This Company, National in its character, offers, by reason of the Large Capital, Low Rates of Premium and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-Holders.

Several new and attractive tables are now presented which need only to be understood to prove acceptable to the public, such as INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, *an annual income equal to ten per cent. (10 per cent.) of the par of his policy.* Thus the Company gives to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

Circulars, Pamphlets and full particulars given on application to the Branch Office of the Company in Philadelphia, or its General Agents.

LOCAL AGENTS ARE WANTED in every City and Town; and applications from competent parties for such agencies with suitable endorsement, should be addressed to THE COMPANY'S GENERAL AGENTS ONLY, in their respective districts.
