FINANCIAL AND COMMERCIAL.

THE MONEY MARKET.

PHILADELPHIA, February 21, 1863.

The money market is decidedly easy at six per cent., undoubted first-class borrowers generally getting all they can at 6¾.

The gold market was active and feverish to-day, the rates fluctuating most unconfortably between 19½@19¾, closing at 102. Old demands also fluctuated between 60@61.

Government loans received a new stimulus to-day in the shape of the national banking bill just through Congress. Sixes 1881 ran up to 98¾, an advance of ⅛ per cent., seven-thirties sold up to 104, an advance of ⅛. Quartermasters' vouchers improved ½; one-year certificates ¼.

Several letters having been addressed to us lately, relating to the prejudicial statement now being circulated in regard to the Catawissa Railroad Company, we insert the following from one of them, the views of which fully coincide with all that we have been able to acquire by a careful inquiry into the condition of the road. We do not agree with all that the writer says, and leave people doing investment to judge for themselves. "One of your Readers" says:

"This road, under the present efficient management, is now in excellent order; it has a large cash balance in the bank, and $110,000 7 per cent. bonds on hand not yet disposed of, which will sell much above par. The business of the road is increasing monthly, the receipts for January, 1863, being nearly $6,000 over January, 1862. The company will be able to make its dividends in July or August next, as it is now making twelve per cent. on its present price.

"The stock market was again active, and prices look like improving. Governments were in demand at the figures named above. State fives were steady. City sixes advancing ½ per cent. Pennsylvania railroad mortgage bonds and Reading sixes were steady. North Pennsylvania sixes and tens fell off ½. Camden and Amboy sixes were firm. Elmira sevens were steady at 111; the chattel tens rose 1¼. Schuylkill Navigation sixes, 1897, sold at 70¼. Chesapeake and Delaware sixes at 80½. Pittsburg, Fort Wayne and Chicago second mortgages sold at 106. Lehigh Valley Railroad sixes at 113.

Reading Railroad shares closed ½ better than yesterday; Little Schuylkill advanced from 43¾ to 44¾; Catawissa was steady at 7, the preferred rose ¾; Chesnut Hill Railroad sold at 46; Pennsylvania rose ¼; Philadelphia and Erie at 37; Minehill at 53¾; North Pennsylvania rose ¼; Norristown sold at 60; Elmira common and preferred was steady; Camden and Atlantic was inactive. Passenger railways were dull; Second and Third rose 1; Arch street sold at 20¼.

Canal stocks seem to be attracting more attention. Schuylkill Navigation was in demand at 6, the preferred rose to 10½; Morris sold at 60, an advance of ¾; Lehigh Navigation sold at 65¾, the scrip at 36¾.

Susquehanna sold at 6¾; Lehigh Zinc sold at 6¾; Green Mountain at 3; Big Mountain at 2¾. No transactions in bank shares. The market closed firm, $80,000 in Bonds and 4,100 shares changing hands.

The New York *Evening Post* of to-day says:

The most prominent feature of Wall street this morning is the increasing demand for Government stock. The market opened strong, but on the speculative list it became weaker towards the close.

Seven-thirties were eagerly inquired for yesterday in the city, and it that period he had were bought up at 103½@103¾. This morning they are worth one per cent. more.

The best list is firm. Border State bonds are steady. Erie 4th mortgage sold at 111¼; Erie 5th at 107, and Hudson River 2d sinking fund at 122. Illinois War Loans is still firing, and sold at 104¾. In railroad shares a fair amount of business has been done; Erie, Toledo, Pittsburg, Rock Island, and Galena, being chiefly active, at *rates from ½@1 per cent. below those current at the close* of yesterday's transactions.
