Celebration of the Fourth of July.

Great Reduction in Prices at

ELSBERG'S CLOTHING STORE.

BEING desirous of selling the summer supply off in season, the undersigned will commence from and after the Fourth of July, to sell his stock of Clothing and other seasonable goods at greatly reduced prices. I think the Anniversary of Independence a fit time to begin to sell my stock much lower, independent of the prices of other merchants. I wish to get as much space as possible, so that I may have room enough for the extensive supply of fall goods I shall receive. The warm weather having only lately commenced, a good many have neglected to get their summer wear yet, I would advise all such to favor me with a call and supply themselves with the wanting articles at greatly reduced prices. "Take heed all ye needy." None need to sweat in unsuitable clothing, as I am willing and able to suit my prices to every man's purse, from the poorest laborer's to the rich capitalists'.

My stock on hand comprises amongst others: Coats of all colors, styles and materials, which I will sell at various prices, from seventy five cts upwards. Pants of all the various patterns at from 87 cts. to higher prices. Vests from 50 cts. and higher. Also a splendid assortment of all kinds of headwear, such as Panama, palm leaf, senate, leghorn, Florence, braid, china, pearl and and different sorts of Straw Hats, fine and coarse, white, blue, black and gray fur and wool Hats. Silk Hats, and different kinds of caps. Also boots and shoes, shirts, collars, revolvers, various kinds of pistols, Accordeons, Jewelry, fine cutlery, hosiery, gloves, portmonnaies, besides a great many other articles too numerous to mention; all of which will be sold at further reduced rates from the cheap price originally set upon them.

So let all remember the cheap Clothing Store in Market Square, where I shall be happy to wait upon you all.

ALBERT ELSBERG.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds
