FINANCIAL AND COMMERCIAL.

THE MONEY MARKET.

PHILADELPHIA, February 11, 1863.

The marked improvement which has lately taken place in all kinds of Government securities is no doubt owing to the approx rent determination of Congress to dispose of the finance bill now before it. If Congress will but be as industrious as the Secretary of the Treasury has proved himself to be in perfecting the bill, the public would owe it a debt of gratefulness not easily forgotten. The sixes of 1881 and seven-thirties each rose one per cent., while other securities rose in proportion. Stocks generally are firm, and seem to be only waiting the knowledge of the amount of currency to be issued, in order to make another upward movement. Gold was very curiously affected to-day—opening at 102, it fell to 101¾; after which, it took a start and ran up to 155, at which figure it closed. Old demands fell to 150, and rose to 152. Money is very easy at 6 per cent.

The stock market was somewhat uneasy, and quite active, but prices are without much change, except Government securities, which advanced with considerable demand at the higher figures. Bids for State fives fell off 2 ⅌ cent. Pennsylvania Railroad mortgages were steady at 118 for the first, 115 for the second. City sixes were also steady at yesterday's figures, 115@116¾. Reading sixes, 1870, sold at 111, 1880 at 115, 1885s at 105. Camden and Amboy sixes, 1893, rose ¾. North Pennsylvania Railroad sixes sold at 91; Elmira sevens at 112—an advance of ¾. Schuylkill Navigation sixes sold at 73¾.

Reading Railroad shares were weak, and closed ¼ lower than yesterday. Pennsylvania fell ¾. Catawissa rose ¼; the preferred declined ¼. Norristown sold at 69½; Elmira at 30¾; the preferred was steady at 31. Long Island rose $9 ⅌ share. Camden and Atlantic declined 1. Little Schuylkill fell ¾. Beaver Meadow sold at 98¼. North Pennsylvania was steady at 14½; Minehill at 54¾. Harrisburg and Lehigh Valley are unchanged. Passenger railways look weak. Fifth and Sixth sold at 18; Spruce and Pine at 16, a decline; Race and Vine at 11; Green and Coates at 41, a decline of 1. Girard College fell off ¾; Thirteenth and Fifteenth, ¾; Arch-street, ¾; Chestnut and Walnut, 1¾.

Morris Canal rose ¾; the Preferred selling at 131. Schuylkill Navigation sold at 15¾; the Preferred at 14¾. Lehigh Navigation fell off 1. 40 was bid for Delaware Division. Manufacturers' and Mechanics' Bank sold at 24½; Consolidation at 27; Commercial at 50¾; Union at 34. The market closed dull—$130,000 in bonds and 2,000 shares changing hands.

The exports (exclusive of specie) from the port of New York for the week ending February 10, 1863, are beyond precedent, amounting to $5,154,992. The exports of the same week last year were only $2,115,000.

The New York *Evening Post* of to-day says:

The stock market remains very quiet, but the fluctuations in Erie Railway stock amount to nearly 10@15 per cent. at each session of the Board. Most of the railway shares are steady at yesterday's prices. Both buyers and sellers are disposed to await the result of the financial legislation of Congress. It is the general impression that the market will exhibit more activity when Congress shall have passed the finance bill, whatever policy it marks out for the Treasury Department.

Among the strongest of the speculative list are the two Harlems, Michigan guaranteed, Hudson river, and Galena and Chicago. These show an advance of 15@2½ per cent. on the best price of last evening.

Cleveland and Pittsburg were very active at 73@70¾. There are vague rumors afloat relative to some legal proceedings, with the view of exposing certain speculative operations of individuals immediately connected with the management.

After the first call stocks were stronger, with more disposition to buy for the rise. Erie was active at 74½@74¾, against 73½ early in the day. Michigan Southern is now 85¼@85¾, Chicago and Rock Island 91¼@91¾, Illinois Central 93@93¾.

The list of border-State bonds shows a further improvement to-day. Missouris are in demand at 65—a rise of ¾ per cent. Tennessees are also wanted at 62. Virginias are dull at 58.

There is a *firm market* again to-day for Governments. The coupons of 1881 are in good demand at 103@95¾. The six-per-cent. certificates and seven-thirties are scarcely so steady, falling off ⅛@¼ ⅌ cent. from the top prices of yesterday.

The gold market continues dull and drooping, and sales are present at 102¾@102¾. Early in the day there were transactions at 152¾, and afterwards at 153¾, closing at 152¾.

Dutilhe demand notes are 1 ⅌ cent lower, but maintain their difference of 1¼@1½ ⅌ cent. from gold. The sales at the board were at 151.

Since the first board dutilhe demand notes have recovered to 151½, after selling at 151.

The money market is tolerably easy at 6@7 ⅌ cent. on good collaterals. The banks are lending more freely this week.

Exchange on London is very quiet to-day. We quote nominally 109½@109¾ for first-class commercial bills.

The Australasian, for Liverpool to-day, takes out $383,117 in specie.
