Matters in California.

SAN FRANCISCO, June 25.—The steamer Golden Age has not yet been heard from. The underwriters are charging from 25 to 30 per cent. for insurance against total loss on her cargo.

The steamer America is due to-day, and it is expected she will bring some news of the missing vessel.

Transactions in trade for the past week have been very meagre. Wheat and barley are coming in more freely.

Mining stocks are falling again. In Gould & Curry 140 feet sold to-day at $2,400 per foot.

SAN FRANCISCO, June 26.—The steamer America has arrived from Panama. She did not touch at any intermediate port, and neither saw or heard anything of the Golden Age.

A SHARPER OUTWITTED.—The Chicago papers tell of a fast young man who came to that city, put up at one of the principal hotels, with an abundance of luggage, and surrounding himself with friends, lived on champagne, and the *et ceteras*, regardless of expense. Three weeks passed by. He seemed to be oblivious of all such things as board bills, but the landlord informed him of their existence, though not without reluctance. He immediately produced a large quantity of gold, but returning it, produced a large pile of greenbacks. But saying that he had necessary expenses with his currency, and desiring to keep the gold, he promised settlement on the next day—Sunday. The landlord felt suspicious, and when Sunday came the doubts were strengthened by the carrying away of the young gentleman's effects to the Michigan Central depot. The day was one which allowed rogues impunity, because of the suspended action of the law. The landlord followed to the depot, and as the sharper was chucking his baggage slapped him in the face. The blow was returned, policemen arrived, and the couple locked up. In the morning each were to pay five dollars, which both did, the sharper now believing himself free. But a friend of the landlord had obtained, meanwhile, a process for the arrest of the gold; but the rogue, when he asked money to pay his fine, was astonished to see the landlord pay for both, and pocket the few hundred golden dollars of which, but for his astute face-slapping, he would have been defrauded.

A TREE HEWN BY BULLETS.—Most people have doubted the literal accuracy of the despatch concerning the battle of Spottsylvania, fought on the 12th inst., which alleged that trees were cut down under the concentrated fire of minie balls. We doubted the literal fact ourselves, and would doubt it still but for the indisputable testimony of Dr. Charles Macgill, an eye-witness of the battle. The tree stood in the rear of our breastworks, at a point upon which at one time the most murderous musketry fire that ever was heard of was directed. The tree fell inside our works, and injured several of our men. After the battle, Dr. Macgill measured the trunk, and found it twenty-two inches through, and sixty-one inches in circumference, actually hacked through by the awful avalanche of bullets packing against it. The foliage of the tree was trimmed away as effectually as though an army of locusts had swarmed in its branches. A grasshopper could not have lived through the pelting of that leaden storm, and but for the fact that our troops were protected by breastworks, they would have been swept away to a man.—*Richmond Enquirer.*

THE CITY.

[FOR ADDITIONAL CITY NEWS SEE FOURTH PAGE.]

THE COURTLAND SAUNDERS CADETS.—A public drill of this well-known military organization took place on the lawn of the Institute, on Thirty-ninth street, above Market, yesterday afternoon. A number of ladies and gentlemen assembled on the ground to witness the evolutions. The young lads, under the direction of Major Driver, acquitted themselves admirably. The bayonet exercise was exceedingly well executed, and every movement seemed perfectly satisfied with it. They drill in the Hardee tactics, and as a body cannot be excelled by any similar one in the city or State. The Institute will close to-day, and open again on the first of September. It has flourished considerably within the past year. This is owing to the indomitable perseverance and energy of Professor Saunders, who has entire control of it. He has laboured earnestly for the benefit of the students, and they have acknowledged his superior talents.

POLYTECHNIC COLLEGE OF PENNSYLVANIA.—The eleventh annual commencement of the Polytechnic College of Pennsylvania will take place at Concert Hall this evening. Hon. Henry Barnard, LL. D., of Connecticut, will deliver the commencement address.

