SPECIAL NOTICES.

OIL STOCKS.''

BY THE BARD OF TOWER HALL.

At present there's a great turmoil
Upon the subject of coal oil,
And many, by that trade,
Do very confidently hope
That, e'er another year shall ope,
Their fortunes will be made.

Money is gained, and money's lost
(As some discover to their cost),
By such speculations;
And, while to try their luck inclined,
It is no wonder that each mind
Should feel perturbations.

But lucky ones, who, without toil,
Have had the fortune to ''strike oil,''
Rejoicingly will go
To Bennett's Tower, there to be clad
All in the best that may be had,
Their affluence to show.

And you who wait, with cautious doubt,
Averse to join the throng,
Know that you may invest
Your cash a *certain* gain to bring,
If at that Hall of which I sing
You choose to be new dressed.

Winter Stock selling at greatly Reduced Prices, special inducements offered to purchasers of Men's, Boys', or Boys' Overcoats.

THREE PER CENT. PER MONTH ON $500,000.

In calling the attention of capitalists to this enterprise, the Directors have no hesitation in expressing their belief that their return from it will be more certain and more liberal than from any new company now before the community. The property of the Company consists of the following:

No. 1. Three-eighths of the working interest in the celebrated Jersey Well, on the Hyde and Egbert Farm, on Oil Creek, with the acre of land on which the well is located. This well has been flowing since early in May, 1864, at the rate of about three hundred and fifty barrels daily, and it now flowing at that rate, thus yielding to the Company between fifty and sixty barrels daily, worth, at present prices, twenty thousand dollars per month, which will pay to the Stockholders in this Company.

MORE THAN THREE PER CENT. PER MONTH

from the start. There is room on the land for several more wells, two of which will be immediately commenced by the Company, and in which we will have the same interest as in the Jersey. The character of this property, as oil land, is well known; it is only necessary to say that no well on it has ever failed in getting oil, while it has already produced the Maple Shade, the Cogswell, and the Jersey.

No. 2. Twenty-five acres in fee on the east side of the Allegheny River, opposite the mouth of Big Sandy. This tract has about forty rods front on the river, and contains a large amount of boring surface. Oil wells yielding largely are found near this property; among them the Dunlap, the Hoover, &c. The Company intend to proceed at once to develop this fine property, and feel sanguine of success.

No. 3. A lease of fifteen years on the William B. Wilson Farm, on Slippery Rock Run, in Lawrence county, Penna.

Nos. 4, 5, 6, 7 and 8 are also leases on Slippery Rock Run, containing one hundred acres each. They were obtained in April, 1861, by Dr. Egbert, and continue for fifteen years from their date. They secure to the Lessees all the oil and other minerals contained in the several tracts, with the right to divide and sublet, with all other rights and privileges connected with the business of mining for oil, coal, and other minerals, and reserve a royalty of only one-eighth of said oil or minerals.

The slippery Rock Territory is a new and only partially developed oil region; but the success already obtained there and at the Mahoning Farm, a few miles west, together with the large quantities of oil found north, south, east, and west of it, lead us to hope that it will prove a successful oil region.

The Company have already an excellent engine, tools, and all necessary fixtures on the grounds, with a well partly down, and will proceed to develop the property as fast as possible.

These lands and leases were all selected for oil purposes by the President of this Company, whose great success in the oil business, sterling integrity, and force of character are too well known to require comment here.

The property of this Company embraces ONE HUNDRED AND SEVENTY ACRES (170) of LAND (in fee simple) on the Little Kanawha River, in Wirt county, West Virginia, with a frontage on said river of fully (1) three-fourths of a mile, and be(362) three and a half miles above Elizabeth, ''the county seat,'' and about the same distance below the valuable Burning Springs.

In this tract we have about one hundred and thirty (130) acres of ALEXANDER SEAT, or boring territory, affording sufficient room to put down one hundred WELLS, or more, which is a larger amount of boring surface than owned by any other company in this section of the oil region.

