CAN BE EFFECTUALLY CURED BY

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

PREPARED BY

DR. C. M. JACKSON,

AT THE

GERMAN MEDICINE STORE,

No. 120 Arch St., Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

[From the Boston Bee.]

The Editor said, Dec. 22d—

"DR. HOOFLAND'S CELEBRATED GERMAN BITTERS for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the editors of this paper we refer their use."

"SCOTT'S WEEKLY," one of the best literary papers published, said, Aug. 25—

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

More Evidence.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States, the editor says of

Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty mass of mischief, but of a medicine long established, universally prized, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony is its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other preparations combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, in a case and duly, after it is directed. It acts especially upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Female or Infant with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article at the risk of the lives of those are innocently deceived.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the same blown in the bottle, without which they are spurious.

Journal of the FRANKLIN INSTITUTE,

OF THE STATE OF PENNSYLVANIA FOR THE PROMOTION OF

THE MECHANIC ARTS.

THE oldest Mechanical Periodical extant in America, is published on the first of each month in the City of Philadelphia. It has been regularly issued for upwards of twenty-five years, and is carefully edited by a committee of scientific gentlemen appointed for the purpose, by the Franklin Institute.

The deservedly high reputation, both at home and abroad, which this Journal has acquired and sustained, has given it a circulation and exchange list of the best character, which enables the Committee on Publications to make the best selections from Foreign Journals, and to give circulation to original communications on mechanical and scientific subjects, and notices of new inventions; notices of all the Patents issued at the Patent Office, Washington City, are published in the Journal, together with a large amount of information on Mechanics, Chemistry, and Civil Engineering, derived from the latest and best authorities.

This Journal is published on the first of each month, each number containing at least twenty-two pages, and forms two volumes annually of about 432 pages each, illustrated with engravings on copper and on wood of those subjects which require them.

The subscription price is Five Dollars per annum, payable on the completion of the sixth number; and it will be forwarded free of postage when five dollars are remitted to the Actuary (postage paid) in advance for one year's subscription.

Communications and letters on business must be directed to "the Actuary of the Franklin Institute, Philadelphia, Pennsylvania," the postage paid.

$50 FORFEIT.

DR. HUNTER will forfeit $50, if failing to cure any case of secret disease that may come under his care, no matter how long standing or afflicting. Either sex are invited to his Private Rooms, 38 North SEVENTH Street, Philadelphia, without fear of interruption by other patients. Strangers and others who have been unfortunate in the selection of a physician are invited to call. Those who have injured themselves by solitary vice are also invited.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases their lives, in the hands of physicians, ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body, throat, nose, or legs, pains in the head or bones, mercurial rheumatism, gravel, irregularities, diseases arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer *speedy relief* to all who may place themselves under his care.

CHERRY PECTORAL:

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

The uniform success which has attended the use of this preparation—its salutary effect—its power to relieve and cure affections of the Lungs, have gained for it a celebrity equalled by no other medicine. We offer it to the afflicted with entire confidence in its virtues, and the full belief that it will subdue and remove the severest attacks of disease upon the throat and Lungs.—These results, as they become publicly known, very naturally attract the attention of medical men and philantropists everywhere. What is their opinion of CHERRY PECTORAL may be seen in the following:

VALENTINE MOTT, M. D.,

Prof. Surgery Med. College, New York, says:—

"It gives me pleasure to certify the value and efficacy of Ayer's CHERRY PECTORAL, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."

THE RT. REV. LORD BISHOP FIELD.

writes in a letter to his friend, who was sinking under an affection of the Lungs:—"Try the CHERRY PECTORAL and if any medicine can give you relief, with the blessing of God that will."

CHIEF JUSTICE EUSTIS.

of Louisiana, writes "That a young daughter of his was cured of several severe attacks of *Croup* by the CHERRY PECTORAL."

ASTHMA AND BRONCHITIS.

The Canadian Journal of Medical Science states, "That Asthma and Bronchitis so prevalent in this inclement climate, has yielded with surprising rapidity to Ayer's CHERRY PECTORAL, and we cannot too strongly recommend this skillful preparation to the Profession and public generally."

Let the relieved sufferer speak for himself:—

HARTFORD, Jan. 26, 1847.

