CHINESE EXECUTION.—A correspondent of the Boston, writing from Shanghae, on May 19, says: The event of yesterday was the execution of a native by name A. King. This man murdered, about months ago, a naval officer, Mr. John F. Dove. The deed was perpetrated under peculiar circumstances, and for nearly the time mentioned the Chinese was at large. He was captured very cleverly by some Cantonese women whom he had been employed were determined to give him up. They lured at the Soochow-creek bridge (which separates the English from the American settlements), and guard in turn. A policeman in plain clothes was also with them. One Sunday morning they seen coming over the bridge. The policeman collared him, and, after a desperate struggle, took him. The rascal fired a revolver but the shot missed its mark. He was examined at the consulate and sent into the city, where, being tortured within an inch of his life, he confessed his crime and also gave up the names of a gang of men over whom he presided. The tortures he underwent were horrible. Among others, thin reeds were inserted under his finger-nails, then filled with liquid of some kind, which were set fire to. You can fancy the agony the poor wretch suffered. The Chinese authorities having got all they could out of him announced to the English that they were ready to execute him. The announcement made some stir, and a large number of officers assembled at the South Gate yesterday morning about 9 o'clock. The hour was 10 A. M., and 9 30 crowds of foreigners came rushing in, eager, and anxious to see the culprit. At 9.45 the tinkling of bells announced the approach of the procession. An official, with a kind of staff, his hat, came canter ing up (the bells round the mandarin's neck jingling like those celebrated in the nursery rhyme of "Bainbury Cross"), and beckoned to the police to follow we all fell into couples; coming out at a side gate, a little lower down, followed for the prisoner to appear. He was not a half-a-dozen flag-bearers, four officials, some mandarins in chairs, the executioner, then the poor man in the middle of the municipal police, a few other head people and a rear guard. Falling into order, we started for the parade ground. The ground being cleared by the police, the prisoner was brought up before the judge. A few words were said to him, which produced a roar of groan all round from the natives. As soon as the mandarin had finished his speech, the prisoner dropped on his knees. An assistant to the executioner came up, seized his arms, and kept them behind, putting his knee at the same time on the small of the prisoner's back. Another takes hold by his tail, which pulls the head forward, the muscles of the neck being sufficiently distended, the executioner took his knife-sword in both hands, and with one blow severed the head from the body. The rapidity and skill with which this was done was wonderful—indeed, so quickly was it done, that there was not a single cut of blood on the weapon! The knife used was a bread knife in shape, about three feet long, and very broad. The one used on this occasion looked as if it had seen service; somewhat dark in color. The natives behaved quietly, although they shouted loudly when King was led on to the ground. There were about 5,000 people on the ground. Hundreds came up after all was over to look at the body, which was left on the spot where it fell. After the execution a couple of boys came with hammers and knocked the chains off the legs of the corpse. So ended this scene. The ends of justice have been carried out, but what effect it will have on the native mind I cannot say. Executions are of such daily occurrence that the native mind is perfectly callous.

REBEL PRISONERS.—82,000 rebel prisoners are estimated to have been received at the military prison in Louisville since September, 1862, captured in our armies operating on the Nashville and Eastern Kentucky. 1,700 rebel prisoners are reported now at Camp Chase, 110 of whom have been selected for service on the Indian frontier. In the barracks at Rock Island, Ill., 6,000 are reported, and at Camp Douglas, Chicago, besides several dread at Alton. There is a depot for them, too, at Point Lookout, Md., and at Elmira, N. Y.

CITY ITEMS.

THE MOST USEFUL and economical article in any family is a Sewing Machine, and we know Wheeler & Wilson to be the best, simplest, and most Sewing Machine in the world. Every machine warranted, and the money returned if not entirely satisfactory. Instruction given at the residences of the purchasers. Go to the Wheeler & Wilson agency, No. 704 Chestnut street, above Seventh, and examine these wonderful machines.

