This Company, National in its character, offers, by reason of its Large Capital, Low Rates of Premium and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium, being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complication and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-Holders.

Several new and attractive tables are now presented which need only to be understood to prove acceptable to the public, such as the Income-Producing Policy and Return Premium Policy. In the former the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an annual income equalize ten per cent. (10 per cent.) of the par of his policy. In the latter, the Company agrees to return to the insured the total amount of money he has paid in, in addition to the amount of his policy.

The attention of persons contemplating insuring their lives or increasing the amount of insurance they already have, is called to the special advantages offered by the National Life Insurance Company.

Circulars, Pamphlets and full particulars given on application to the Branch Office of the Company in Philadelphia, or to its General Agents.

☞ Local Agents are Wanted in every City and Town; and applications from competent parties for such agencies, with suitable endorsement, should be addressed to the Company's General Agents only, in their respective districts.

We think it safe to assume you, reader, that Dr. Wonderful, or any other man, has a new relief and cure for catarrh in his pocket, when the lungs are half consumed, in short, will cure all diseases whether of mind, body or estate, make men live forever, and leave death to play for want of work, and bedeviled to make our sublunary sphere a blissful paradise, to which Heaven itself shall be but a site-seen. You have heard enough of that kind of humbuggery, and we do not wonder that you have by this time become disgusted with it. But when we tell you that Dr. Sage's Catarrh Remedy *will positively cure the worst cases of Catarrh*, we only assert that which thousands can testify to. Try it and you will be convinced. We will pay $500 Reward for a case of Catarrh that we cannot cure.

FOR SALE BY MOST DRUGGISTS EVERYWHERE. Price only 50 Cents.

If your Druggist has not got it on sale, don't be put off with some worse than worthless strong snuff, "fumigator" or poisonous caustic solution, which will drive the disease to the lungs instead of curing it, but send sixty cents to us and the remedy will reach you by return mail.

Send stamp for Dr. Sage's pamphlet on Catarrh.

R. V. PIERCE, M. D.,
Buffalo, N. Y.

3

This INFALLIBLE REMEDY doesn't like the poisonous injurious snuffs and strong caustic solutions which the people have long been humbugged, simply palliate for a short time, or drive the disease to the lungs, as there is danger of doing in the use of such nostrums, but it produces perfect and permanent cures of the worst cases of chronic catarrh, as thousands can testify. "Cold in the Head" is cured with a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes offensive Breath, Loss or Impairment of the sense of taste, smell or hearing, Watering or Weak Eyes, and Impaired Memory, when caused by the violence of Catarrh, as they all frequently are. We offer in good faith a standing reward of $500 for a case of Catarrh that we cannot cure.

FOR SALE BY MOST DRUGGISTS EVERYWHERE. Price only 50 Cents.

Ask your Druggist for the Remedy, but if he has not yet got it on sale, don't be put off by accepting any miserable, worse than worthless substitute, but enclose sixty cents in a letter, and the Remedy will be sent you post paid. Four packages $2.00, or one dozen for $5.00. Send stamp for Dr. Sage's pamphlet on Catarrh.

R. V. PIERCE, M. D.,
Buffalo, N. Y.

4

This is NO PATENT MEDICINE HUMBUG, got up to dupe the ignorant and credulous, for it is represented as being composed of rare and precious substances brought from the four corners of the earth, carried seven times across the Great Desert of Sahara on the backs of fourteen camels, and brought across the Atlantic Ocean on two Ships. It is a simple, mild, soothing remedy, a perfect Specific for CATARRH and "COLDS IN THE HEAD," sheds for ever the Breath, Loss or Impairment of the Sense of Smell, Taste or Hearing, Watering or Weak Eyes, Pain or Pressure in the Head, when caused, as they all not unfrequently are, by the violence of Catarrh.

We offer in good faith, a standing Reward of $500 for a case of Catarrh that we cannot cure.

FOR SALE BY MOST DRUGGISTS EVERYWHERE. Price 50 Cents.

Sent by mail, post paid, on receipt of Sixty Cents. Four packages for $2.00, or 1 Dozen for $5.00. Send stamp for Dr. Sage's pamphlet on Catarrh.

