SIXTY-NINTH ANNUAL SESSION OF THE NEW SCHOOL PRESBYTERIAN GENERAL ASSEMBLY—NINTH AND LAST DAY—MORNING SESSION.—The session opened at nine o'clock. Rev. Mr. Brownlee, of Kansas, conducted the religious exercises. The devotional services consisted of singing, prayer, and scripture-reading. Rev. Dr. E. A. Lambert was then announced by Rev. Dr. Spear as in the house. As being connected with the Christian Commission, and as just arrived from Murfreesboro, Tennessee, this gentleman had peculiar claims to attention. He remarked that he had just been in Army of the Cumberland, which was very large. It consisted of three army corps, the left wing, three divisions, under General Crittenden; the right wing, three divisions, under General McCook, and the centre corps, five divisions, under General Thomas. Each of these divisions contains three or four brigades, each brigade four or five regiments and a battery, and most of the regiments are pretty full. There are also many regiments of men in a reserve force and doing special guard and garrison duty, besides a division of cavalry.

He said there were whole brigades of his army without chaplains or religious teachers of any kind. He thought the Sanitary Commission were doing a great work, and he hoped all would remember these two great associations, as they were the soldier's Christian hope. Through the latter every man in the army could be reached with tracts, testaments, hymn-books, pamphlet fans, current jelly, and hospital and sanitary stores of every description. Dr. Lambert related a number of interesting anecdotes and reminiscences of his labors. Mr. Sheldon, of Kansas, hoped that the cause of the Church in the far-off field of Kansas would also be remembered by the Assembly among its churches and the people. After prayer, the Moderator took the chair, the minutes of the previous session were read, corrected, and approved, and the Assembly proceeded to business.

The report of the Standing Committee on Church Erection was read by Mr. Howard, the chairman. It sets forth that the trustees of the fund have the sum of $33,000 now in hand as a surplus, which is securely invested over and above the large loans and donations now out to the credit of the fund. As some churches had borrowed money without using that money in the manner prescribed by the Assembly, it was proposed that certain requests for funds should be denied, and henceforth the requirements of the Assembly must be observed. It is recommended that the Board of Trustees, as at present constituted, be continued during the coming year, viz.: Rev. H. D. Smith, D. W. McLean, W. A. Booth. After a prolonged discussion upon the subject, on motion, speeches were limited to five minutes' duration.

An amendment to the report was offered to the effect that the fund hereafter be limited to $100,000, and any surplus to be disposed of to other purposes, say the Publication Committee. This was withdrawn. Rev. Dr. Spear moved that a committee of five be appointed to examine into the workings of the Church Erection Committee, and report at the next meeting of the Assembly. This would be correct under the constitutional charter of the fund. Hon. John A. Foote thought that under the act of incorporation nothing better could be hoped for than the action of the committee, but if the Assembly would appoint a special committee to examine the subject for the space of a year, some new idea might be developed that has escaped the present one; but until this was done, nothing better could be done with the fund.

Mr. Brownlee said that the churches in the West were suffering greatly from the effects of the plan which governs the distribution of the Church-erection Fund. He was supported in his remarks by a number of Western members of the Assembly. Rev. Mr. McLean, secretary of the committee, said that the committee only included the churches out of debt, but had never foreclosed except in one case, when fraud was suspected. No church was pushed to pay a loan, after using the money for three or more years. After three years, interest upon the principal loaned was demanded by committee, while the rate of interest was one per cent. The amendment to the report, appointing a special committee to examine the workings of the Church Erection Committee, and report at the next meeting of the Assembly, was passed. The report was then adopted.

The report of the committee on the state of the churches of the Assembly were tendered to Jesse W. Benedict, treasurer of the fund, for his excellent discharge of all the duties of his office without pay. The Committee on Leave of Absence reported that they had granted leave to some forty persons, and had the names of many applicants on the roll-book. The committee proposed that an evening session should be held. Dr. Spees attending received permission to make a personal explanation regarding a recent article and remarks touching the report of the Committee on the State of the Country.

The order of the day was suspended, and Rev. Albert Barnes proceeded to read a supplementary report of the Committee on Foreign Missions. He reviewed the relations of the committee with the American Board of Foreign Missions, and recommended that renewed efforts should be made in the cause. The report was adopted. The Committee on Presbyterian Narratives made a report. Some eighty Presbyteries narratives have been received and examined. The increase of intemperance is referred to in our report, and the committee recommend the attempt to utterly annihilate the common enemy. Many references are made to the revivals of religion now going on in the Church, and the churches are reported to be in a good condition generally all over the country. The Sabbath-schools have been especially visited with a season of great prosperity; they form the hopeful portion of the Church. Instances it has been found that two-thirds of the Church members were formerly Sabbath-school scholars. The report is very hopeful for the future of the Church. Twenty-four deaths are announced. The report was received and adopted.