THE TIME OF PEACE PREPARE FOR WAR.—The frequent incursions across our border, and the big raids incident thereto, should prompt us to adopt the ancient and wholesome rule of preparing for war in time of peace. It is too late to make our preparations when the foe is upon us, and we should be ready at all times for all contingencies. And upon this point of this, we would act wisely by laying up a stock of fall wearing apparel at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth.

"BRANDS" AND THEIR MEANING.—The following will interest housekeepers: "Hyson" means the rains; that is, early in the spring; hence often called "Young Hyson." "Bohea" is the of the hills in the region where it is collected. "Oolong," folded plant; "Souchong," small R. O. K., 22d, means (when on a coat at Stokes & Co.'s, under the Continental) the goods cost by the yard, and the cash price coat, from which there is no abatement.

IT ONCE!—And it is morally certain that Carminative will be relied on ever afterwards as an efficient remedy for Diarrhœa, Dysentery, Cholera, Summer Complaint, and all Stomach Affections. Compounded with care from best understood ingredients known to the medical faculty, its action is certain and always to be relied upon, while the reputation it has attained is as a standard household remedy should insure it in want of such a medicine to give it an immediate trial. Prepared only at 242 Chestnut street.

YOU are so far behind the age as not to have that popular gem for the toilet, fragrant Sozodont, put it off on longer, but go at once to your druggist, and get a bottle. You will never repent it. Sold by all druggists. aug-tuths 3t

IT IS A FAULT in many medicines that, while they are removing the disease they are prostrating the system beyond recovery. Dr. D. Jayne's Alterative has no such drawback. On the contrary, while it paralyzes the virus of the disease at its very root, it sustains the strength of the sufferer.

POPULA, in all its multiplied forms, is completely eradicated by it.

CKER, Cancerous and Scirrhous Tumors are speedily and effectually cured by it.

SKIN DISEASES, comprising all varieties of cutaneous affections, are removed by this Alterative.

PALSEY, CONVULSIONS, OR FITS.—The Alterative not only suppresses the attacks of this disease, but by its action, the morbid tendency to a relapse is removed.

This standard remedy enters into the circulation, passes with the blood, which it purifies, into every tissue and fibre of the body, so that, no matter what is the nature of the disease, nor where it is located, it is sure to be reached and expelled from the system. The afflicted should try it once. Prepared only at No. 242 Chestnut street. aus-2t

NEW SKIRT FOR 1864.

A NEW AND GREAT INVENTION IN HOOP SKIRTS.
THE DUPLEX ELLIPTIC (OR DOUBLE) STEEL SPRING.
J. L. & J. G. WEST, No. 97 CHAMBERS STREET, NEW YORK.

Are the owners of the patent and exclusive manufacturers of this,

J. W. BRADLEY'S
PATENTED DUPLEX ELLIPTIC STEEL SPRING SKIRTS.

This invention consists of Duplex (or two) Elliptic Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the longest, most elastic, flexible, and durable spring ever used, enabling the wearer, in consequence of its great elasticity and flexibleness, to place and fold the skirt when in use as easily and with the same convenience as a silk or muslin dress. It entirely obviates and silences the only objections to hoop skirts, viz: the annoyance to the wearer as well as the public, especially in crowded assemblies, carriages, railroad cars, church pews, or in any crowded place, from the difficulty of contracting them to occupying a small space. This entirely removes the difficulty, while giving the skirt the usual full and symmetrical form, and is the lightest and most stylish and graceful appearance for the street, opera, promenade, or house dress. A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Spring Skirt for a single day, will never afterward willingly dispense with the use of them. They are the best quality in every part, and by far the lightest, most durable, comfortable, and economical skirt made. Merchants will be supplied as above, and ladies in most first-class retail stores in this city and throughout the different States.

Inquire for the DUPLEX ELLIPTIC SPRING SKIRTS.

BRADLEY'S DUPLEX ELLIPTIC SKIRT.
