THE DRAFT.

THE ENROLLMENT COMPLETED.

Returns of the Different Precincts and Wards of the County of Philadelphia.

Yesterday the returns of the deputy marshals, engaged in enrolling the names of all our citizens liable to be drafted for military duty, were handed over to United States Marshal Millward. Of the 214 precincts in the county of Philadelphia, but one or two yet remain to be heard from. As the returns now stand, however, we have great satisfaction in knowing that Philadelphia has already sent to the field, in regiments from her own soil, 19,238 men, exclusive of the large number who have joined the regiments of other States.

The whole number enrolled amounts to 99,701. When the other one or two precincts are reported, this number, and also the number now in service, will be slightly increased. The returns of several of the adjacent counties are also received yesterday, and will be found in our list. The enrollment was by no means a small task, and great praise is due to Marshal Millward for the manner in which he pushed the work forward. All the deputy marshals faithfully discharged their duties, and the results of their labors can be relied upon as being correct. In the draft all the precincts, wards, &c., will be credited with the men they have enlisted in regiments from this State, but no allowance will be made for those who have enlisted in the regiments of other States. The returns presented are as follows:

There who are now in the field of active service are included among those enrolled. In order to ascertain the number liable to draft, 19,238, the number now in regiments, must be deducted from 99 701, the number enrolled, which leaves 80.473 men subject to military duty. A large number of these will be classified among the "exempts," as some of the deputies enrolled those who were over forty-five years of age.

Only six counties were heard from yesterday, as follows:

CHESTER COUNTY.

Whole number enrolled	13,289
Number in Pennsylvania regiments	3,067
Number in other regiments	220

In Schuylkill township, of Chester county, the population is reported at 270, and the number of men already enrolled is 102. This is the best of any one section yet handed in, and there can certainly be no draft there.

BERKS COUNTY.

Whole number enrolled	17,893
Number in Pennsylvania regiments	3,022
Number in other regiments	134

LEBANON COUNTY.

Whole number enrolled	6,147
Number in Pennsylvania regiments	1,176

CARBON COUNTY.

LEHIGH COUNTY.

Number in Pennsylvania regiments	1,111

BUCKS COUNTY.

Whole number enrolled	12,300
Number in Pennsylvania regiments	2,048
Number in other regiments	205
Number in the navy	24

It is probable that the balance of the counties of the Eastern district will be heard from to-day.

MONTGOMERY COUNTY.

THE REPUBLICAN CITY CONVENTION.—This body reassembled last evening, at half past seven o'clock, at the County Court House. On calling the roll, the First, Fourth, Eleventh, Eighteenth, and Twenty-third wards were found to have no delegates present. On motion, the names of O. H. P. Parker and S. Snyder were added to those already placed in nomination for the office of Mayor.

A series of resolutions were presented by Mr. Billington, which were referred to a committee of five for report.

Several gentlemen spoke against the nomination of a straight ticket, believing that the show of a small vote would inflict a fatal injury to the party.

A resolution that it is inexpedient to nominate a ticket at this time was lost.

The resolution to refer to a committee of five was rejected, and the resolutions were read and adopted seriatim, with some verbal amendments, striking out "corruption, fraud, deception, "Know-nothing," denunciations, &c. The Convention then adjourned *sine die*. The resolutions not being intended for the public, but for the party only, were carried away in the pocket of a delegate, and the reporters were denied the opportunity of copying them.

SLIGHT FIRE.—A slight fire occurred in No. 1416 Mervine street yesterday afternoon, caused by a boy throwing lighted matches into the cellar.

PHILADELPHIA'S GALLANT DEAD AND WOUNDED.—In the recent battles in Virginia Philadelphia is well represented among those who have fallen, killed or wounded, or who have been taken prisoners.

Col. Kolfes, whose remains reached the city yesterday afternoon, was a resident of Philadelphia. He was a soldier in the Mexican war, and, before the breaking out of the rebellion, he was an active member of the 1st Rifle Battalion. He was killed by a bomb shell while leading his command into action during the recent battles in Virginia.

Colonel George P. McLean, of the 88th Pennsylvania Regiment, which was raised in Philadelphia, is wounded and a prisoner in the hands of the rebels.