Rev. Dr. Tustin, delegate from the Old School Presbyterian body, then made farewell to the Assembly. Rev. Jr. Parker responded in a few appropriate words, ended fully the kindly feelings expressed. After this the Assembly adjourned, to meet at half past three o'clock in the afternoon.

AFTERNOON SESSION.

The afternoon session opened at half past three o'clock. The attendance in the galleries, and throughout the body of the church, was scant. The minutes of the morning session was read and approved. The reports of the delegates to Wisconsin were then heard. The meaning names were those which were nominated trustees of the Presbyterian House, viz: Charles S. Watts, M. D., John G. Farr, Thos. J. Shepherd, Daniel Marsh, W. T. Eva.

The Committee on Bills and Overtures then made their report. Bills was adopted, and the committee was discharged. Connected with this report were some recommendations relating to various overtures, which were likewise adopted.

On motion of Rev. Dr. Spear, a committee was appointed to convey to the President of the United States the action of the body in regard to the state of the country.

Rev. Dr. Wiley, of the Reformed Presbyterian Church, was called upon to make an address before the Assembly. In the course of his remarks he said that he spoke, he thought, to those who sympathized with him in his views. As the progress of this war multiplies the unhappy class of which he spoke have been thrown upon our fostering care. The emancipation proclamation is enforced throughout all slave States. In these we are to do with them? They earnestly desire to receive instruction. It is the burden on the American Church at present to provide for them. They are teachable to as our very doors. Such an effort should not be regarded as insulting and insufferable and inconsistent. Dr. Wiley remarked that as an assembly, the body which is addressed should have the feelings of respect toward this Assembly, and it would never consider the meetings of that Assembly with the utmost attention and kindness and respect.

Rev. Albert Barnes said, in reply, that he was very unexpectedly called upon to answer the very courageous and kind address of Dr. Wiley. The body which Dr. Wiley represented had taken prominent positions on important questions, all the rights of church and State, President and Cabinet, should be and are concerned in the great events which take place, and are taking place at present, in this country. We believe that God Almighty reigns; that He loves this country, and intends to promote the interests of the human race. Mr. Barnes prayed that the blessing of God might rest upon Dr. Wiley and upon the body which he represented.

On motion by Rev. Mr. Johnson, it was resolved that the first Monday in January next be observed as a special season of prayer for churches and the conversion of the world; and that the last Thursday in February next be observed as a day of special prayer for the prosperity of colleges and the conversion of students.

The judicial report presented by Rev. Dr. Spees was adopted, after some slight discussion.

Rev. Mr. H. Johnson, of Pittsburg offered the following resolution, which was adopted:

Resolved, That this Assembly cordially approve of the spirit and aims of the United States Christian Commission, an organization designed to furnish to the officers and men of our army and navy the best possible Christian ministries for body and soul in their circumstances, and that we cheerfully and heartily commend this work as most important and timely, not only in its influences upon the brave men in the field, but through them upon the cause they advocate, and the country they defend.

Resolved, That this Assembly recommend to our churches, in receiving contributions for the purpose of supplying the army with religious reading, to forward the same to our Publication Committee, Martin the agent that the money be invested in publications adapted to the wants of the soldiers in field and hospital, the same to be forwarded through the agency of the commission.

The names of the special committee which next year is to report to the Assembly in relation to Schools and Colleges and Colleges are: Revs. Joel Parker, D. D., Henry Darling, D. D., Henry Ten Brook, D. D., and Elders E. T. Huntington, and M. W. Baldwin.

It was moved and adopted that the roll being first called, the Assembly shall adjourn until eight o'clock; and that, after an hour spent in devotion, the exercises connected with the final adjournment of the Assembly be to be through with. The Assembly then adjourned, to meet again at eight o'clock.

GUARDIANS OF THE POOR.—A stated meeting of the Board of Guardians of the Poor was held yesterday afternoon, in pursuance of adjournment, at the Almshouse Buildings.

President Morris in the chair.

The Board of Visitors submitted their report for the month of May, showing that during that period the total expenditures reached $31,241, of which $169.94 was for medicines, and $673.50 for groceries. The number of persons sent to the Almshouse was 254, and 317 were received from the almshouse receiving relief was 1,946, of whom 449 were Americans, 431 foreigners, and 1,066 children.

