $4.50@5 10 for trade brands.

Southern Flour is heavy, but a trifle lower; sales of 900 bbls, at $5@5.60 for mixed to good superfine Baltimore, &c., and $5.70@6.75 for trade brands do.

Rye Flour is without change to note; sales of 150 bbls, at $2.70@4.

Corn Meal is steady and rather more active.

Sales of 900 bbls, at $2.90 for Jersey, and $3.15 for Brandywine, on the dock.

GRAIN.—The Wheat market is poorly supplied, and owing to the decline in freights and the scarcity of prime, is firmer for shipping qualities. The storm, however, checks business.

The sales are 92,000 bushels, at 83c@$1 for Chicago spring, 87c@97c for Canada Club, 87c@$1.02 for Milwaukee Club, $1.03½@1 04 for amber Wisconsin, $1.10@1.14 for red Western, $1.15@1.18 for amber do, and $1.24 for white Michigan.

Rye is a little firmer; small sales at 80@85c for Western, and 72@74c for State.

Barley is dull and nominal.

Barley Malt is firmer and in fair demand; sales of 13,000 bushels at $1@1.10, the latter rate for prime Canada West.

Oats are firm and in fair demand at 43½@44½c for Canadian and Western, and 45@45½c for State.

Corn is a shade stiffer; sales of 75 000 bus at 46½@48c for new mixed, 49½@50c for old do, and 55c for white Western.

PROVISIONS.—The Pork market is more active, but prices are unimproved; sales of 1,500 bbls at $10 50@10.62½ for thin mess, $11.50 for mess, and $9.25 for prime.

Beef is selling moderately at former rates; sales of 150 bbls at $12@15.50 for plain mess, and $14@14.87½ for extra.

Bacon is dull. Cut meats are in good demand, at about former rates. Sales of 575 pkgs at 4⅞@5⅛c for hams, and 3⅞@4½c for shoulders.

Lard is firm and in fair demand; sales of 700 pkgs at 7⅛@8⅛c, the latter for choice.

ASHES.—A moderate business is doing at steady rates; sales of pots at $5 7 @5 81, and pearls at $6.

CITY ITEMS.

CAPT. WILLIAMS' WHALING VOYAGE.—No one should fail to see this great exhibition of nautical life, now on exhibition at the Assembly Buildings. It is not only a spirited and highly-artistic panorama of the whole routine of Whaling, but the dramatic scenes introduced, in which Captain Williams, accompanied by a half dozen sturdy sailors, enters a real whaleboat, and *performs* the hazardous and exciting task of capturing these oily monsters of the deep, convey an idea of the whaleman's life, at once vivid, instructive, and amusing. The Captain's explanatory lecture, as the exhibition proceeds, is characteristic, and is received with unbounded applause. Upon the whole, we consider the "South Sea Whaling Voyage" a delightful entertainment, and it should be seen by everybody. In New York it had a successful run of two hundred and fifty nights.

EMANCIPATION CELEBRATION.—A grand demonstration to celebrate the emancipation of slaves in the District of Columbia is announced to be held at National Hall, this (Thursday) morning, commencing at 10½ o'clock. After organizing, the Emancipation Act will be read, also a printed address by Hon. Chas. Sumner, forwarded express by for the occasion by the author. This afternoon the celebration is to be continued in the form of music, and addresses by a number of anti-slavery celebrities—Rev. Henry Highland Garnett, of New York, Thos. Hamilton, Esq., editor of the *Anglo-African*, Robert Purvis, Wm. Nicholson, and others. The evening of the day is to be signalized by a grand concert.

"THOMSON'S LONDON KITCHENER."—We invite attention to "THOMSON'S LONDON KITCHENER," or European style of Range, advertised by Messrs. North, Chase, & North, in another column of our paper to-day.

A CHANCE FOR CAPITALISTS.—In another column of our paper, this morning, the Lancaster Locomotive Works are advertised for rent for a period of three years, together with the machinery, patterns, tools, and drawings, all in good order and ready for immediate operation. As these Works can be rented at a low figure, there is money in them for somebody, their situation being all that could be desired for salubrity, conveniences for transporting materials, and for successful operations. We commend this opportunity for profitable investment to the attention of capitalists.

SOMETHING NEW UNDER THE SUN.—Some antiquary fancies that he has again successfully established that "there is nothing new under the sun," having discovered that the Knights of St. John of Jerusalem built a galley at Nice, in 1530, which was sufficiently plated with lead to resist bullets, and which took a prominent part in the taking of Tunis. That may all be; but there never was but one Brown Stone Clothing Hall, and that is the one located at Nos. 603 and 605 Chestnut street, above Sixth, of which Messrs. Rockhill and Wilson are the proprietors.

PURE OLIVE OILS FOR THE TABLE.—Mr. C. H. Mattson, dealer in fine groceries, Arch and Tenth streets, has now on hand a choice lot of Salad Oils, a *pure Olive* article, to which we invite the attention of our readers.

