Tract No. 1. Consists of a lease of five acres for the term of twenty years, with a royalty of only one-eighth, situated on the celebrated "Mapel Farm," Dunkard Creek, Greene county, Penna., and in close proximity to the famed Wylie wells, Continental, and Kramer wells, which are flowing and pumping from 10 to 50 barrels per day.

Tract No. 2. A lease of thirty-five acres for the term of nineteen years, with a royalty of three-eighths, situated on the Myers Farm, Big Whitely Creek, Greene county, Penna. This tract is well timbered, and is underlaid by a five-feet vein of bituminous coal, (with quite a number of banks already opened,) both of which the Company have the full privilege of using, free of charge, to carry on their operations.

The most remarkable feature of the "Mapel Farm" is, that no well has ever been bored from 250 to 600 feet without producing oil in paying quantities, and all that has been obtained so far has been the celebrated Amber Oil, which, in its crude state, is so pure that it is used by persons in the vicinity for illuminating purposes—selling readily at $22 per barrel.

It has also been tested by machinists in Philadelphia, and found equal to the best Sperm Oil for lubricating.

Mr. JOHN G. WILLIAMS,

our superintendent, who is now on the property, has on hand men, and is vigorously prosecuting the work. Two wells will be put down at once upon the Mapel Farm, and one upon the Myers Farm.

20,000 shares only offered for sale, the larger portion of which has already been subscribed.

WORKING CAPITAL, $15,000.

This Company is organized on the most equitable principle, without recourse to the present prevailing spirit of speculation, and with a view to the immediate development of the land, and to enable every one, whether rich or poor, to invest according to their means, and to participate in the legitimate profits of the production of Petroleum, to which end a large portion of the proceeds of the sale of the stock is devoted to working capital.

The Company own in fee simple one hundred acres of fine boring territory, in the centre of the celebrated Mecca Lubricating Oil district, in Trumbull county, Ohio, consisting of a good, well-improved Farm, surrounded by producing wells of the Mecca Oil Company, of this city, the Boston Lubricating Oil Company, and others, producing severally from two to eight barrels per day.

The Mecca Oil is a natural lubricator, the best in the market, and is in great demand at fifty dollars per barrel at the wells.

There are two wells down, almost ready for tubing, with a good show of oil in both, with an eight-horse engine on the ground, so that no delay will occur in the operations of the Company.

The depth of the oil wells in Mecca ranges from fifty to seventy-five feet, so that a large number of wells can be sunk at no greater cost than one well in Venango county, and other oil districts: though within a few weeks oil has been found in the Mecca districts at 250 feet, indicating that there will yet be large flowing wells in this section of Ohio.

When the stock is all taken, a meeting will be called, officers elected, and measures taken for the full development of the property.

BIG SANDY

OIL COMPANY,

VENANGO COUNTY, PENNSYLVANIA.

CAPITAL.....$500,000.

100,000 SHARES, at $5.

RESERVED WORKING CAPITAL.....$20,000.

Only $20,000 shares for sale, at $2 per share—to be used in developing the property.

The property of the Big Sandy Oil Company consists of 125 acres in fee simple, clear of all leases and incumbrances, situated on the Big Sandy river, Venango county, Pa., three miles from the mouth, four miles southwest from the town of Franklin, and within one and a half miles of the Jamestown Railroad, which is now being laid, and will be completed by next season.

The property has a river frontage of half a mile, all of which is available for boring purposes, and is heavily timbered with white oak of the best quality. There is sufficient coal upon the property for all purposes.

The public road to Waterloo, and the old Pittsburg road to Franklin, run near the lands.

In the vicinity are the large wells struck upon the Allegheny.

The property is also in close proximity to the wells on Sugar and French creek, and is about four miles east of the Adamantine Well, lately struck on the East Sandy.

Surface indications are very rich, oil having been found in many places exuding from the ground. In 1862 a large well was struck on the Big Sandy, three-quarters of a mile below the property, but which was abandoned in consequence of the low price of oil and the breaking out of the war.

Two engines have been purchased, and are now upon the premises, and four wells are now in progress of being bored.

The Company proposes to sell only 20,000 shares of stock, at One Dollar per share, to be used for developing the property.

The Company, having no royalty or rents to pay, owing no debts, having no fractional interest to look after, will devote the business solely for the benefit of the holders of Big Sandy stock will receive the whole net product of the property.

The subscription books will be opened on WEDNESDAY, 22d inst. (and remain open for three weeks, unless the stock is sooner subscribed for), at the office of the Company,

THE PROPERTY OF THE CERES OIL COMPANY IS LOCATED IN PENNSYLVANIA AND WEST VIRGINIA.