CITY ITEMS.

'A HOUSEHOLD TREASURE.—The "*Florence*" Sewing Machine Company, No. 630 Chestnut street, have done the greatest age in lasting service, in bringing before the public the inimitable Sewing Machine which bears their name. The advantages of the "Florence" over all others in use are so manifest that no one fails to recognize them in an instant. It performs a greater variety of work than any other in use, does it better, and with less labor to the operator, and every machine is sold with a guarantee to give perfect satisfaction or the money is returned to the purchaser.

MRS. GENERAL BURNSIDE, the fortunate recipient of the superb Bonnet manufactured and presented to the Fair by Messrs. W. & C. Cary, 725 Chestnut street, has the pleasure of knowing that she possesses the most elegant bonnet ever made in the United States. Messrs. W. & C., we may state in this connection, have reduced their entire stock of Fashionable Millinery to *cost prices.*

A THING OF BEAUTY IS A JOY FOREVER.—In a novel at a seaside library, this passage was marked and much thumbed: "There is no object so beautiful as a conscientious young man—I watch him as I do a star in heaven." "That is my view exactly," sighed Miss *Arabinta Griggins, as she laid down* the volume. "In fact, I think there's nothing so beautiful as a young man, even if he ain't con scientious," particularly if he has gumption enough to make an elegant appearance by getting his wearing apparel at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

BROWN'S BRONCHIAL TROCHES are widely known as an established remedy for *Coughs, Colds, Bronchitis, Hoarseness,* and other troubles of the *Throat* and *Lungs.* Their good reputation and extensive use have brought out imitations, and similar preparations represented to be the same, which are generally injurious. Obtain only "*Brown's Bronchial Troches.*"

A SPLENDID ASSORTMENT of misses', childrens' and boys' hats, at reduced prices, can be purchased of Charles Oakford & Sons, 834 and 836 Chestnut street, Continental Hotel.

THE SIEGE OF PETERSBURG AND RICHMOND will no doubt be conducted to a favorable issue, and our victorious armies have a respite from the overwhelming toils and strife of field life. We know of nothing that would be a more suitable gift to a war-worn veteran, on his return, than a cool, graceful and becoming summer coat, vest, or pants, from the fashionable store of Granville Stokes, No. 609 Chestnut. Clothing at this celebrated store is sold at the lowest cash figures.

THE greatest *bore* in the Sanitary Fair is the Rodman gun, the twenty-incher, in the "Arms and Trophies" Department, and we would consider the drawback of the trigger of that gun one of the greatest *drawbacks* in the war. The above pictures are induced by the excessive heat of the weather, notwithstanding we were clad in the coolest of suits from the establishment of Charles Stokes & Co., under the Continental; we would not have made such a remark in our *cooler moments.*

THE HANDSOMEST ASSORTMENT OF STRAW, FELT, and other Hats can be purchased of Charles Oakford & Sons, 834 and 836 Chestnut street—Continental Hotel.

HOYT'S HIAWATHA HAIR RESTORATIVE.

In Longfellow's Poem Hiawatha was adjudged to have conferred the greatest boon on his tribe because he brought to its notice corn. Every one will admit that our preparation is worthy of its name, for the benefits it confers when it is known.

WHAT THE HIAWATHA DOES.

It restores faded and gray hair and whiskers to their original color. It brings up the natural shading of one hair with another, thus giving the hair a perfect life appearance, so that the most critical observer cannot detect its use. It makes harsh hair soft as silk; stops its falling out, cleanses it and the scalp from all impurities, is as readily applied and wiped from the skin as any hair dressing, and entirely overcomes the bad effects of previous use of preparations containing sulphur, nitrate of lead, &c.

The proprietors of the Hiawatha published the following challenge to test in the New York dailies three weeks, which

WAS NEVER ACCEPTED:

Let some well known and disinterested persons appoint one to the proprietor of each preparation for the hair to bring up the color. Every proprietor to use nothing but his own preparation, and the person nothing else during the test. A certificate of the result to be widely published at the expense of the unsuccessful competitors. Sold everywhere.

