have been presented to Philadelphia by the authorities of Paris, France, and have been placed, as most appropriate, among the archives, in charge of the Chief Engineer and Surveyor.

Respectfully, ALEXANDER HENRY, Mayor.

A resolution of thanks to Mr. Thorton was passed.

A communication was received from the Commissioner of City Property calling attention to the condition of the public square, which have been occupied for camping grounds by the military. Referred jointly to the Committees on Defence and City Property.

A petition from the employees of R. A. Smith, late city contractor, asking that some provision be made for their payment, was referred to the special committee on street-cleaning.

A communication was received from the Dana Troop, complaining that they have been excluded from the provisions of the ordinance relative to bounties, because they were not mustered in until after July 1. The paper states that the delay in mustering in was the fault of the mustering officer. Referred to the Committee on Defence and Protection.

A communication from the officers of the 60th Regiment P. M., asking that the bounty money shall be paid to the members of the regiment, was received.

Also, one from the commission for the erection of a municipal hospital, relative to the property on Hart's lane. The communication covers one from F. G. Brewster, Esq., City Solicitor, stating that rent had been received after the expiration of the lease, which virtually renews the lease, contrary to directions. The commission have, therefore, been unable to get possession of the property required. Referred to the Committee on Law, with instructions to report at the next meeting.

A petition relative to the bad condition of Islington lane was referred to the Committee on Highways.

Reports of Committees.

The Committee on Schools reported an ordinance appropriating $6.5—viz: to pay for extra work on new school building, Section, $5; repairing school, John Quincy Adams School House $200; to pay deficiency in rent of Academy of Music for High School Commencement, $250. Passed.

The Committee on Law, to whom was referred the ordinance relative to the paving of the tracks of the passenger railway companies, reported the same with a negative recommendation, and asked to be discharged from the further consideration of the subject. The request was granted.

Mr. LAMBERTON then introduced an ordinance upon the matter, and remarked that it met the views of all the members of the Committee on Law. The bill provides that all passenger railway companies shall be required to keep in repair say street, road, or lane occupied by it, and shall suffer such street, road, or lane to be kept, or shall be the duty of the Commissioner of Highways to give notice forthwith to such company to put such street in good condition; and if, at the expiration of ten days after such notice, the street is not repaired, the offending company shall forfeit and pay $100 for each and every day such street or road is suffered to be out of repair; the same to be recovered like other penalties. And at the expiration of the time above mentioned, if the street shall remain unrepaired, it shall be the duty of the Chief Commissioner of Highways to have the same repaired, and the City Solicitor to bring suit to recover the amount expended, as well as the penalty.

The ordinance was adopted.

The Committee on Law reported several resolutions changing precinct houses, which were adopted.

Bills in Place.

Mr. MILLER presented an ordinance appropriating $200 to pay J. H. Kay and W. G. Haines for keeping the accounts of the Defence and Protection Relief of Families of Volunteers, and the Bounty Fund Commission. Referred to the Committee on Accounts.

Mr. GATHERWOOD introduced a resolution instructing the Committee on Water Works to inquire and report upon the practicability of erecting a water works on the Wissahickon, near Chestnut Hill, or on the Schuylkill, near Flat Rock, to supply the people of Germantown, second ward with good water. Mr. C. remarked that he had offered a similar resolution last October, but great complaints are now being made in regard to the impure condition of the water. A town meeting on the subject was held in the second ward last Tuesday evening, and a committee appointed to act with the Germantown committee.

Mr. WETHERILL offered a resolution requesting the Committee on Girard Estates to inform this Chamber the number of leases granted by the superintendent of Girard estates in Schuylkill county, with the names of the parties and locations, and whether the superintendent in Schuylkill county is permitted to have any interest in the leases. Adopted.

Mr. DAVIS presented a resolution inquiring of the Commissioner of Highways the number of men, horses, and carts employed in cleaning the streets, the number of loads of filth taken from the streets, and the price per load received from the sale of the dirt. Adopted.

Bounties to Volunteers.

Mr. ZANE read a resolution requesting the Committee on Defence and Protection to inquire if the officers of regiments mustered into service for three or six months, on the expiration of their term, in Pennsylvania, who have not received the city bounty.

Mr. WETHERILL explained that the ordinance authorized the commissioner of the city bounty to pay money to Harrisburg, or were mustered in before the 1st of July.

Mr. ZANE said that there were some independent companies formed to go to Harrisburg, but the authorities there sent them elsewhere. He thought that these deserved bounties as well as the others, and intended offering an ordinance upon the subject.

The resolution was passed.

The ordinance relative to a Municipal Hospital was postponed until the next meeting.

Mr. WETHERILL submitted a resolution authorizing an extension of the sewer in Buttonwood street, from the Delaware Avenue Market Company. Referred to the Committee on Wharves and Landings.

THE POLICE

(Before Mr. Alderman Williams.)

Suspicious.

Three parties, two men and a woman, were arraigned yesterday morning, on suspicion of having stolen the sum of five hundred dollars, belonging to a man who resided at times in another part of the same house in New Market and Noble streets. The money was kept in a trunk in the room, and as poor silence that anybody could have stolen it besides those who lived in the same house. This is no evidence at all. The parties were committed for a week's further hearing.

(Before Mr. Alderman McMullin.)

Assault with a Club.

A man, giving the name of Owen Clark, was charged yesterday morning with assaulting a boy named Jacob Cole. The affair is said to have taken place in that classic thoroughfare called Front street, formerly Pine alley. The accused was committed.

Attempted Pocket-picking.

Thomas Rider and W. Boyer were committed by the same Alderman on the charge of attempting to rob the pocket of an unsuspecting parties, in the vicinity of Fourth and Shippen streets, on Wednesday night.

Served Him Right.

In these days of general publicity and wandering soldiers, who have more United States treasury notes than Tertullian, the people will generally exclaim "serve right" whenever they hear of a son of Mars being robbed in such a place as Front street. Soldiers, on any and all days having a proper regard for common decency and morality, will keep aloof from this well-known thoroughfare. It may be a fact it is considered by the police as a harbor for thieves and a den for murderers; drugged liquor shops with Front cellars are numerous. Four reputed looking women were arraigned before Alderman McMullin yesterday, on the charge of robbing a soldier in one of the hovels in Front street on Wednesday night, of all the money he had, amounting to thirty-five dollars. The soldier was drunk, and the money was not recovered, nor will it ever be. It is quite likely the same prisoners will be liberated within a few days, and the poor soldier will be robbed of his money, chance to listen to their syren song. So wags the world away.