The House Agent reported the population of the Almshouse to be.....3,326

Same time last year.....2,435

Decrease.....107

Admitted during the last two weeks, 122; births, 3; deaths, 28; discharged, 145; eloped, 60; bound, 3; number of persons granted lodgings, 46, and meals, 206.

The receipts show $108.50 for support cases, and $60 for emigrants tax. The treasurer reported having paid into the city treasury $4,612.25.

A communication was received, enclosing a proposal to furnish lightning rods to the Almshouse.

Mr. Emly moved that the Committee on Buildings be requested to communicate to this Board the most efficient means, in their judgment, of protecting the Almshouse building from lightning; which was agreed to.

The resignation of Dr. O. A. Judson, surgeon U. S. A., now attending physician to the Philadelphia Hospital, Blockley, was received and accepted.

The Committee on Children's Asylum reported the binding out of several children, which was agreed to.

The Committee on Hospital reported that J. Greeves had been appointed nurse of the men's surgical department. Agreed to.

The Committee on Farm and Garden reported that they had contracted with Mr. Jonathan Powell for repairs to the Almshouse wharf, at an expense of $1,119.50, which action was confirmed. Adjourned.

BOARD OF SURVEY.—A stated meeting of the Board of Survey was held yesterday.

Petitions were received, and referred, for sewers in the following places: In Green street, from Sixteenth to Seventeenth; Cobbs creek, from Sixteenth to Seventeenth; Ball street, between Richmond and Beach streets; northeast corner Cotton and Cresson streets, Twenty-first ward; corner Hancock and Green streets, Twenty-second ward; Warren street, from Thirty-sixth to Thirty-eighth.

A resolution was passed, recommending the construction of a culvert on the east side of Franklin street.

The committee appointed to examine the grade on Ashford street, from Main to Creson, Twenty-first ward, reported in favor of revising the survey of said street.

The following sewers were authorized to be constructed: On Armat street, Huntington street, Coral street, Brown street, from Ridge avenue to Seventeenth; Nineteenth and Hamilton streets; Fifth street, from Lombard to Pine; Lombard street, from Fifth to Sixth; Davis street, from Delaware avenue to Swanson street; Hurst street, from Lombard to South; Market street, between Eleventh and Twelfth.

The Board approved the plan of Ocean street, Eleventh ward, again submitted and approved in accordance with the order of the Court of Common Pleas.

A plan of the extension of the Lombard and South-streets passenger railway, from Lombard street to Delaware avenue, on Front and Dock streets, was presented and permission granted the company to proceed with the construction of the same under resolution of the Board.

THE COMMERCE OF PHILADELPHIA.—The following statement shows the number of foreign and coastwise arrivals for the month of May, as compared with the same month of last year:

ARRIVAL OF A PRIZE.—The Schooner Wonder, a prize to the United States steamer Dofoodle, has arrived at this port. The Wonder belonged to Laudin, and was captured off Charleston on the 26th inst., in an attempt to run the blockade. She was loaded with salt.

STREET CLEANSING STATISTICS.—During the month just ended the labor performed by Mr. Smith, contractor for cleansing the streets, was as follows:

No. of loads of dirt removed	9,198
" " ashes	5,671
" " dead animals	204
" " inlets cleaned	204

The condition of the streets generally throughout the city at the present time is admitted to be better than at any time previous for several years. The street-sweeping machines have just been put to work, and the highways are now in such a state that, with watchfulness and care, they can be kept perfectly clean. If inquiry is made in those localities which always present a filthy appearance, the fault will be found not to lie with the contractor, but with the residents themselves, who are constantly in the habit of depositing all their offal in the streets. Hence the great necessity of the enforcement of the ordinance relative to this breach of the peace.

The contractor submits the following statement of expenses for cleansing streets, removing ashes, cleansing public markets, inlets, &c., for the period of one year:

Cost of removing ashes, &c.	$40,220 74
Cost of cleansing markets, inlets, and removing dead animals	4,981 26
Rent of wharves, dumping grounds, &c.	4,000 00
Salaries of foremen, clerks, etc.	6,018 50
	$55,220 50

Deduct this amount from $72,000, the sum paid the contractor annually, and a balance of $16,749.50 is left. Add for sale of manure $5,000.37, and we have the sum of $22,348.87 for cleansing the streets for one year. The balance for cleansing the streets for the present year will probably be less than this amount. The present system of street cleansing, which has been found to answer far better than any other previously tried in this city, is coming more and more into favor each day. Improvements are constantly being made by the contractor, and he has contracted with the city he has abolished the old ash carts, and substituted air-tight ones in their stead, and is about introducing many more desirable changes.

