Christian Commission would again, and with redoubled earnestness, call upon the Christian friends at home to sustain their work in giving the gospel for the body together with the gospel for the soul to our soldiers. Never was there more work for the Christian Commission. The demand for stores is continuous and urgent, and has exhausted even the large supply, we have received. On every hand we behold a field of labor opening, and the cold fields are growing red and ripe; unless the sickle is instantly and multiplied a hundred fold, the harvest will be lost. Our work must be done now, lives lost that might have been saved, souls perish before our very eyes. Send quickly, earnestly, and liberally, and by send-by the nation will bless your work and all that labored in it.

THE UNDERSIGNED, A COMMITTEE appointed by the Bounty Fund Convention of the several wards, for the purpose of recruiting for the benefit of deficient wards, in anticipation of the coming draft, impressed with the importance of the subject, desire their fellow-citizens to unite with them in an effort to fill our quota by obtaining volunteer recruits. To do this before the 5th of September will require the most earnest and vigorous exertions, and the Committee appeal to the patriotic and public spirited to aid them by their influence and by contributions of the necessary means to offer inducements equal to those offered by other communities. The Committee have appointed a sufficient number of recruiting lieutenants in various quarters of the city, and all recruits obtained will be distributed pro rata among the wards, and, of course, will benefit most largely those that are most deficient.

By united and continued effort the Committee hope, if not to avoid the draft altogether, at least to reduce it to insignificant proportions.

We have been requested to free the city from the draft was, on the first of August, county, 300. From this number is to be deducted those who have been recruited since that date, and credited to the city may be entitled to from persons enlisting in the navy from the city and who may have been credited to the state; also, from persons enlisting in the navy from the State at large and not credited to any particular district, of which the city may have her proportion. Efforts are being made to ascertain these credits. The Committee also expect to obtain recruits from veterans re-enlisting, from the Southern States now occupied by our forces, and from other quarters. They do not deem it impossible, therefore, by proper exertions, to fill the city's quota.

Money is necessary and can only be obtained by the voluntary subscriptions of citizens. Such subscriptions may be sent to the addresses of any members of the Committee, as below given, or to the headquarters of the Committee, No. 1432 South FOURTH Street.

JAMES L. CLAGHORN, 207 CHURCH Alley.
JAMES H. ORNE, 636 CHESTNUT Street.
A. H. FRANCISCUS, 513 MARKET Street.

OFFICE OF THE PHILADELPHIA GAS WORKS, August 12, 1864.—At a meeting of the Board of Trustees of the Philadelphia Gas Works, held on this 8th instant, the following preamble and resolution were adopted:

Whereas, The great advance in the cost of living imposed an imperative duty on the Trustees to advance the wages of their employees; and whereas, the cost of coal and all other materials consumed in the manufacture of Gas have advanced to a price that compels the Trustees, in order to protect the important trust committed to their charge from serious loss, and to make the annual addition to the Sinking Fund required by law, to advance the price of Gas fifty cents per thousand cubic feet.

The Trustees are aware that the increased price will prove a burden to many consumers, and they greatly regret the necessity that constrains it; but when the consumer reflects that nearly every article we purchase has advanced from 50 to 100 per cent., and we propose but an advance of 16⅔ per cent. on the main article upon which we rely for revenue, its necessity must be apparent, particularly when the operations of the past year are taken into account, and the fact is considered that, notwithstanding our then existing contracts enabled us to purchase coal and retorts at very moderate prices; be it therefore

Resolved, That the Chief Engineer be directed to give public notice that on and after the first day of September next the price of gas to private consumers shall be three dollars per thousand cubic feet, less a discount of 6 per cent. for prompt payment, and subject to the United States tax. THOMAS S. STEWART,
aug26-6t Chief Engineer.

THE WEST VIRGINIA OIL COMPANY,
OFFICE 431 WALNUT STREET.
CAPITAL, $200,000
Divided into 20,000 Shares of $10 each.

The properties purchased by this Company are five in number, selected with care by competent persons: Two hundred acres embraced in three several tracts, and in fee simple; 50 acres on a lease for 30 years, and 16 acres on a perpetual lease, on which we have a well bored to the depth of 180 feet, with a good show of oil, the work being vigorously prosecuted—all of these properties lying in Wood county, West Virginia, convenient and with good roads leading to the Ohio river. This region is pronounced by the oil men of Venango county as being the El Dorado of the Oil Region. They are buying all the territory in that region they can get. The prospects for this Company are most flattering. Those coming in as original subscribers will have all the advantages of a new company, having already manned by progress and prudent management. Call at the office, 431 WALNUT Street, for circulars of explanation. aug26-7t
