CITY COUNCILS.

The regular stated meeting of both branches of Councils was held yesterday afternoon.

SELECT BRANCH.

President LYNN in the chair.

Petitions and Communications.

A communication from the superintendent of the Bridesburg Arsenal was read in regard to paving Bridge street, from Frankford creek to the river Delaware, in the Twenty-fifth ward.

Mr. BRIGHTLY moved to take up the bill, which was agreed to, and after much discussion it was passed.

Several other minor communications were received, and referred to appropriate committees.

Reports of Committees.

The Committee on Railroads reported in favor of taking no further action in regard to the bill referred to them relative to taking up the track in certain portions of the city railroad. Agreed to.

The special committee to whom was referred a resolution relative to the opening of Green lane, at a cost not exceeding $500, reported in favor of said resolution. The bill was discussed at length, and a motion made to refer it to the Committee on Highways, which was agreed to.

The Committee on Law reported that possession had been obtained of Hart's lane, in the Second ward, for the erection of a Municipal Hospital, and asked to be discharged from the further consideration of the subject. Agreed to.

The same committee also reported in favor of changing the place of the election in the Seventh division of the Fifth ward to the house of Patrick McGrossen, S. E. corner Fifth and Plum streets. Agreed to. The place of election in the Seventh precinct of the Twenty-fourth Ward was also changed to the S. E. corner of Thirty-fourth street and Lancaster avenue.

Mr. KING presented a communication from the secretary of the Commission for the erection of a Municipal Hospital, stating their intention to commence the work at once, according to the ordinance passed by Councils for the building of said institution. Referred.

The Committee on Schools reported a resolution authorizing an expenditure of $31,250 for the erection of additional school rent in the Twenty-fourth section. Agreed to.

The same committee also reported an ordinance appropriating the sum of $200 for grading a road and bridge at the Forrest Grammar School, in the Twenty-first ward. Passed.

Girard Coal Lands.

Mr. DAVIS offered a preamble and resolution instructing the Mayor to withhold his signature from the leases once given to certain parties in the Girard Coal Lands, until inquiry might be made as to the ability of said parties to fulfil their leases, and whether any undue influences were used to obtain such leases.

Mr. GINNODE, chairman of the Committee on Girard Estate, defended the committee from any connection with a matter of this kind.

Mr. BRIGHTLY said he had at first intended to vote for the resolution, but, as no direct charge of fraud had been made, he would vote against it. If no charges are made, why should not these leases be confirmed? Those gentlemen who offered a higher price, did not do so until after the bids had been opened. They should have done so before, and not after the bids were opened and the leases conferred. It is very easy for a disappointed party to come in afterwards, and offer an advance of ten per cent. over his former bid.

Mr. MILLER said that if he were on that committee he would ask that this thing be examined, and that there be a special committee appointed to inquire into it, as an investigation would throw light upon it.

Mr. WETHERILL spoke at length in favor of the bill.

On motion, the resolution was finally referred to a special committee of five for investigation.

Purchase of the Delaware County Turnpike Road.

Mr. SPERING offered an ordinance for the purchasing of a portion of the Delaware County Turnpike for $900, in cash, and a transfer of twelve shares of the same stock owned by the city. He said the part of the road alluded to extended from the Woodland Cemetery gate to Forty fourth street. Valuable property is in course of construction there, and, unless the road is purchased, the residents there will have to pay toll. The company will give up the toll, if they have if the city will purchase said portion of the road.

The ordinance passed, and warrants were ordered to be drawn for the payment of said money.

Mr. WETHERILL called up a resolution, postponed since the 16th of June, relative to providing for the exit of the Southwark Railroad, on Delaware avenue. Passed.

Mr. ASHBROOK offered a resolution authorizing the Pennsylvania Railroad to lift in a slip north of Washington avenue, in the Delaware, for the purpose of extending tracks to the Belt. Referred to the Committee on Wharves and Landings.

A bill to pay the police magistrates for 1863 was referred to the Committee on Police.

Mr. ARMSTRONG offered a resolution authorizing the Chief Engineer of Highways to pave Brandywine street, between Broad and Thirteenth streets. Withdrawn finally.

A resolution was offered authorizing the payment of Mr. McNichol extra compensation for the paving of two squares of the Girard Estate, in Delaware avenue, he being detained in his work by the city laying water pipe at the same place. It was recommitted, on motion of Mr. We herill, to the Committee on Girard Estate.

A number of bills from Common Council were then read and concurred in, among them one authorizing the Mayor to extend the hospitalities of the city to the officers of the Russian fleet, now on a visit to New York. Adjourned.

COMMON BRANCH.

President WALMAN in the chair.

A communication was received from F. Carroll Brewster, City Solicitor, announcing that Robert H Smith, late city contractor, had commenced a suit against the city.

Various petitions were presented for gas-lamps, for the paving and repaving of streets, etc., which were read and referred to appropriate committees.

The Committee on Finance reported an ordinance appropriating $100 to each of the Mayor's clerks for extra services.

The ordinance was passed.

Mr. BAIRD, from the same committee, reported an ordinance appropriating $52,269 for the payment of the salaries of school-teachers. Ordered to be printed.

Mr. HARPER offered a resolution, that the Mayor be authorized to offer the hospitalities of the city to the officers of the Russian fleet, now in the harbor of New York.

Mr. CRESWELL moved to lay the resolution on the table. Not agreed to. The resolution was adopted, Mr. Creswell alone voting in the negative.

The bill to authorize a loan for the further extension of the Water Works, reported by the Committee on Finance, in May last, was then taken up, and discussed at length, principally on the question of setting aside a large amount to supply the Twenty-second ward with water. The bill was advocated by Mr F.W. Adams and Mr. Simpson, and combatted by Messrs. Harper and Creswell.