About the centre of this property, and near the bank of the river, is a spring, continually discharging Oil and Gas, and it is the opinion of one of the most experienced geologists in Pennsylvania, who has made a careful examination of the tract, that it is equal, if not superior to any in the Kanawha Valley, for the production of Oil.

It has been purchased solely with the view to its immediate development, and the company intend using every known satisfactory appliance to attain that object.

The engine and all the necessary tools are now purchased, and the work will commence early in the rapid development of the property will be pushed, the company being determined to make it a paying concern.

Being fully aware of the existence of *bogus* companies, we invite the most rigid investigation as to the character of our property, and we are ready to furnish all the information desired.

Maps, Charts, &c., can be consulted at the office of the Company, No. 417 WALNUT Street, Room No. 3, third story.

THE STANDING STONE OIL COMPANY OF WEST VIRGINIA.

CAPITAL $2,000,000. at 40,000 shares, at $50 each. Subscription price $15 per Share, subject to no further call or assessment. A working capital of $100,000 reserved. Only 20,000 shares offered for sale at the subscription price.

The property of this Company consists of the well-known Martin or Standing Stone tract, and contains from 2,500 to 3,000 acres of land, in fee simple, free from leases, undivided interests, or royalty. Standing Stone Creek (a branch of the Little Kanawha river), and its tributaries pass through this property, and it has upon it a larger amount of boring territory than is owned by any other company in West Virginia. It is situated in Wirt county, near the celebrated Rathbone or Burning Spring tract, and in extent of territory is five times greater, and is considered by all experienced oil men familiar with the oil district of West Virginia quite equal, if not superior, to the Rathbone tract. The Standing Stone Oil Company's property extends from the Little Kanawha river, near Burning Spring Run, across the waters of Standing Stone Creek, including a portion of Reynolds Creek and Two Mile Run, and is immediately in the Great Oil Break, extending from Burning Springs through Standing Stone Creek, Parkersburg to Horse Neck Wells, near the Ohio river, and embraces the line of UPHAVAL.

The report from the Geologist of the Company announces the discovery of FIVE new and very rich quartz lodes.

The OFFICIAL REPORT of the GOLD COMMISSIONERS OF CANADA will soon be published, showing over ONE THOUSAND DOLLARS THOUSAND DOLLARS worth of GOLD has been recently mined in the CHAUDIERE DISTRICT, principally upon the Company's property.

NOTICE.—

VULCAN OIL AND MINING COMPANY.

FINAL NOTICE is hereby given that all Subscriptions to the ORIGINAL STOCK OF THIS COMPANY must be paid on or before the 12th instant, in default of which it will be transferred to other applicants.

To subscribers the undersigned have the gratifying fact to announce that the advance in the value of the Company's estate is almost marvellous. Were a portion of the property sold at a rate lately offered by a New York Company, the VULCAN OIL AND MINING COMPANY could to-day declare a dividend greater than any Oil Company ever organized.

This Company's BORING and DRILLING MACHINE can now be seen in active working operation at the Warehouse of Messrs. MORRIS, TASKER, & CO., THIRD Street, below Walnut. Everybody interested in Oil should see it.

FOUR WELLS are now going forward, and FOUR more will be sunk as soon as the first are complete. These, with a yield of Oil equal to adjoining Wells, will insure the Vulcan A DAILY INCOME OF TEN THOUSAND DOLLARS CASH, and will enable this Company to declare dividends equal to the famed Columbia, now paying over $1,000,000 to a few Stockholders, and whose stock, for FIVE DOLLARS paid in, has sold for over FOUR HUNDRED DOLLARS per share.

A small portion of the original Stock ($1 per share), credited to subscribers who cannot promptly meet their engagements, is all that can now be sold.

Prompt application at this late day is indispensable, as the books will be closed as stated.