Capt. Henry Clay Beatty, who fell near Bull Run on Saturday last, was a member of the bar in this city. He studied law in the office of the Hon. Charles Gibbons, and graduated in the law department of the University of Pennsylvania in the classes of 1857. He at once commenced the practice of the law, and by his integrity, learning, and ability gained an enviable reputation, and gave promise of a successful professional career.

Captain Beatty was a native of Bristol, Bucks county. On the breaking out of the war, he entered, as a first lieutenant, in a company formed in that county, and was soon after elected to the rank of captain. In this capacity he served in all the campaigns of the Pennsylvania Reserves. He was present and participated in the battles before Richmond. At the beginning of these, on Thursday, the 26th of June, he was in the hospital, but he immediately joined his company. On Monday, the 30th, in the battle of White Oak Swamp, (just two months before he finally fell) he received a severe, but not dangerous wound. Disabled by this, and suffering in his general health, he obtained leave of absence; but before his wound was entirely well, or his health restored, he again joined his regiment, though his leave of absence had not expired.

The deceased was a gallant soldier, and no nobler spirit has been sacrificed in the cause of the Union.

Captain John Beisterling, who had his head shot off, was a resident of Boxborough, in the Twenty-first ward.

Captain John H. Dull, who was taken prisoner, was a resident of the Thirteenth ward.

Dr. W. J. Duffie, brigade surgeon, of this city, attached to General Sigel's corps d'armee, was thrown from his horse, and received a severe injury. He was taken prisoner. Dr. Duffie has been a practising physician in this city for a number of years.

SENT TO FORT LAFAYETTE.—Dennis Hickey, a resident of New London township, Chester county, was arrested by detectives Lemon and Henderson, by order of the War Department, upon the charge of resisting the deputy marshals in the enrollment, and with discouraging enlistments. The prisoner was sent to Fort Lafayette yesterday afternoon.

MR. S. E. COHEN, agent for "The London American," advises us that George Francis Train, Esq., has been released from his imprisonment in England, and will pass through this city on his way to Washington, in about three weeks.

THE NATIONAL GUARD.—In consequence of the building having been leased by the United States Government as a hospital, the members are earnestly requested to meet at the house of Goldin Hartung, Race street, below the armory, this evening.

LARGE EXPORT OF BREADSTUFFS.—The ship Belle of the Ocean sailed for Liverpool on Tuesday evening with the following cargo: 2 705 barrels of flour, 18,000 bushels of grain in bulk, 19 680 bushels of wheat in bags, 8,058 bushels of yellow corn, 208 firkins of butter, 74 tierces of beef, 46 casks, and 2 bags of bark

PRIZES SOLD.—The prize schooners Lion and Aquila were sold on Tuesday, the former bringing $4,800, and the latter $3,800. Their cargoes consisted of spirits of turpentine, which brought $1 27 per gallon, and cypress shingles, which sold at $3.30 per M. The cargo of the Bermuda was disposed of yesterday.

THE Treasurer of the "Northern Home for Friendless Children" acknowledges the receipt of a donation in money from Annapolis, Md., in a note signed "Harrie."

FINANCIAL AND COMMERCIAL.

THE MONEY MARKET.

PHILADELPHIA, September 3, 1862.

The stock and money circles were much excited today, and although there was no panic, there was a great depression. On the street gold opened at 116¼@117, rising to 118@118¼. At the board 118¼ was paid for quite a large amount. The unfavorable news from our several armies is having its effect, and the markets are no longer buoyant. The rise in gold must be on purely speculative account, as none is required for European shipment or for home purposes. This is a matter of no surprise, as the currency market is affected entirely by the war news. Victory brings down the price of gold as surely as defeat advances it. The concentration of the Union armies in the neighborhood of Washington, and their consequent ability to make a powerful move whenever it is deemed necessary to advance against the rebels, must soon restore confidence. Our generals are waking up from the long list of errors which years of peace had fettered upon them, and now we may expect that war will commence in earnest, and that terrible blows will be the result of this bloody regeneration of our Northern armies.

The specie market closed feverishly, at 118. Old demands were firm at 107¼@108. The attention of capitalists has lately been much attracted to operations in wool, which is now higher in price than it has been for forty-four years. The immense demand for army goods in 1861 used up not only last year's clip but also the stock remaining on hand from former years, and the mills which had been idle since the fall of 1860 commenced running to their utmost capacity on what are called by the trade "country goods." The stock on hand now having been much reduced, this description of goods has advanced in price very handsomely, and is consequently a very profitable kind of work for the mills, especially as the demand created by the present pressing wants of the army will more than absorb the entire clip, and it is thought a deficiency will be noted before the supply is satisfied. Coarse wools have advanced from ten to twenty per cent, and a still further advance may be looked for as the stock diminishes. If the present aspect of war matters continues, operations in wool will certainly make a large return for the amount invested.