Dr. J. C. Ayer—Dear Sir:—Having been rescued from a painful and dangerous disease by your medicine, gratitude prompts me to send you this acknowledgment, not only in justice to you, but for the information of others in like affliction.

A slight cold upon the lungs, neglected at first, became so severe that spitting of blood, a violent cough and profuse night sweats followed and fastened upon me. I became emaciated, could not sleep, was distressed by my cough, and a pain through my chest, and in short had all the alarming symptoms of quick consumption. No medicine seemed at all to reach my case, until I providentially tried your CHERRY PECTORAL, which soon relieved and now has cured me.

Yours with respect. B. A. STEWART

ALBANY, N. Y. April 17, 1848.

Dr. Ayer, Lowell—Dear Sir.—I have for years been afflicted with Asthma in the worst form; so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my Physician prescribed, as an experiment, your CHERRY PECTORAL.

At first it seemed to make me worse, but in less than a week I began to experience the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy.

SHIPPEN'S ESSENCE OF JAMAICA GINGER.

MADE from the best Jamaica Ginger, all the valuable medicinal property of which it will be found to possess in a convenient and concentrated form.

It is a most efficient and at the same time harmless, gently stimulating tonic for the stomach, and will be found very beneficial in relieving the painful and distressing feelings occasioned by the impaired action of this important organ.

From lack of a suitable tonic, careful taken in a wineglassful of sweetened water will immediately remove the flatulency and oppression resulting from indigestion, and if taken two or three times daily, as required, will be found highly useful against the insipide and sense of sinking of the stomach and tendency to its distended action occasioned by the enervating effect of the summer heats, or following after indisposition, and for correcting the incipient stages of diarrhœa, &c.

It is also an excellent medicine for those who have injured the tone of their stomachs by the immoderate use of intoxicating liquors, by its slightly stimulating effect upon the stomach removing the craving for stimulants, while it has no injurious action on the brain, and is not succeeded by feelings of depression, which always follow the use of alcoholic stimulants.

A few drops added to magnesia, rhubarb or other purgative medicines, will render them more acceptable to the stomach and prevent the griping which is apt to accompany their action.

PHILADELPHIA

MEDICAL HOUSE,

ESTABLISHED 15 YEARS AGO BY

DR. KINKELIN,

N. W. Corner of Third and Union Streets,

BETWEEN SPRUCE AND PINE STREETS,

PHILADELPHIA.

FIFTEEN YEARS of extensive and uninterrupted practice spent in this city have rendered Dr. K. the most expert and successful practitioner for and near, in the treatment of all diseases of a private nature. Persons afflicted with ulcers upon the body, throat, or legs, pains in the head or bones, mercurial rheumatism, gravel, irregularities, diseases arising from youthful excesses or impurities of the blood, whereby the constitution has become enfeebled, are all treated with success.

He who places himself under the care of Dr. K., may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

TAKE PARTICULAR NOTICE.

Young Men who have injured themselves by a certain practice indulged in—a habit frequently learned from evil companions or at school—the effects of which are slightly felt, even when asleep, and destroy both mind and body, should apply immediately. Weakness and constitutional debility followed by such disorders as nocturnal emissions, general prostration, irritability and all nervous affections, indigestion, sluggishness of the liver, and every disorder in any way connected with the disorder of the procreative functions cured, and full vigor restored.

YOUTH AND MANHOOD,

A vigorous life or a premature death.

KINKELIN on Self Preservation.

ONLY 25 CENTS.

This Book just published is filled with useful information on the infirmities and diseases of the Generative Organs. It addresses itself alike to YOUTH, MANHOOD and OLD AGE, and should be read by all.

The valuable advice and impressive warning it gives, will prevent years of misery and suffering and save annually Thousands of Lives.

Parents by reading it will learn how to prevent the destruction of their children.

☞ A remittance of 25 cents, enclosed in a letter, addressed to DR. KINKELIN, N. W. corner of THIRD & UNION Streets, between Spruce & Pine, Philadelphia, will ensure a book, under cover, per return of mail.

Persons at a distance may address Dr. K. by letter, (post-paid,) and the cash will be sent.

