WHERE TO BUY YOUR SUMMER HAT.—At Charles Oakford & Sons', under the Continental Hotel, of course. Their assortment is the best in the city, and their prices reasonable.

KNOWS NOTHING ABOUT IT.—The "Local" of the Columbus (Ohio) *Fact*, notifies "all whom it may concern," who stop him on the street to inquire about the war, that he knows nothing about it, not being on the lookout for the taking of Richmond or "any other man." Just like our local editor, who says he is willing to leave the taking of the rebel capital to Halleck, Hooker, & Co., while he devotes *his* energies to the getting up first-class notices of the elegant spring and summer garments for gentlemen and youths, that are made at the Brown-Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

GROVER & BAKER'S SEWING MACHINES.—We have frequently and strongly recommended these useful articles to our subscribers; we have done so because we know and have tested them, both in our homes and elsewhere. There are two necessary things for housekeepers—one of Grover & Baker's Sewing Machines, and Godey's Lady's Book. It is not housekeeping without them. Send to them for one of their catalogues, No. 730 Chestnut street, Philadelphia, and see to what various uses in sewing they can be applied. The very finest and the coarsest sewing may be done on them. We have to chronicle a matter connected with this firm which shows their generosity. They have lately presented to the "Foster Home," in this city, an entirely new sewing machine, and mended their old one, which has been used in that establishment for many years without having had the slightest repair until now. When we consider that in an establishment where there are so many children, their clothes, and the repairs had to be done on this instrument, we think we can pay no higher compliment than to say that it has lasted through such an immense amount of work without getting out of order.—*Godey's Lady's Book for June.*

DISEASES THAT WILL EXEMPT FROM THE CONSCRIPTION.—First: *short-sight; no draft* at any time is regarded if the sight be too short, three days at least shall be allowed. Also, if the sight is impaired by habitually looking through the bottom of a tumbler, or in fact if the man is a confirmed *tumbler* himself. Second: *deafness*, but acting *dummy* won't do; as a man must prove that he has never *heard* anything, that he don't know what the war is about, but thinks that "Uncle Abe" is a kind of a St. Patrick, trying to rid the land of "Copperheads" and other reptiles. Third: *weakness of intellect*, as the habit of buying the cloth and getting his clothes made, instead of buying them Ready-made for the same price that cloth costs him, at Charles Stokes & Co.'s one-price, under the Continental. Any of the complaints fully established will exempt.