SICK AND WOUNDED.—Yesterday afternoon a large number of soldiers arrived at the Citizens' Volunteer Hospital, where they were properly cared for. Among them are the following Pennsylvanians:

Henry Morris, C. 114.	Matthias Stump, I. 126.
W. M. Kleinfelter, O. 126.	Geo Stiner, E. 10 Res.

L. McKinzie, C. 83.	Chas H. Koons, G. 85.
John Shultz, B. 61.	W. W. Davis, E. 111.

A SHOOTING CASE.—About one o'clock yesterday afternoon, an accidental shooting affair occurred at 337 Chestnut street. The basement of the building is occupied as an air-gun shooting gallery. We understand that an individual was allowing yesterday afternoon, to fire a pistol loaded with powder and ball at the target. The ball, however, penetrated a plank partition, behind the target, wounding a woman in the limb. The affair created quite a crowd on Chestnut street. The wounded female was carried to the place where the accident occurred. Her injuries are not dangerous.

ARMY HOSPITALS.—The following is an aggregate of the number of the hospitals in this military district for the week ending May 30, 1863:

Received to duty	186
Discharged	92
Deceased	4
Remaining	3,621

JAY COOK, SUBSCRIPTION AGENT, reports the sale of $1,503,050 five-twenties at the various agencies in New York, Philadelphia, Boston, and the West. The extraordinary success attending this loan can only be attributed to the thorough manner in which the people were made acquainted with its details, and their full appreciation of the cause in which they are engaged.

BUILDING PERMITS.—The following statement will show the number of permits for buildings issued during May, 1863:

Dwellings, 7 four story, 171 three story, 203 two story, 5 one story, total, 386; stores, 4; offices, 4; stables, 10; shops, 5; factories, 7; churches, 2; car house, 1; dye house, 1; shed, 1; alterations and additions, 34; total, 458.

RUN OVER.—Yesterday morning, about eleven o'clock, an elderly lady, named Sarah Nicholas, was run over by a locomotive on Market street and Washington avenue. Both legs were crushed in a shocking manner. The sufferer was conveyed to the Citizens' Volunteer Hospital, where her injuries were promptly attended to by the surgeons in charge.

NARROW ESCAPE.—On Saturday afternoon, one of the limbs of a large poplar tree in front of the mansion house in Fairmount park fell. Two ladies who were getting under the tree were knocked down, and one of them was somewhat injured. Both made a very narrow escape from death.

FLAG RAISING.—On Saturday next the various attachés of J. Fletcher Budd, Esq., assessor of the Third collection district, propose throwing to the breeze, from their office, on North Third street, a magnificent flag. A number of distinguished speakers will be invited to be present on the occasion.

THE LATE COL. J. RICHTER JONES.—The body of this gallant officer, who was killed near Newbern recently, will be laid in state, in Independence Hall, to-morrow morning.

APPOINTMENT.—Mr. John Craig, of this city, formerly a member of Select Council, has been appointed an assistant quartermaster, with the rank of captain, in the volunteer service.

DIED SUDDENLY.—John Prentiss, a railway conductor, died suddenly yesterday morning, about 11 o'clock, at the Hestonville depot.

COMMENCEMENT OF THE JUNE TERM.

The June term of the District Court commenced yesterday, and the court was current on the very courteous and kind address of Dr. Wiley. The body which Dr. Wiley represented had taken prominent positions on important questions, all the rights of church and State, President and Cabinet, should be and are concerned in the great events which take place, and are taking place at present, in this country. We believe that God Almighty reigns; that He loves this country, and intends to promote the interests of the human race. Mr. Barnes prayed that the blessing of God might rest upon Dr. Wiley and upon the body which he represented.

On motion by Rev. Mr. Johnson, it was resolved that the first Monday in January next be observed as a special season of prayer for churches and the conversion of the world; and that the last Thursday in February next be observed as a day of special prayer for the prosperity of colleges and the conversion of students.

The judicial report presented by Rev. Dr. Spees was adopted, after some slight discussion.

Rev. Mr. H. Johnson, of Pittsburg offered the following resolution, which was adopted:

GENERAL ORDERS, No. 105.

WAR DEPARTMENT, ADJT. GENERAL'S OFFICE, Washington, April 29, 1863.

The organization of an INVALID CORPS is hereby authorized.

This Corps shall consist of Companies, and if it shall hereafter be found expedient, of Regiments.

