ANOTHER SCIENTIFIC WONDER

PEPSIN!

THE TRUE

DIGESTIVE FLUID, OR *GASTRIC JUICE!*

A GREAT DYSPEPSIA CURER,

ed from RENNET, or the fourth Stomach of the after directions of BARON LIEBIG, the great siological Chemist, by J. S. HOUGHTON, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION, and DEBILITY, Curing after Nature's own method, by Nature's own agent, the Gastric Juice.

☞ Half a teaspoonful of this Fluid, infused in water, will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

DIGESTION.

DIGESTION is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion,—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN AND RENNET.

PEPSIN is the chief element, or great Digesting Principle of the Gastric Juice, it is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up.—It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the effect of which has long been the special wonder of the dairy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power.—The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diseased stomachs produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE!

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. PEREIRA, in his famous treatise on "Food and Diet," published by Fowlers & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," observed that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved completely successful."

Dr. GRAHAM, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in a manner different from the natural digestive process."

Dr. SIMON'S great work, the "Chemistry of Man," (Lea & Blanchard, Phila. 1846, pp. 321-2) says: "The discovery of PEPSIN forms a new era in the chemical history of Digestion. From recent experiments we know that food is dissolved as rapidly in an artificial digestive fluid, prepared from Pepsin, as it is in the natural Gastric Juice itself.'

Professor DUNGLISON of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S preparation of PEPSIN has produced the most marvellous effects, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement—but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES, in Philadelphia, New York, and Boston alone.—These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for tendency to fatal sleep, Liver Complaint, Fever and Ague, or India Chills and Fever, and all the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost recreates Health with intemperance.

OLD STOMACH COMPLAINTS.

There is no form of OLD STOMACH COMPLAINTS which it does not seem to reach and remove at once. No matter how bad they may be, it GIVES INSTANT RELIEF! A single dose removes all the unpleasant symptoms, and it only needs to be repeated, for a short time, to make these good effects permanent. PURITY OF BLOOD and VIGOR OF BODY, follow in course. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Price, ONE DOLLAR per bottle. One bottle will often effect a lasting cure.

☞ SENT BY MAIL, FREE OF POSTAGE.

For convenience of sending to all parts of the country, the DIGESTIVE MATTER OF THE PEPSIN is put up in the form of Powders, with directions to be dissolved in water or syrup, by the patient. These powders contain just the same matter as the bottles, but twice the quantity for the same price, and will be sent by mail, FREE OF POSTAGE, for ONE DOLLAR sent (post-paid) to Dr. J. S. HOUGHTON, No. 11 North Eighth street, Philadelphia, Pa.

CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch St., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, without, safe, certain and pleasant.

[From the Boston Bee.]

The Editor said, Dec. 22d—

"DR. HOOFLAND'S CELEBRATED GERMAN BITTERS for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

Judge M. M. NOAH, a gentleman with great scientific and literary attainments, said in his "New York Weekly Messenger," January 6, 1850:

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription rushed by one of the most celebrated physicians of modern times, the late Dr. Chr. stopher Wilhelm Hoofland, Professor to the University of Jena, private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Venality of the stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, and feel only in calling the attention of our readers to the present present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

More Evidence.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised abroad for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to cal-mel in all bilious diseases—the effect is immediate. They can be administered to Female or Infant with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those are innocently deceived.

Extract from the New York Sun, Oct. 3, 1849,

The celebrated Dr Watson, when talking of the miraculous power of "Watts' Nervous Antidote," the question was put to him, "Why such a valuable remedy for all nervous affections was not introduced by the medical faculty?" replied, "That if it were, there would no longer be any use for a faculty, as all diseases originated from a disorganized state of the nerves; the nerves are the main spring of the whole system. Keep this in order, and both the mind and body must be."

DOCTOR YOURSELF!

FOR 25 CENTS!!!

BY MEANS OF THE POCKET ESCULAPIUS, or, Every one his own Physician! thirtieth edition, with upwards of a hundred engravings, showing peculiar diseases in every shape and form, and malformations of the generative system,

BY WM. YOUNG, M. D.

The time has now arrived that persons suffering from secret diseases, need no more become the victim of Quackery, as by the prescriptions contained in this book any one may cure himself, without hindrance to business, or the knowledge of any one, and with one tenth the usual expence. In addition to the general routine of private disease, it fully explains the cause of manhood's early decline, with observations on marriage—besides many other derangements which it would not be proper to enumerate.

☞ Any person sending TWENTY-FIVE CENTS enclosed in a letter, will receive one copy of this book, by mail, or five copies will be sent for one dollar. Address, "DR. W. YOUNG, No. 152 SPRUCE Street, PHILADELPHIA." Post-paid.

☞ DR. YOUNG can be consulted on any of the Diseases described in his different publications, at his Office, 152 SPRUCE Street, every day between 9 and 3 o'clock. (Sundays excepted.)
