FINANCE AND TRADE.

(By Telegraph to the Pittsburgh Gazette.)

NEW YORK, Dec. 14, 1869.

The day closed without any further important developments in regard to the New York bounty loan frauds, although some small alterations were brought to light. The executive committees of Adams, United States and American Express Companies, it is stated, will shortly meet to decide on the question of allowing Adams Express Company to run an express line over the Pennsylvania Central and Fort Wayne roads to Chicago. The Adams Company is also negotiating for a return or those lines which they surrendered on a compromise with the Merchants Union Company. The stringency in money is increased this afternoon, and many bank accounts were not made up until after three o'clock. Call loans sharp at 7 per cent. gold, and late in the day there were some transactions at 1-16@¼ per cent. per diem. The bounty loan frauds have disturbed the confidence among banks and money lenders to such an extent that many loans were called in to-day and the money not again loaned out. Some parties were also calling in loans for to-morrow. This action is taken simply for protection until the full extent of the frauds is discovered. Some banks report a demand for currency from the South and southwest.

Discounts dull, being quoted at 10 to 12 per cent. Sterling a shade firmer at 8¾@8¾.

Gold lower, opening at 22¼ and closing 22. The rates paid for carrying were 6¼@7 per cent.; currency 7 per cent.; gold 7-32@8 per cent.; clearances thirty-seven millions.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE, TUESDAY, December 14, 1869.

The oil market continues weak and completely demoralized and while the trade is an unhealthy and very unsatisfactory condition at present, the prospects for the future are not encouraging. The trouble does not seem to be confined to the "longs" and "shorts," but the whole trade is suffering, and those who are neither long nor short and who are disposed to do a legitimate business, have their hands tied, and, as noted the other day, have already or will be obliged to close their works. This should not be, particularly at this season of the year, but there seems to be no help for it; there is no money, at present prices, in manufacturing oil, but, on the contrary, a loss would be inevitable, and refiners, like other men, do not propose to do that kind of business. Pittsburgh has all the requirements and facilities to make her the great oil manufacturing emporium of the country, but if the business within her own borders is conducted in 1870 as it has been in 1869, she will lose her prestige in this respect as she would deserve to.

CRUDE:

Market fairly active, with a fair volume of business in the aggregate though it is possible that some of the sales reported were settlements. Sales: 2,000 seller this month at 15¾; 1,000 do at 15¾; 1,000 at 15¾; 1,000 at 15¾; 2,000 spot at 15¾; 1,000 on cars at Oil City, at 15¾; 5,000 on lower creek, seller 60 days, at 16; 2,000 do at 15.

REFINED.

Market was a shade stronger for December delivery, with sales of 500 bbls at 30¾; 1,000 at 31, and 2,000 at 31. January and February offered at 31¼, and the figure will apply to January to March.

PITTSBURGH MARKETS.

OFFICE OF PITTSBURGH GAZETTE, TUESDAY, Dec. 14, 1869.

Business, generally, is quiet and rather unsatisfactory, business men, generally, are complaining, and the complaint is not so much in regard to making sales, but in consequence of the very small margins. There is such a sharp competition for trade that some parties in their eagerness to secure it, sell almost at cost, and while they make nothing themselves prevent others engaged in the same business from making anything. This is the worst feature in commercial circles here just now, and it has been so for some time, and it is this, more than anything else, that makes business so dull and unsatisfactory. Men do not like to invest their capital and spend their time and attention on anything that does not at least promise a return, and there is scarcely anything that does even that much promise anything, or in which there is the least inducement held out. This together with the fact that money is tight and collections very difficult to make, renders business, generally, dull and unsatisfactory, and what is worse still there is no prospect of any immediate improvement. It is possible that trade may brighten up after the new year has opened up, at least it is to be hoped so, but, as already intimated, the indications are by no means encouraging.

FLOUR—Sales at $5,25 per bbl for fair to choice. Most of the sales at $5,50@$.