No. 1 is ninety-four and a half acres, in fee simple, of valuable Oil lands, on the east bank of the Little Kanawha river, midway between the village of New-ark and Standing Stone Creek, Wirt county, West Virginia—located in the immediate centre of the great Oil belt.

There are now in process of boring over sixty wells in this immediate neighborhood, and information has been received, that a well yielding about ninety barrels a day has recently been struck on Standing Stone creek, near these lands.

The Kennedyburg Well, located upon the northern border of this tract, (see map,) has reached a depth of 280 feet, with strong indications of Oil. The Rockhold Well is now down about 300 feet, and is on the southern border of our tract.

The property has a river frontage of about 1,100 yards, affording sufficient room for 50 or 100 wells.

The region of Standing Stone Creek is considered among the best in West Virginia, and there are now several wells yielding profitably upon said creek.

The engine for developing the above tract is now ordered, and the work will be pushed forward rapidly.

No. 2 is a lease of 100 acres of land, situate on the back waters of Clarion river, in Jefferson county, Pennsylvania where there is now so much excitement—believed to be good Oil land. The Company propose to undertake a large portion of this tract. No efforts will be spared by the officers of this Company, to make it profitable to the stockholders as soon as possible. Books for subscription to be limited amount of the stock not to exceed 50,000 shares, at $1 per share, will be opened on WEDNESDAY MORNING, at 10 o'clock, March 22d, at the OFFICE OF THE COMPANY.

60,000 Shares as Developing Capital.

The properties of this Company consist of eighty-five acres in fee, located in Pine Grove township, Venango county. This property is situated near the celebrated Hemlock Creek, and only a half mile from the large well on Horsenack Creek. There being a large portion of low, flat boring land on this farm, we will be enabled to sink many well, none of which can prove less productive than the well on Horsenack Creek, which alone is now paying a dividend of eight per cent. to the Company.

There are also two parcels of land on Oil Creek, located about two miles and a half above Oil City, containing each about a half acre, on each of which there are now wells down. One to the depth of, say, one hundred feet, and the other is now down one hundred and ten feet. At this depth we have the most undoubted proof of securing two of the most lucrative oil wells yet discovered on Oil Creek.

On the Graff & Hassem Tract, which adjoins us on the south, they are now developing, and have two wells, one of 108 and one of 90 barrels per day. To the north we have the Corn Planter Company. Their 150-barrel well is close to us. At the low price of the stock, being offered at 25 cents per share, every one will have the opportunity of securing an interest in most valuable land located in Venango county, which, with proper energy in developing, can be made to prove as remunerative as the lands of the most favored Companies now in operation in Venango county.

The BOOKS of the PINE GROVE PETROLEUM COMPANY will be open at the Office of the Company, No. 400 CHESTNUT Street, Room No. 7, after TUESDAY, March 21, 1865, for the sale of a limited number of shares.

FRANKLIN, February 24, 1865.

To the Officers of the Pine Grove Petroleum Company:

GENTLEMEN: At your request I have visited your land, located in Pine Grove township, in this county. It is well located, near Hemlock Creek, and not far from a well now pumping large oil. There are also many wells now going down on the properties immediately adjoining. From the surface indications you may rest assured of having secured one of the most valuable Farms yet sold for Oil developments.

FINANCIAL.

TREASURY DEPARTMENT, OFFICE OF THE COMPTROLLER OF THE CURRENCY,

Whereas, By satisfactory evidence presented to the undersigned, it has been made to appear that THE NATIONAL EXCHANGE BANK OF PHILADELPHIA, in the city of Philadelphia, in the county of Philadelphia, and State of Pennsylvania, has been duly organized under and according to the requirements of the Act of Congress entitled "An act to provide a National Currency, secured by a pledge of United States bonds, and to provide for the circulation and redemption thereof," approved June 3, 1864, and has complied with all the provisions of said act required to be complied with before commencing the business of banking under said Act.

Now, therefore, I, HUGH McCULLOCH, Comptroller of the Currency, do hereby certify that THE NATIONAL EXCHANGE BANK OF PHILADELPHIA, in the city of Philadelphia, and State of Pennsylvania, is authorized to commence the business of banking under the act aforesaid.

Seal of the Comptroller of the Currency. In testimony whereof, witness my hand and seal of office this twenty-fifth day of January, 1865.

HUGH McCULLOCH,
Comptroller of the Currency.