VARIETY IN THE ANIMAL CREATION.—There have actually been ascertained in the animal kingdom about sixty thousand species of living creatures. There are 600 species of mammalia; of birds, there are 4,000 species; of fishes, 3 000 species; of reptiles, 700, and, of insects, 44,000. Besides these, there are 3,000 species of shell-fish, and not less than 80 or 100 species of animalcules, invisible to the naked eye. There is, however, but one establishment in the country like that kept by Granville Stokes, the fashioner and clothier, at No. 609 Chestnut street, where the best and finest summer garments can be obtained, at greatly reduced prices.

A DRY-GOOD IDEA.—The Baby-Show at Barnum's Museum, this week, will make it necessary for all of the flags displayed on the building to be of the *Baby bunting* order. Another Dry good Idea is the making of a large lot of Summer Uniforms for our troops, at Charles Stokes' Clothing store, under the Continental, and as they are to be adapted to warm work, they are all *drilling*.

Obituary.

[The following just tribute to the memory of a Christian gentlewoman is copied from yesterday's *Evening Bulletin*. None knew the virtues of the subject of the notice better than the writer, in whose initials we recognize an accomplished journalist of this city:]

We notice with deep regret the death of Mrs. Maria Harding, the wife of Jesper Harding, Esq., of this city. It was the happiness of the writer of this brief article to have enjoyed the acquaintance and friendship of the deceased for upwards of twenty years. A better or a purer woman never lived. She was all that could be desired, either as a daughter, a wife, or a mother; while her daily life was beautified by all the gentle and heaven-born graces of the unaffected Christian. Intelligent in a high degree, her counsel was, until borne down by sickness, listened to with attention and respect by every member of her family, while her children justly idolized her. She was a mother in the truest and the noblest sense, and her advice and example exercised a powerful influence upon all who came within their reach. But "stars have their time to set," and thus another of the kind, the good, the devoted, and the affectionate has passed amidst "the mysteries of the shadowy valley." And yet, none who knew her; none who had an opportunity of recognizing her many virtues; none who witnessed her devotion to her family and her unwavering love for her children, can have a doubt as to her future. Her immortal spirit must be radiant and angelic among the beings of a better world—a happier existence. Death is almost invariably sad, and when "the insatiate archer" steals from us some one whose voice and whose smile have been as a charmed spell to the household circle for many years—whose sympathies were ever active, generous, confiding, and forgiving, we feel that a terrible disaster has occurred. But it is consoling to know that there is a higher and a holier state, and to hope that even there "the redeemed and disenthralled" may look down upon and watch over the beings to whom they clung with such truthful affection while here. ☞ OFFICE MONONGAHELA NAVIGATION COMPANY,
PITTSBURG, May 23, 1862.

At a meeting of the Board of Managers of this Company, held on the 1st of May, 1862, the following resolutions were adopted:

Resolved, That coupon bonds of this Company, bearing date the first day of July next, be issued to the amount of Two Hundred Thousand Dollars, in sums of One Thousand Dollars each, payable in twenty-five years after the date thereof, bearing interest at the rate of six per centum per annum, payable semi-annually, in the city of New York, and the said bonds be secured by mortgage of the works and revenues of this Company, to be made to Thomas Bakewell, as trustee, for the holders of said bonds.

Resolved, That the President of this Company be authorized to procure, to be negotiated, of the mortgage bonds of this Company, the day ordered to be issued, the amount of one hundred and twenty-five thousand dollars, for cash, or the outstanding bonds of this Company, maturing on the first day of January next, at par.

In accordance with the foregoing resolutions, SUBSCRIPTIONS will be received until three o'clock of the 24th DAY OF JUNE NEXT, for the above loan. Information with regard to the character of the Improvement may be obtained from Joshua Hanna, Esq., of Hanna, Burt, & Co., Pittsburg; Abraham Gibbons, Esq., Centreville, Chester county, Pa.; and Messrs. Jay, Cook, & Co., Philadelphia, who are authorized to receive subscriptions for the loan.

The Capital Stock of the Company is.....$726,700
Funded debt, (bonds outstanding).....182,000

There is no floating or other debt existing. The works are in active operation and complete repair, and the receipts justify expectations of the usual or average dividend for the present year. The works were so far completed, and the debts of the Company paid as to enable the Managers to declare their first dividend, July 7th, 1855, since which time they have declared fourteen dividends up to July, 1861—eight years—amounting in the aggregate to fifty-four and one-half per cent., or six and eighty-one hundredths per cent per annum. There are no bonds in the market better secured than those of this Company, and none that offer greater inducements for investment as to security and prompt payment of interest, which is well known by the holders of the present outstanding bonds. The object of this mortgage is to concentrate the bonds of the Company and secure the whole. A preference will be given to the present holders of the bonds maturing January 1st, 1863. The Company reserves the right to accept the whole or any portion of the amount subscribed.

my27-1\|e24 J. K. MOORHEAD, President.
