A PORTLAND man has cured one of the most dangerous cases of cancer by drinking red clover tea and applying a red clover com press, and thinks it will prove an infallible remedy in all cases.

Silve WALK --- That side walk a little cast of the post office has at last been to paired dandes to " Jun." And by the way we notice the sole walk in the vicinity of El-Creek is a " little the worse for wear " since the rain.

Unpleasantness Among the Democracy.

It is with feelings of deep regret, that we are called upon to record the fact that the Democratic county Convention which met here on the 12th inst. was not as harmonious as it night have been.

We regret this from the fact that the example set last Monday, may induce young men to join the party early in life and thus lead a long life of sin, unless they see the error of their ways because other smart young men, get themselves hooked to the party, and like the load which the old man of the sea carried, they can never be shaken off.

It is entertaining to listen to the way in

which the convention was managed, what is which the convention was managed, what is known as the Ridgway faction, finding that the St. Marys faction had a majority, were to public sale or outery, st the Court the St. Marys faction had a majority, were compelled in order to carry their plan to get control of the Convention and place some ong in the chair who would carry out in management, what they lacked in strength, and thus sppear to be the majority. The whole thing mand of the defendent in and to all was so plain a fraud, and a cheat, that any body about the Court House, could see through it. Nothing savoring of rascality was ever more plain. Thinking that some might have been present who were blind and could not see it, they published their infamy, by bragging and boasting over it upon the streets, so that all whether present or absent could hear how smart they acted and how crawling low men can get. The object was attained however. All the townships in the east end of the county, including St. Marys Borough and Benzinger tp, bolted the Convention. Those who remained admitted a bogus set of delegates from one of the townships, and then went and p. oved,

made nominations to suit themselves. The fight originated in an early effort by what is known as the Ridgway ring to defeat the nomination of Fred. Schoening, Esq., for Prothonotary. The man who was proposed to be put up as a candidate against him, was so repulsive to all feelings of humanity, that the parties bringing him out were compelled to drop him but the load being so useful, an effort was made to get a man who was as repectable as he could be, and belong to such a party to be a candidate and be elected, and appoint "dead beat" deputy, but this would not work. This enraged the better portion of the party, and in order to beat all those engaged in the attempt to rule or ruin. and foist such loads upon the party it was determined, by some of those representing the voting element of the party and not the office seeking part, to come to the convention, and see if some of the representative men of the county could not be placed in nomination and voting element of the party and not the office county could not be placed in nomination and

the ri. g smashed for once. The effort to decat Schoening was given up, it was too much to do, with the cole proposed to be used, but preceipts to no directed, have aforemid nursed Coaris to be he ia endeavoring to defeat him, it became coessary to defeat C. R. Earley who was a First Moulay of August if he andidate for the Legislature, and for this purpose John G. Hall became a candidate for the Notise is hereby given to the Care ame position. Before the Convention met the same position. Before the Convention met the Farley men had the Convention but the trick was to manage them out of it which was done, that they are by these presents c be them and there in their proper ten o clock, A. M., of said day and in such an outrageous manner that those rolls, records and implicitions, the had any respect for thems lyes had to cave the Convention. Eleven delegates left Justices of said coon y tonke it, the Ridgway ring part of the convention recognizances entered is to before hen made nominations, and were smart Clerk of the fourt, as per not of nough to put in nomination on the county icket, for Prothonolary and Treasurer, the ach whom they knew the St. Marys faction of he Convention would favor, and nominated for assembly John G. Hall. After the Ri 'gway ring convention adjourned the bolters or
