USE

HOLLINSHEAD'S ITCH & SALT RHEUM OINTMENT.

No Family should be without this valuable medicine, for on the first appearance of the disorder on the wrists, between the fingers, &c., a slight application of the Ointment will cure it, and prevent its being taken by others.

Warranted to give satisfaction or money refunded.

Prepared and sold, wholesale and retail, by W. HOLLINSHEAD,

Stroudsburg, Oct. 31, '67.] Druggist.

J. LANTZ, DENTIST.

Has permanently located himself in Stroudsburg, and moved his office next door to Dr. S. Walton, where he is fully prepared to treat the natural teeth, and also to insert incorruptible artificial teeth on pivot and plate, in the latest and most improved manner. Most persons know the danger and folly of trusting their work to the ignorant as well as the traveling dentist. It matters not how much experience a person may have, he is liable to have some failures out of a number of cases, and if the dentist lives at a distance it is frequently put off until it is too late to save the tooth or teeth as it may be, otherwise the inconvenience and trouble of going so far. Hence the necessity of obtaining the services of a dentist near home. All work warranted.

INSTRUCTIONS TO COMMITTEES.

In the class of Thorough Breds, particularly, they should require satisfactory evidence, as regards the pedigree, age and character of all Stock entered for premiums.

2 The Committee on Agricultural Implements are instructed to keep in view the usefulness of the Implements to the Farmer, rather than the workmanship thereof.

3. The Committee on Non-Enumerated Articles, will award such premiums as they may think proper, on all articles of merit which have not been provided for in the general schedule.

4. The various Committees are requested to be careful to NOTICE all articles exhibited in their respective Classes, whether entitled to premiums or not.

6. The members of the various Committees will come together at the Secretary's Office, on Wednesday, the 14th of October, at 2 o'clock, p. m., precisely, in order to proceed to business. 7. The Chairmen of the different Committees are instructed to make their reports to the Revising Committee or Secretary, as soon as possible, in order that the full report may be ready by the time it will be publicly read. The report *must* be in at 10 o'clock on the morning of Friday, October 16.

8. The various Committees are requested to mark with an X, each article as it is examined, so that the same article may not receive more than one premium.

9. No person can act as a member of an awarding Committee on an article or animal in which he or she has any interest; but must withdraw while such article or animal is being examined.

10. Where there is no competition, the withholding of the premiums shall be at the discretion of the judges; and in no such instances shall they make an award unless the article be of superior merit, usefulness or ingenuity. And in no case shall a premium be awarded for an inferior article or unsound animal.

REGULATIONS.

1.—Persons wishing to exhibit are requested to make their entries of articles, with full description, on the Secretary's books, as early as possible on the first day of the Fair.—No entries of articles for competition will be received after 12 o'clock on Wednesday, the second day of the Fair, except in the class of Speed.

3.—Persons exhibiting articles which they desire to have sold, will be furnished with cards, announcing the fact that such article is for sale.

4.—No animals or articles entered for exhibition can be taken away before the close of the Fair, except by permission of the President, and no premiums will be paid on animals or articles removed in violation of this rule.

5.—All articles or animals offered for competition must have been owned by the competitor at least thirty days before the Fair; and all fruits, vegetables, and grain must be the growth of the competitor.

6.—Any article or animal which receives a distinct premium cannot compete in a general display, nor shall any one article receive more than one premium.

7.—For all stock exhibited, hay, straw and water will be furnished without charge; oats and corn will be supplied at market prices.

8.—Any person entering horses, cattle sheep or swine, for exhibition, without first consulting the awarding committee (whose names will be furnished on application to the Secretary on the first day of the Fair) in regard to blood, will do it at his own risk; and if said animals are not entered in the proper class, they will not be recognized by the committee on such class, of which the awarding committee shall be the proper judge.

9.—All articles exhibited, whether eatables or not, must be respected as private property; and any person detected purloining or injuring them will be dealt with according to law.
