The New York Post of yesterday says:

Gold is lower to day. The opening quotation was 215, the lowest 211. At the close 214¾ was bid. The transactions have been small and devoid of excitement. The loan market is well supplied with capital seeking investment on call at 6@7 ⅌ cent. As currency is rapidly flowing in from the West there is a daily increasing accumulation. Commercial paper is more active at 9@9 ⅌ cent. The stock market is depressed by the renewed efforts of the bears, who, having made large profits by their recent manipulation, are encouraged to continue them, although the market is reported to be largely oversold.

Governments are firm.—Coupon sixes of 1881 are wanted at 109¾, five-twenties at 108¾, new loan at 108¾, and ten-forties at 103¾. Railroad shares are flat. Erie has been the chief object of the hammering of the bears who have succeeded in bring down the price from 74, its highest point this morning, to 70¾, its lowest. The best dividend-paying Western shares are increasing in favor with investors.

Before the first session gold was quoted at 213, New York Central at 108, Erie at 73¾, Hudson River at 105.

The following quotations were made at the board compared with those of Saturday's afternoon:

HEADQUARTERS, PENNSYLVANIA MILITIA,
GENERAL ORDERS No. 1.
HARRISBURG, Jan. 26, 1865.

Authority from the War Department having this day been received to raise *Fifty Companies of Volunteer* infantry, under the call of the President of the United States of the 19th of December, 1864, for three hundred thousand men (300,000) men—and companies to be assigned to regiments now in the service, wherein vacancies exist, or consolidated into regular regiments, as may hereafter be deemed best, *it is ordered*:

I. Special authorities will be granted to raise companies, to be recruited and organized agreeable to General Orders No. 151, War Department, series of 1864. Preference will be given to persons who have been in service, who have honorably discharged, or who may be detached from reduced Regiments in the field, or mustered out of service in consequence of consolidations.

II. Applications for appointments as mustering Lieutenants, under the above order, will be *immediately* made to the office of the Adjutant General of the State, at Harrisburg, for raising these troops is too short to admit of any delay.

III. Commanding officers of companies of men recruited in the *Western Division* of the State will report to the commanding officer, Camp Curtin, Harrisburg; and of those recruited in the *Eastern Division* of the State, to the commanding officer, Camp Cadwalader, Philadelphia.

Upon the application of the commanding officer, or of the mustering Lieutenant, for a company, to the agents of the different railroad companies throughout the State, transportation to the camp of rendezvous will be furnished.

IV. Actual and necessary expenses for boarding and lodging of troops raised under this order, will be paid by the United States disbursing officer, at the proper post, at a rate not exceeding forty cents per day for each man mustered into the service of the United States, on the affidavit of the officer commanding the company, by the receipts of the party to whom the money was paid. Names of the men, and the dates between which each man was boarded and lodged, must be stated in the account rendered.

V. Muster-in of service will be for either one, two or three years, as recruits may elect.

VI. These troops must be mustered into service by the seventh (7th) of February next, in order that they may be credited on the quota of the State, under the aforesaid call, prior to the draft.

VII. Incomplete companies which fail to organize, will be consolidated within a reasonable time, so as to form and be mustered in as full one-company organizations before that date.

VIII. Bounties will be paid by the United States Government as follows:

For recruits for one year $100 00
For recruits for two years 200 00
For recruits for three years 300 00

The first instalments of bounty will be paid by the mustering and disbursing officers, when the recruit is mustered in as follows:

To a recruit who enlists in the army for one year ..... $ 33 33
To a recruit who enlists in the army for two years 66 66
To a recruit who enlists in the army for three years 100 00

By order of A. G. CURTIN,
Governor and Commander-in-Chief.
A. L. RUSSELL, Adjutant General, Pennsylvania.

The annexed order is published for general information:

WAR DEPARTMENT,
ADJUTANT GENERAL'S OFFICE,
WASHINGTON, January 24, 1865.
GENERAL ORDERS, No. 181.

General Orders, No. 75, series of 1863, are hereby rescinded, and the following orders will govern hereafter in lieu thereof:

In raising new regiments or independent companies of volunteers, the Governors of the states are hereby authorized to appoint, in addition to the staff officers heretofore authorized, one Lieutenant for each company, who shall be conditionally mustered in service upon the date of his appointment as such officer if the appointed and mustered, shall only be entitled to be paid on the muster and pay roll of his company, and shall be liable to be discharged from service by within such time as the War Department may designate, the men enlisted by him shall be assigned to some other company, his appointment shall be cancelled and he shall be discharged without pay, unless the Governor gives him a position in the regimental company to which his men shall have been transferred.

If the mustering officers will report promptly to the Adjutant General of the Army the name of every recruiting lieutenant mustered into the service by them under a conditional letter of appointment, the name of the company and regiment for which he is recruiting. Officers will be mustered into the service only upon the recommendation of the Governor of the State to which their regiments belong.

II. Articles of enlistment will be made out in duplicate by such recruiting officers, and will be disposed of as provided by paragraph 15, page 86, recruiting Regulations. Volunteer Recruits will be sent to the regimental rendezvous, at least, as often as once a week; but when the number of recruits justifies it, the Surgeon of the regiment, or other surgeon employed for that purpose by the Superintendent of Volunteer Recruiting, closing a sufficient number of recruits, and found to be free of permanent disability, will be discharged from service within 24 hours after the Surgeon's report, such discharges to the Superintendent Volunteer Recruiting service, and also to the Adjutant of the regiment, notifying him of those cases where the disability was obvious at the time of enlistment. As soon as the regimental rendezvous is filled, it will be carefully inspected and mustered by a United States Mustering officer, who will see that at least the minimum number of each company is present; no beneficiaries will be counted.

IV. Until regiments or independent companies are organized and officers appointed, the Governor of the State, or the Governor of the State, but all requisitions for Quartermaster, Medical, and Ordnance stores, all contingent expenses, and transportation through the State, transportation to the camp of rendezvous will be furnished.

V.