The Chinese Government having (through the Hon Anson Burlingame) conceded to this Company the privilege of connecting the great seaports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following parts, viz:

	POPULATION.
Canton,	1,000,000
Macao,	6,000
Hong-Kong,	250,000
Swatow,	200,000
Amoy,	250,000
Foo-Chow,	1,250,000
Wan-Cha,	300,000
Ningpo,	450,000
Hang Chean,	1,200,000
Shanghai,	1,600,000
Total,	5,010,000

These ports have a foreign commerce of $100,000,000, and an enormous domestic trade, (while which we have the universe internal commerce of the Empire, radiating from these points, through its canals and navigable rivers.

The cable being laid, this Company proposes erecting land lines, and establishing a speedy and trustworthy medium of communication, which must command there, as everywhere else, the patronage of the Government, or business, not of social life, especially in China. She has no postal system, and her only means now of communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race.—The latest returns made to her central authorities for taxing purposes by the local magistrates make her population FOUR HUNDRED AND FOURTEEN MILLIONS, and this is more likely to be nearer than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Europe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in Engish alone. To day great numbers of fleet steamers owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose, connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its successful operation, and would steadily increase thereafter.

Not enterprise commends itself as in a greater degree remunerative to capitalists, and to our whole people. It is of a vast national importance commercially, politically, and evangelically.

☞ The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York Herald, Tribune, World, Times, Post, Express, Independent, and in the Philadelphia North American, Press, Ledger, Inquirer, Age, Bulletin and Telegraph.

Shares of the Company to a limited number, may be obtained at Par—$100 payable down; $15 on the 1st of November, and $25 payable in monthly instalments of $12.50 each, commencing December 1, 1868, on application to

DREXEL & CO.,

34 South Third Street,

PHILADELPHIA.

Shares can be obtained in Sunbury by application to S J. PACKER, Banker, who is authorized to receive subscriptions, and can give all necessary information on the subject.

NATURE'S GREAT RESTORER.

SCHEETZ'S

CELEBRATED

Bitter Cordial.

This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouse of nature, and selected with the utmost care. It is not recommended as a Cure All, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which these organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for Diarrhœa, Dysentery, Bowel Complaint, Dyspepsia, Lowness of Spirits, Faintings, Sick Headache, &c. For Chills and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

BALTIMORE LOCK HOSPITAL.

ESTABLISHED AS A REFUGE FROM QUACKERY.

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSON has discovered the most Certain, Speedy and only Effectual Remedy in the World for all Private Diseases, Weakness of the Back or Limbs, Stricture, Affections of the Kidneys and Bladder, Incontinent Discharges, Impotency, General Debility, Nervousness, Dyspepsy, Insanity, Loss of Sight, Confusion of Ideas, Depression of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Pimples on the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—these Terrible Disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to unanimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstacy the living lyre, may call with full confidence.

Marriage.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may safely confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness

Immediately Cured, and Full Vigor Restored.

This Distressing Affection—which renders Life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. None, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

Office, No. 7 South Frederick Street

Left hand side going from Baltimore street, a few doors from the corner. Full set to observe name and number.

Letters must be post paid and contain a stamp. The Doctor's Diplomas hang in his office.

A Cure Warranted in Two Days.

No Mercury or Nauseous Drugs.

Dr. Johnston,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being startled at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by such habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsy, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY—The mental effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil-Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c. are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and excitable, having a singular appearance about the eyes, cough and symptoms of consumption.

Young Men

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST, before contemplating

Marriage,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect nearly dejects to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

Disease of Imprudence.

When the misguided and impulsive votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, swellings on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a hideful object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskillfulness of ignorant pretenders, who, by the use of that "Deadly Poison, Mercury," ruin the constitution and make the residue of life miserable.

Strangers

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr Johnston's advertisements, or style themselves in the newspapers, regularly Educated Physicians, incapable of Curing, they keep you trifling month after month taking their filthy and poisonous compounds, or as long as the unusual fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnston is the only Physician advertising.

His certificate or diplomas always hung in his office.

His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in this country and a more extensive "Private Practice" than any other Physician in the world.

Endorsement of the Press.

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the "Sun," "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

Lost Diseases Speedily Cured.

Persons writing should be particular in directing their letters to his Institution, in the following manner,