The Companies shall be made up from the following sources, viz:

First. By taking those officers and enlisted men of commands now in the field (whether actually present or temporarily absent) who, from wounds received in action or disease contracted in the line of duty, are unfit for field service but may still be competent for garrison duty, or such other light duty as may be required of Invalid Corps. Regiments Commanders shall at once make out a nominal roll of such officers and their Adjutant and Company Officers, and from their own knowledge, rolls (according to the forms to be furnished) of the names of all the officers and enlisted men under their control who fulfill the following conditions, viz:

1. That they are unfit for active service on account of wounds or disease contracted in the line of duty; this fact being certified by the Medical Officer in the service, after personal examination.

2. That they are fit *for garrison duty*; this fact being likewise certified by the Medical Officer in the service, after personal examination.

3. That they are worthy, and desirous of the honorable service in question.

The Provost Marshal for the District shall then send the application, with this certificate of the Board, to the Acting Assistant Provost Marshal General of the State, who shall procure such evidence of service and character as the records of the Department may then have on file at the Headquarters of the State, may show, and if satisfied that it is a meritorious case, and that the man is deserving of the Invalid Corps, he will transmit the papers to the Invalid Corps, though disabled and certified by the Surgeon, he will state his objection in the column of remarks, and note the exception, before signing the certificate. If any officer or enlisted man now in the Invalid Corps be absent from duty beyond the reach of a Medical Officer in charge of a Hospital or Convalescent Camp, or has been so during the last two months, he will take course indicated below for those who have been transferred to the Invalid Corps.

Third. In transferring those officers and enlisted men who have been honorably discharged on account of wounds or disease contracted in the line of duty, care should be taken to re-enter the service. In the case of an officer, an application for appointment must be made to the Adjutant General, who will refer the case, if deemed through the officer detailed as Acting Assistant Provost Marshal General of the State, to the Provost Marshal General's Bureau.

Officers for the Invalid Corps will be appointed immediately upon furnishing the papers required by General Order No. 105, of 1863, from War Department. Their pay and emoluments will commence from the date of acceptance of such appointments, and not from date of organization of the respective commands to which they may be assigned.

J. B. FRY,

my29-1m Provost Marshal General.

OFFICE PENNSYLVANIA RAILROAD COMPANY,

PHILADELPHIA, May 22, 1863.

The undersigned has been authorized to offer for sale a part of the First Mortgage Six Hundred SHUBENVILLE BRIDGE BONDS of the Holliday's Cove Railroad Company, amounting to Three Hundred Thousand Dollars, ($300,000,) issued to J. Edgar Thomson, Trustee, under an Act of Assembly of the State of Virginia, authorizing the construction of a Railroad Bridge across the Ohio river at Steubenville, confirmed by an Act of Congress, approved July 14, 1862.

These bonds are for one thousand dollars ($1,000) each, secured by a mortgage on the property and franchises of the Company, and redeemable on the first day of February, 1885. The coupons attached to the bonds are payable on the first day of February and of August in each and every year, at the office of the Pennsylvania Railroad Company, in the city of Philadelphia, and the principal thereof at the Farmers and Mechanics' Bank in the said city, at maturity.

This Railroad Bridge is now being constructed in the best manner with stone piers and abutments, and iron superstructure, after a plan prepared by J. H. Linville, civil engineer and approved by J. Edgar Thomson, President of the Pennsylvania Railroad Company.

The bridge, when completed, will form part of a through line from Pittsburg to Cincinnati, under one management, twenty-nine miles shorter than any other route, and fifty-eight miles shorter than the present route, via Crestline. It is expected that the line will be ready for business throughout its whole extent by July 1, 1864, and it must eventually become the great through route for both passengers and freight to and from the South and Southwest.

The Tolls that will be charged by the said company under its charter, for the use of this bridge, are specifically pledged for the payment of the principal and interest, and twenty per cent. per annum of the earnings, after payment of interest and such expenses as may be necessary to be added to the principal, shall be applied to the payment of the bonds at maturity.

The amount of traffic passing over this bridge will yield, under a limited estimate, a fund amply sufficient to provide for the interest and the necessary accumulation for a sinking fund, to provide for the principal of the bonds before they mature. The bonds are, therefore, recommended as a first-class security.

Any further information desired will be given by the undersigned. [my25-1m5t] EDMUND SMITH.

PENSIONS.—$100 BOUNTY AND PAY procured and collected for Soldiers, Sailors, and the relatives of such as are deceased, at reasonable and satisfactory rates. Soldiers who have served two years, and all soldiers who have been discharged by reason of wounds received in battle, are now entitled to the $100 bounty; and the latter, also, to a pension.