JOSEPH HOYT & CO.,

1863—B.—1863.

NEW YORK, April 18, 1864.

We respectfully invite your attention to and consideration of the justly celebrated and reliable remedy for Dyspepsia, Heartburn, Debility, and Prostration. The proprietors are proud to acknowledge the unparalleled success which has attended the sale of their valuable preparation, known in nearly every portion of the civilized world as the "GOLDEN BITTERS."

We risk nothing when we term them a *valuable preparation*, for they are one of the few articles of the present day which are not a humbug; and we are willing and able to satisfy any person or persons who will call upon us, that the celebrated "Golden Bitters" are a genuine, *bona fide hygienic* article. It is the wish of the proprietors that the virtue of the article be tested before condemning. A decision of their merits by any one who has tried them is worth a million of purchased bogus testimonials. For creating a healthy APPETITE they are invaluable, and are unequaled as a TONIC. They are mild in their action, and operate in giving *vigor* and *strength* to the system—not by any change they produce in the solids, but through the medium of the living principle. They are purely VEGETABLE, being composed of Gentian Root, Calamus, Sassafras, and many other remedial agents of the Vegetable world, all preserved in Jamaica Rum and Sherry Wine.

AS A BEVERAGE

they are the most *wholesome, invigorating,* and *palatable* stimulant ever offered to the public. And the fact of their being prepared chemically and scientifically precludes the possibility of a bitter, unpleasant taste, common to Bitters generally offered for sale. We especially recommend them to LADIES, and particularly to those suffering from Debility, Weakness, and Prostration. Half a wine glass of these "Bitters" three or four times a day will produce a remarkable healthy change in persons greatly debilitated. The "Golden Bitters" have been tried and not found wanting. They are put up in our own *patent* quart bottles, and for sale by Druggists, Grocers, &c., throughout the world. Each bottle bears a *fac simile* of the signature of Hubbel & Co. GEO. C. HUBBEL & CO., Sole Proprietors, Hudson, N. Y.; Central Depot, American Ex. Building, New York; E. C. ROUZ, Agent, Philada. je6-4w

The relatives and friends of the family, the Phœnix Fire Hose Company, and Washington Grays, are respectfully invited to attend the funeral, from the Ashland House, Arch, above Seventh street, on Thursday afternoon, at one o'clock. To proceed to Mount Moriah Cemetery.

SACRED TO THE MEMORY.

CORSON.—At Plymouth, June 22d, Surgeon Edward F. Corson, son of Dr. Hiram Corson.

"The good die first:
Their dust is blest
Till the last morn shall come
And the sleepers rise
With the same form they wore
Upon their native skies."

Entering the service of his country more than two years prior to the breaking out of the rebellion, he passed rapidly through the subordinate grades of his profession, and attained the rank which he held at the time of his death. With the exception of a very brief interval, he was constantly on active duty at sea, his last service being as Surgeon of the "Mohican," on the coast of South America.

He was a man of unusual intelligence, and a humor of the most heartfelt and genial character. To lofty principles he united a cultivated mind and the keenest appreciation of social enjoyments. A Christian gentleman, an accomplished physician, a true-hearted friend, and an undeviating patriot, it is with poignant feelings of sorrow that we are called upon to mourn his loss.

To his family he was a devoted son, and brother, tender and demonstrative in his affection, purifying and elevating in example.

To share the honor of his friendship was the writer's sacred privilege, and to this he will ever recur with unfeigned satisfaction. With a grief, the depth of which no language can convey, he pays this slight but fervent tribute to the memory of departed worth. It is some consolation, in this hour of affliction, to reflect that his friend, through much suffering and tribulation, has at last attained "that peace which the world cannot give." May the blessing of God, the Father, the Son, and the Holy Ghost, descend and rest upon him forever.
