CITY ITEMS.

POPULARITY OF THE WHEELER & WILSON SEWING MACHINE.—We are glad to find that instruction in the use of the Sewing Machine is beginning to be regarded as an important feature of female education. In a number of our most distinguished families, we find that the Wheeler & Wilson Machine now holds a place side by side with the piano, and that familiarity with the uses of each is regarded as alike essential to the accomplishments of every young lady. The Wheeler & Wilson instrument, we may remark, *en passant*, is preferred over all others, from the fact that it possesses mechanical perfections not combined in any other machine. The same reason, we presume, will account for the fact that this machine has been recently introduced in a number of schools for girls. These machines, where they are in use for this purpose, have elicited testimonials of the highest character from the President of the Elmira Female College; Prof. W. T. Phelps, Principal of the New Jersey State Normal School; Prof. H. M. Pierce, Principal of the Rutgers Female Institute; Prof. W. H. Wood, Principal of Ward School, No. 49, New York; Rev. Gorham D. Abbott, Principal of the Spingler Institute, New York, and others. The Wheeler & Wilson Machine has also been introduced with gratifying success into several industrial schools, where the pupils are educated to earn a livelihood, or perform the various duties of life.

GREAT SUNDAY-SCHOOL ANNIVERSARY TO BE CELEBRATED THIS EVENING.—From a notice in another column of our paper this morning it will be seen that the anniversary of the Sunday Schools connected with the First Baptist Church, Broad and Arch streets, will be celebrated in that edifice this (Thursday) evening. Every preliminary arrangement has been made to render the occasion worthy the former exhibitions and the high reputation of these schools, and those who attend this evening will doubtless enjoy a rich treat.

PHOTOGRAPH ALBUMS.—The Photograph Album is one of the most popular ideas of the age. Our readers will find a splendid stock of them at the great Photographic establishment of Messrs. Broadbent & Co., Nos. 912, 914, and 916 Chestnut street; as also a magnificent line of popular *cartes de visite* of distinguished personages to put in them. The pictures of this celebrated firm, in every style of the photographic art, are now quoted all over the world as the ne plus ultra of artistic excellence.

GENUINE ITALIAN MACARONI.—Messrs. Davis & Richards, successors to the late C. H. Mattson, dealers in fine family Groceries, Arch and Tenth streets, have just received a fresh invoice of fine quality Macaroni—*the pure Italian article.*

COMMUNICATION.—To the Editor: I think some of our business-people must be "hard up" for means of giving themselves notoriety; some in the way of poetry(!) worthy the *Ledger's* obituaries; some with bogus communications, and, of late days, with conundrums—that last extremity of wit. I should think that if Charles Stokes & Co., under the Continental, have such first-class Clothing at "one price," as they call it, the simple announcement of that fact would be the proper way to advertise it, without trying to embellish it with some stale joke. If you have room for this, please insert it, and I hope those may profit by it for whom it is intended.

"ABE."

PAPER COATS.—The Japanese are a queer race. We have seen a full suit made by them of paper. It was apparently strong and serviceable. In this country we have paper collars, but in Japan they go further, and have paper handkerchiefs, which are very beautiful and soft. After they have used a handkerchief they throw it away, and are thus saved the trouble of a washerwoman. They even weave their paper, and make what may be called paper-cloth of it. This sort of fabric may do for the subjects of the Tycoon, but we Yankees want something a good deal better, and we obtain it, too, when we procure our suits at the Brown-Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

THE LAWS OF FASHION are as imperious as the Laws of Health—they must be observed. Who of our lady readers, when tall bonnets are the style, would be seen with one of season before last compressed ones? and when the Fashion Books show us skirts and cloaks embroidered all over, who will be without them? But it would be a cruel waste of time to do all this intricate and delicate work by hand when Grover & Baker's Machine having for the moment performed all the *sewing* to be done, stands, with uplifted needle, ready to commence its pleasant task of throwing off the most beautiful embroidery with an ease and *nonchalance* truly wonderful; and either sewing or embroidery comes just as easy, and is performed just as quickly, one as the other, on this celebrated Machine.

SPECIAL NOTICES.

DR. D. JAYNE'S ALTERATIVE IS A STANDARD MEDICINE—a compound of those articles which long experience has proven to possess the most safe and efficient Alterative and deobstruent properties, and containing no concealed poisons, no mercurial or other metallic preparations. Having before us the testimonials of thousands of persons who have been restored to sound health from its use, it is recommended to the afflicted with entire confidence, in the belief that it will effectually eradicate from the human system, the diseases for whose cure it is designed.

FOR PURIFYING THE BLOOD, the Alterative will be found to be a most effective medicine. Acting directly on the circulation, it purifies the blood, and passes with it into every tissue and fibre of the body, removing every particle of disease from the system.

FOR SCROFULA, in all its forms, whether Ulcerations of the Flesh or Bones, Enlargement of the Joints, Glands, Swellings, Eruptions, Tumors, &c., the Alterative has been found pre-eminently successful. By its action on the blood it destroys the virus or poisonous principle from which these diseases originate.

FOR SKIN DISEASES, the immediate cause of which will always be found to be an obstructed state of the pores, *Jayne's Alterative* is a certain remedy. It not only removes the obstinate state of the pores, but it frees the blood and perspiration from all impurities and gross particles which are so liable to obstruct the small perspiratory vessels.

A MIDSUMMER MELODY.

Twee a night in the dog days,
And all through the house
Night prowlers were stirring—
Fleas, bedbugs, and mouse.
The children, uneasy,
Squirmed this way and that—
The bedbugs preferred them
Because they were fat.
But at dawn, on each insect
Lyon's death powder fell;
The rats and the mice, too,
Succumbed to his Pill.

Lyon's Powder will kill all insects. Lyon's Magnetic Pills are sure death to rats and mice. Sold everywhere may28-12t DEMAS S. BARNES, New York.