Stocks were eagerly pressed on the market this morning, and a general desire to realize was manifest. The consequence was a tumble in the price of most stocks on the list. Government securities suffered severely. The sixes of 1881 opened at 100, and declined before the close to 99¾, with bids falling off another ¼; the total decline was 2¼. In seven-thirties there were no sales, the highest bid being 102¼, a decline of 1¼. There was considerable firmness in Reading Railroad bonds, which cannot be said of anything else on the list; those of 1886 sold up to 91¼, a considerable advance on yesterday's bid; 1870s advanced 1, with sales, while those of 1880 maintained the figures of yesterday. State fives declined ¼; the coupons advancing ¼. City sixes, now, declined ¼, the old noting no change; Camden & Amboy sixes 1889 advanced 1, those of 1870 advancing 1. For North Pa. 6s 77¼ was bid; no change; the tens advanced ¼; 60 was paid for the chattel scrip Elmira 7s were firm at 87¼ Pennsylvania Railroad shares declined ¼. Camden and Amboy was in demand at 127. Little Schuylkill brought 17. North Pennsylvania was firm at 9¼; Catawissa preferred at 10¼. Long Island advanced ¼. Elmira preferred fell ¼. Beaver Meadow was firm at 58. Reading opened at 30¼, and declined to 29¾, making a fall of 1¼ since yesterday. Mount Carbon shares were firm at 43. Lehigh Navigation at 51¼; North American Insurance at 17½. Bank and passenger-railway shares were dull. Money is still easy, but rates are looking up a little.

The New York *Evening Post* of to-day says:

The stock market is lower and heavy to-day, the news from the West, and from the army of Virginia, being regarded as very unfavorable. The falling back of General Pope's column to Alexandria causes uneasiness, and prices show a decline of 1@1½ per cent.

After the Board, the market remained heavy. New York Central closed at 93¼ sales, but without any great pressure to sell. Holders of railroad stocks are not anxious to convert their property into legal-tender currency, which is depreciating under the advance in gold.

The railroad bonds are without special change. The leading mortgages are strongly held. Erie fourths rose ¼ per cent., Hudson thirds ¼, Harlem firsts ¾.

The State stocks are ¼@1 per cent. lower. Illinois War Loan sold at 97½, Tennessees 49¾, Missouris 45¾. Californias are strong, being wanted for investment. In these times the credit of the "Golden State" is not likely to suffer much. Sales were made at 99¾.

The Government list yielded about ¼@1 per cent at the First Board, but afterwards still lower prices were made.

At the close Federal sixes of 1881 are selling at 98¾@99, and the 7-30 notes at 102¾.

Gold is very active, and rising under the disturbing news from Washington. The opening sales were at 117¾@118, but at the close 118¾ was paid, and 119 asked.

Exchange on London is excited, and much higher. We hear of sales at 130¼@130¾ for first-class bills.

Philadelphia markets.

SEPTEMBER 3—Evening.

FLOUR.—The Flour market is unchanged but dull, with a limited inquiry both for export and home use; 500 bbls Ohio extra family sold at $5 75, and 400 bbls fancy do. at $6 12½@6 25; sales to the retailers and bakers range at $5 for superfine; $5.37½@5.62 for extras; $5 75@6.25 for family; and $6.50@7 ⅌ bbl for fancy brands, as to quality. Rye Flour is scarce, and selling in a small way at $3.50@3.62½ ⅌ bbl. Corn Meal is quiet, and Pennsylvania is held at $3.12½ ⅌ bbl.

GRAIN.—Wheat is in better demand, and firm to-day at previous quotations; about 15,000 bushels sold at 127@130c for fair to prime Western red, in store; 131c for Pennsylvania do., afloat; 132c for Delaware; and 138@138c for white. Rye is steady at 73@75c for new, and 77c for old. Corn is scarce, and 2@3 000 bushels sold at 68@70c for yellow, and 67c for mixed. Oats are in fair request, with further sales at 38c for new Southern, in the cars.

BARKS unchanged, and first No. 1 is held at $32.50 ⅌ ton.