Mr. HARPER moved to refer the bill back to the Water-Committee. Not agreed to.

Mr. HARPER moved to amend by adding a proviso that no contract for work or materials should be entered into before the 10th day of January, 1864. Lost, yeas 12, nays 29.

Mr. HARPER moved that the bill be advertised, according to law. On this the ayes were 23, noes 9—no quorum voting.

A call of the House was made.

On agreeing to the second section of the bill, the vote stood ayes 28, nays 3. No quorum voting, the Chamber was declared adjourned.

THE POLICE.

[Before Mr. Alderman Beitler.]

Democratic Assessor Arrested.

William W. Moore, a Democratic assessor of the Eleventh ward, was arraigned yesterday on the charge of misdemeanor in office in refusing to assess a colored named Robert McAllister, who is legally entitled to vote. The evidence adduced developed the following facts: That McAllister resided in the year of 1862 in John street for two years before enlisting in the army; two years prior he voted from his residence; he left on August 4th, 1863, and has been away ever since; he was wounded in the battle of Gettysburg, and was brought to the Military Hospital at Broad and Chestnut streets; on the 15th of last July; he has been in the habit of visiting his residence at intervals since his admission into the hospital; he has received a twenty days' furlough, and now lives at his home aforesaid; he has made three applications to be assessed, and the defendant refused to assess him each time.

Thomas Anderson, a citizen, testified that he knew Mr. McAllister, and used to see him before he joined the army, going to and from his work daily, and that he lived at the place above stated.

The assessor, through his counsel, Mr. Lewis C. Cassidy, alleged that the prosecutor in the case does not live there; his residence (?) sister told him so.

Wm. B. Mann, District Attorney, appeared for the Commonwealth. It being desired that the sister should be heard, the case went over until 9 o'clock this morning. The defendant was held to bail in the sum of $500 to appear at that time.

Larceny Case.

Anna Maria Anderson, a mulatto woman, with a cut or scar on her upper lip, was arraigned by Detective Levy yesterday afternoon, on the charge of the larceny of quite a number of articles, such as dresses and dress patterns, the property of Miss Dorsey, residing at Mt. Clifton street. A silver cup was also stolen. The goods were recovered by Mr. Levy. The accused has already served a term of eighteen months in the county prison for stealing. A number of robberies have been committed in this city lately. She was sent to prison in default of $1,500 bail.

[Before Mr. Alderman Moore.]

Disorderly Houses.

Two women, one 51 years of age and the other 51, were arraigned yesterday on the charge of keeping disorderly houses on Murray street, above Twentieth. Sixteen disturbing persons, of both sexes, were found in the houses. The whole party were committed to prison.

[Before Mr. Commissioner Smith.]

Deserter Rescued.

A couple of young men, named John and Wm. Bumbaugh, were in Moyamensing yesterday to-day on the charge of rescuing P. Bumbaugh, an alleged deserter from the 150th Regiment. The latter has been arrested by a civil officer. It is alleged that the defendants, assisted by their mother, beat the officer and rescued the prisoner.

Gone to Saxony.

Frotor Mueller, who was arrested some time since under peculiar circumstances, and who was afterwards charged with fraudulent bankruptcy, forgery, &c., as having been committed in Saxony, was taken to New York last evening, by Detective Fagan, who will accompany him to Hamburg, and thence to Dresden. The prisoner and his present keeper will take passage on board the steamer Bavaria, which starts from New York. This is the first case under the extradition treaty with the United States courts in this district have ever had brought before them. The transportation of the alleged criminal after a long and labored defence of eminent lawyers before the United States court, will have a tendency to relieve the minds of all on the other side of the Atlantic, who have been misstatements as to the horrible condition this country is in, because of the war.

Police Statistics.

LEGAL INTELLIGENCE.

Court of Common Pleas—Judges Thompson and Allison.

THE EXTRA ASSESSMENT—PENNSYLVANIA SOLDIERS CAN BE ASSESSED.

An opinion from the Court was solicited yesterday on the powers and duties of the assessors of the several wards, now sitting for extra assessment.

The Court, after listening to the application, and the various questions raised, said that the assessors were clothed in some instances with the duties and functions of a person claiming to be assessed; that a soldier was not disqualified from assessment by being a citizen, his citizenship by becoming a soldier, but retained his residence in the election district from which he enlisted; that before an inmate of a hospital or a camp did not qualify him, provided at the time of his enlistment his residence was in this city; that there is a difference between enlisted soldiers, and surgeons' officers and nurses, and other employees of hospitals, as the latter had gone voluntarily into the hospitals, and could resign or leave at pleasure, and this extra assessment did not of itself qualify a voter; it is only one of the requisites to a qualification for voting.

Court of Oyer and Terminer and Quarter Sessions—Judge Ludlow.

CONCLUSION OF THE AUGUST TERM.

The August term of the court was concluded yesterday, and the jurors were discharged, and the court adjourned until Saturday. Judge Ludlow addressed the jury, before discharging them, saying that, during the term just expired, the court and jury had tried cases of almost every grade of offence known to the law.

They were as follows: Assault and battery, 103; larceny, 43; burglary, 2; fornication, 1; robbery, 1; passing counterfeit money, 3; indecent exposure, 1; riot and assault and battery, 1; receiving stolen goods, 3; perjury, 1; furious driving, 1; ferocious dog, 1; arson, 1; murder, 2; adultery, 1. Total, 176.

The indictments, charging assault and battery really disposed of, would reach altogether probably 200; but in many cases, two, and sometimes three bills, growing out of the same difficulties, were tried together; on the above enumeration, they are counted as one case. The term lasted forty two days.