PACKAGES OF MEDICINES, DIRECTIONS, &c., forwarded by sending a remittance, and put up secure from DAMAGE or CURIOSITY.

ANOTHER SCIENTIFIC WONDER.

PEPSIN!

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE!

A GREA DYSPEPSIA CURER,

Prepared from RENNET, or the fourth Stomach of the Ox, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., No. 11, North Eighth Street, Philadelphia, Pa.

This is a truly wonderful remedy for INDIGESTION, DYSPEPSIA, JAUNDICE, LIVER COMPLAINT, CONSTIPATION and DEBILITY, Curing after Nature's own method, by Nature's own agent, the Gastric Juice

☞ Half a teaspoonful of this Fluid, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

DIGESTION.

DIGESTION is chiefly performed in the stomach by the aid of a fluid which freely exudes from the inner coat of that organ, when in a state of health, called the Gastric Juice. This fluid is the Great Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the stomach and intestines. Without it there will be no digestion,—no conversion of food into blood, and no nutrition of the body; but rather a foul, torpid, painful, and destructive condition of the whole digestive apparatus. A weak, half dead, or injured stomach produces no good Gastric Juice, and hence the disease, distress and debility which ensue.

PEPSIN AND RENNET.

PEPSIN is the chief element, or great Digesting Principle of the Gastric Juice, it is found in great abundance in the solid parts of the human stomach after death, and sometimes causes the stomach to digest itself, or eat itself up.—It is also found in the stomach of animals, as the ox, calf, &c. It is the material used by farmers in making cheese, called Rennet, the object of which has long been the special wonder of healthy. The curdling of milk is the first process of digestion. Rennet possesses astonishing power.—The stomach of a calf will curdle nearly one thousand times its own weight of milk. Baron Liebig states that, "One part of Pepsin dissolved in sixty thousand parts of water, will digest meat and other food." Diluted muriatic produce no good Gastric Juice, Rennet or Pepsin. To show that this want may be perfectly supplied, we quote the following

SCIENTIFIC EVIDENCE!

BARON LIEBIG, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the calf, in which various articles of food, as meat and eggs, will be softened, chymified, and digested, just in the same manner as they would be in the human stomach."

Dr. PERERIA, in his first and last work on "Food and Diet," published by Phillips & Co., New York, page 39, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," observes that "a distinguished chemist, the discoverer of the Gastric Juice, as a powerful and invigorating cause of Dyspepsia;" and he states that "an distinguished professor of medicine in London, who was severely afflicted with this complaint, feeling every thing else to fail, had recourse to the Gastric Juice, obtained from the stomach of living animals, which proved wonderfully successful."

Dr. GRAHAM, author of the first-rate works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, immersed in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Dr. SIMON'S great work, the "Chemistry of Man," (Lea & Blanchard, Philad. 1846, pp. 421-2) says: "The discovery of Pepsin, or the active principle of the fourth stomach or Digestive Ferment, has recently been made, and it has been found that a good substitute can be readily made from a mixture of lactic acid and Pepsin, as it is in the natural Gastric Juice itself."

Professor DUNGLISON of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestion."

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S preparation of PEPSIN has predicted the most marvellous effects, curing cases of Debility, Emaciation, Nervousness, and Dyspepsia in its most aggravated form, supposed to be on the very verge of the grave. It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than TWO HUNDRED REMARKABLE CURES in Philadelphia, New York, and Boston alone.—These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great NERVOUS ANTIDOTE, and particularly useful for inducing or inducing sleep. Liver Complaint, Fever and Ague, or body treated from Chills, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost renovates Health with intemperance.

OLD STOMACH COMPLAINTS.

There is no form of OLD STOMACH COMPLAINTS which it does not seem to cure and remove at once. No matter how old they may be, it GIVES INSTANT RELIEF! A single dose removes all the unpleasant symptoms, and a few days or weeks, at the most, are required to make these good effects permanent. PURITY OF BLOOD and VIGOR OF BODY follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the pit of the Stomach, distress after eating, low, cold, sunken feelings in the Stomach, Languor, Costiveness, Dizziness, Nervousness, Wakefulness, Deafness in Middle age, Suicide, &c.

Price ONE DOLLAR per bottle. One bottle will often effect a lasting cure.