COTTON.—The market is active at the advance, but the want of stock limits operations.

GROCERIES AND PROVISIONS.—There is very little doing in either, and the markets for both are firm.

WHISKY continues inactive; bbls are selling at 33@34c, the latter for prime pkgs, and drudge at 31@32c ⅌ gallon.

CITY ITEMS.

BEAUTIFUL SPECIMENS OF SCULPTURE.—Messrs. Broadbent & Co.'s establishment, Chestnut street, above Ninth, is a thorough Emporium of Art. In addition to their celebrated photographs in every style of the art, from the *carte de visite*, colored and plain, to the life size portrait finished in oil, they are now executing some of the finest specimens of sculptured likenesses that we have ever examined, in bust, medallion, life size, and miniature. Every department of this extensive house is under the control of thoroughly educated professional artists.

"THE OSBORNE" is the name of a new water-proof cloak, for ladies. It is made very ample in the skirt, and with large sleeves, either hanging loosely, or by means of a cord and tassels, drawn tightly round the wrists, in plaits. It has a very pretty expanding hood, which can be worn so as completely to protect the bonnet, and is perfectly water-proof. When enveloped in "The Osborne," no lady need fear any portion of her attire being in the least degree injured, even by long-continued rain. For sale by J. W. Proctor & Co., No. 920 Chestnut street.

PURE WINES AND LIQUORS FOR MEDICINAL PURPOSES.—Mr. C. H. Mattson, dealer in fine family groceries, S W. corner of Arch and Tenth streets, has now in store a supply of Longworth's pure Catawba Wines, still and sparkling, direct from the vineyards, near Cincinnati; also, fine old Port, Sherry, and Madeiras, the finest Brown Stout, Younger's and Tennent's pure Scotch Ales, and the best Champagnes, to which we invite the attention of our readers who may desire to obtain either of these liquors, of the purest and most reliable quality.

THE FIFTH AVENUE THROUGH BRITISH SPECTACLES.—An English writer declines to give New York's great Fifth avenue his unqualified admiration. He thinks it certainly a very fine street. The houses in it are magnificent, with an air of comfortable luxury and commercial wealth, though without the aristocratic look of many of the detached London residences, or the palatial appearance of an old-fashioned hotel in Paris. There is much variety and beauty in the buildings, but upon the whole he thinks there are none among them to compare to the palatial Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth, Philadelphia.

THE WEATHER has suddenly changed from the hot, sultry description peculiar to midsummer to that of a rougher order, with a strong and searching wind from the northwest. We may now expect these sudden blows, until Jack Frost sharpens the atmosphere with his breath, and stern Winter establishes his absolute rule in this latitude As the cool weather is now near at hand we invite the attention of our readers to the large and fashionable stock of fall garments just being laid in at the Mammoth Clothing Emporium of Granville Stokes. No. 609 Chestnut street, where garments of the latest styles can be obtained at exceedingly low prices.

VERY LATEST DESPATCH TO GOVERNOR CURTIN.—The undersigned takes the earliest opportunity to inform his Excellency that his stock of military clothing (including bullet-proof vests) is complete.

Officers of all grades can be furnished with a full *suit*, including an overcoat made to suit their rank, either for *the army or navy*.

Beaver Cloth, Pilot Cloth, Double Milled Cassimere and Flannel Cloth, Undress Sack Coats, Pants, and Vests.

All orders sent to the world-renowned Military and Citizens' Dress Clothing Establishment, No. 824 Chestnut street, under the Continental Hotel, will be filled without delay.

Quality governs the price in all cases.

CHARLES STOKES.

Mr. Martin Kaiser (of the late firm of Rothe & Kaiser) has been secured at this establishment.

GROVER & BAKER'S NEW SHUTTLE SEWING MACHINE.—PRICE, $40.

The attention of tailors and other manufacturers requiring the use of a fast and durable lock-stitch machine, is directed to our No. 9. This is a new and admirable machine, operating with the greatest ease, and with but little noise, and, although but lately put into the market, is already a great favorite with manufacturers. It is a first-class machine, at a low price.

No machine ever introduced in this city has sold so rapidly, or given such universal satisfaction. It is very simple in its construction, easily learned, not liable to get out of order, works with fine cotton, silk, or linen thread, equally well; and the low price at which it is sold places it within the reach of all who desire a reliable, serviceable machine.