APPLE BUTTER—Quoted at 75@85.

RIVER NEWS.

Upper Rivers.

(By the A. & P. Telegraph.)

BROWNSVILLE, Dec. 14.—The river is on a stand, with about five feet water in the channel. Weather clear. Thermometer thirty-five at four P. M. C.

GREENSBORO, Dec. 14.—The river is on a stand, with about four feet water in the channel. Weather clear. Thermometer thirty-eight. F.

MORGANTOWN, Dec. 14.—The river is stationary, with two feet water in the channel. Weather cloudy. Thermometer forty-three at four P. M. W.

The river continues to rise steadily at this point, with 7½ feet in the channel by the Monongahela marks last evening. The weather yesterday was mild and pleasant, with occasional gleams of sunshine. Mercury at 4 P. M., 40.

There has been no arrivals since the date of our last report. The Belle, from Parkersburgh, was due last night and will depart to day at noon. The Argosy, from Cincinnati, will be here to-morrow.

The St. Charles departed for Cincinnati with an excellent trip. Pilots, Jas. Rowley and C. C. Cable.

The Kate Putnam, Capt. J. Russell, with Wm. Harbison in the office, takes her departure for St. Louis to-day, and passengers and shippers should bear this in mind. The Kate is in excellent condition for business.

The following coal packets will leave on this water for Cincinnati with tows of Coal: Fearless, 100,000 bushels; Whale 100,000; Coal Hill, 100,000; Coal City, 100,000; Leopard, 105,000; Clipper, 90,000; Blue Lodge, 44,000 bushels coal and 9,000 do coke. Total, 704,000 bushels coal and 9,000 bushels coke.

The Mollie Ehert, Capt. G. W. Ebert is filling up steadily and will be the first boat out for New Orleans.

Capt. Dan Moore has returned from Madison, where he completed the wrecking of the old McCullough.

Capt. Asa S. Shepard was in the city yesterday.

—The new boats in process of construction by the North Line Packet Company are fast approaching and ready to commence running by the time of the opening of navigation. One of them, the Atlantic, will run between Davenport and Fort Madison, will be 210 or 215 feet long, 33 feet broad, and will, it is thought, be named the Rock Island. The other two are building at Jeffersonville for the lower St. Louis and St. Paul. One will be 245 feet long, and 38 feet in breadth, and the other 234 feet long, and 34 feet broad. The aggregate cost of the three boats will be nearly $200,000.

—The Nashville *Union*, of Saturday, says: The Robert Moore departed yesterday, with a goodly number of passengers, but little freight. Lord Palmerston has engaged for her, however, one hundred tons pig iron for all the ports of Pittsburgh and fifty tons blooms, with a *carte blanche* for all the iron she can carry to Cincinnati. Her first trip will gladden the hearts of the "home boiface."

—The Lorena left Cincinnati on Saturday for New Orleans with 500 tons of freight and a large passenger list. The Memphis people have been notified of her departure, and have doubtless taken the necessary precautions for the safety of the city.

SPECIAL NOTICES.

SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, rouse the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens into the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivaled success in the treatment of pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, raises it and throws it off by an easy expectoration, for which the phlegm or matter is ripe; a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To certain, the Seaweed Tonic and Mandrake Pill must be freely used to cleanse the stomach and liver, as, like the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, remarkably. All obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented equal to them (a deadly poison which is very dangerous to use in mass with great care,) that will unlock the gall bladder and set at the secretions of the liver like Schenck's Mandrake Pills.

Liver complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the sister in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. None can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make good blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach; the patient will begin to want to eat, it will digest easily and make good blood; then the pulmonic lungs begin to fill up, and as soon as the body begins to gain, the lungs commence to heal up, and the patient gets well by and-well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 240 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery has thousands similarly afflicted have sent to Dr. Schenck's preparation with remarkable success. Full directions accompany each bottle, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond street, New York, every other Tuesday, and at No. 33 Hanover street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirator, the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists.
