EVANS & WATSON'S
Philadelphia Manufact'd
Salamander Safes.
No. 304 Chesnut Street,
PHILADELPHIA.

THESE Safes are now in use all over the United States, and have been tested in many fires; the following shows another instance of their capability in resisting fire:

WITMER'S BRIDGE,
Lancaster Township, July 30, 1860.

MESSRS. EVANS & WATSON,—Gentlemen:—The small size No. 1 Salamander Safe which I purchased from your agent, Mr. Adam R. Barr, in Lancaster City, on July 20th, 1858, has been subjected to a very severe test, which it withstood in a most satisfactory manner. This Safe, containing all my books, together with valuable papers belonging to myself and some to my neighbors and friends, and representing a value of over Twenty Thousand Dollars, ($20,000) was in my Mill, which was destroyed on the night fo the 27th of July, 1860, and passed through the fiery ordeal unscathed. The safe was on the second floor, and fell to the basement of the Mill, and was subjected for six hours to an intense heat among the ruins, which was greatly increased by the combustion of a huge quantity of grain confined within the brick walls. After the fire the Safe was opened and the books and papers taken out in a state of perfect preservation, the paper not even being discoloured. This fact was, however, to many bystanders, a better recommendation of your Safes than could be expressed in any other words from me.

Yours, respectfully, SAMUEL RANCK.

Another Victory for Evans and Watson's Salamander Safe.

Oswego, N. Y., March 27 1860

Gentlemen—It affords me much pleasure to inform you that the Safe No 5, (upright) which I purchased of B. Strong, your traveling agent, has passed through an exceedingly hot fire in a three story brick building, which heated the Safe to a white heat, so that the corners of it appear melted; but it preserved my books and valuable papers to the amount of several thousand dollars, for which I feel thankful.

Yours, respectfully, J. N. ELDRIDGE.
