SPECIAL NOTICES.

SENSIBILITY.

BY THE BARD OF TOWER HALL.

No sweeter earthly trait can be
Than charming sensibility,
Yet none, alas! has power
To bring more sorrows to the breast,
And make the mind, with gloom opprest,
Languish through life's hour.

Then, feeling souls, forbear to brood
On all the horrors round us viewed,
And those which we but guess:
Unless the sufferer's sad fate
You may at once alleviate,
And end your own distress.

For should we yield our minds to dwell
On every tale this Truth can tell
Of pain and hopeless woe,
Our tears to stream would never cease,
And the serene delights of peace,
Our hearts would never know.

The mind, to 'scape this should be fraught,
With stores of profitable thought,
'Tis pleasant to reflect,
And very useful too, withal,
How cheaply we, from Tower Hall,
May handsome clothes select!

Notwithstanding large and rapid sales, our assortment of seasonable Clothing is full and complete as usual. Large additions being made daily, and some prices all styles, kinds, and sizes, from medium grades to superfine, men's, youth's, and boys'. *All are so suited at once without delay or trouble.* Our purchases have been made since the great decline in prices, the balance of our stock is reduced to the same standard, so that our customers may rely upon receiving the *full benefit of the decline* and purchasing at *lower prices than the lowest offered elsewhere*

WHY INJURE THE COMPLEXION BY POWDERS AND WASHES which choke or fill up the pores of the skin, and in a short time leave it harsh and dry? It is in the blood, and if you want a smooth and soft skin use HELMBOLD'S EXTRACT OF SARSAPARILLA. It gives a brilliancy to the complexion.

A CLEAR, SMOOTH SKIN AND BEAUTIFUL COMPLEXION follows the use of HELMBOLD'S CONCENTRATED FLUID EXTRACT SARSAPARILLA. It removes black spots, pimples and all eruptions of the skin.

TO PURIFY, ENRICH THE BLOOD, AND BEAUTIFY the complexion, use HELMBOLD'S HIGHLY CONCENTRATED FLUID EXTRACT SARSAPARILLA. One bottle equals in strength one gallon of the Syrup or Decoction.

NOT A FEW OF THE WORST DISORDERS that afflict mankind arise from corruptions of the blood. HELMBOLD'S EXTRACT OF SARSAPARILLA is a remedy of the utmost value.

HELMBOLD'S CONCENTRATED EXTRACT BUCHU *is the great Diuretic.* HELMBOLD'S CONCENTRATED EXTRACT SARSAPARILLA *is the Great Blood Purifier.* Both are prepared according to rules of Pharmacy and Chemistry, and are the most active that can be made.

A THING OF BEAUTY IS A JOY FOREVER.—Those who desire brilliancy of complexion, must purify and enrich the blood, which HELMBOLD'S CONCENTRATED EXTRACT SARSAPARILLA invariably does. Recollect it is no patent medicine. Ask for Helmbold's. Take no other. mhl-wfmsm

FRECKLES.—These disfiguring spots are simply drops of perspiration hardened in the pores of the skin, where, as water cannot penetrate, ordinary washing will not remove. JARED S "SMALL DE PARIS," by softening and smoothing the skin, reaches this colorous matter, and dissolves it. No skin, however delicate, can form or *freckle* while using "Small de Paris." Sold by all Druggists, Perfumers, and Dealers in Toilet Goods. my1-mwsit

A BIG THING.—A MILLION IS A GREAT many, but two million is more. As incredible as it may appear, Messrs. F. H. Drake & Co., of New York, sell over two million bottles of PLANTATION BITTERS a year. This is nearly one hundred and seventy-five thousand dozen, which, at nine dollars, would be over a million and a half dollars! Surely, some merit must attach to an article of such a sale. Go where we will, from one end of the country to the other, we are always in sight of the evidences of the cabalistic S. T.—1850—X., and these gentlemen's energy. We would caution them a little more elegance in their rock painting. The Legislature of New Hampshire has passed a law against their further disfiguring the White Mountains. ap28-6t

☞ COAL AT COST!
HOUSEKEEPERS' COAL COMPANY,
OFFICE, 105 SOUTH FIFTH STREET, BELOW CHESTNUT.

A Company has been formed under the Mining Laws of Pennsylvania, of the above name, for the purpose of supplying Coal to its members at prime cost, and you are hereby solicited to become a participant in its benefits.

The stock of the Company has been divided into 25,000 shares, at $10 per share, making a capital of $250,000, of which $50,000 is set apart for working capital.

It is the intention of this Company to sell to its members at cost, the amount of Coal which each of its stockholders with one gross ton (2,240 pounds) of coal annually, for each share of stock held by them during the existence of this Company (which has been calculated for sixteen years) at cost, if the stockholder desires to receive it.

Last winter a ton of coal of only 2000 pounds cost at your door $8 00, while the mining and transporting of a ton of 2,240 pounds, cost only $7.60; thus making the enormous profit of five dollars on a single ton of coal, besides the difference in weight. Why pay the difference, when by becoming a member of the Housekeepers' Coal Company you will become directly connected with the mining and delivery of your own Coal, thereby securing it *good, clean, cheap*, and of full weight?

All shares heretofore secured to you at cost if you join this Company. The character of the gentlemen having the enterprise in charge is sufficient guarantee that the objects of the association will be fully carried out.

The Company have procured the lease of the well-known colliery of "Branchdale," situated about seven miles from Pottsville, on a branch of the Mineshill and Schuylkill Haven Railroad. The coal is of the best quality of the region it being the celebrated Spohn vein. The mine will now yield 40,000 tons of coal per year, and can readily be made to double its present production at a very small cost. The supply will never be exhaustible, for, so far as the existence of this Company is concerned, it certainly is so.

The mine is in complete working order, with all the machinery and personal property necessary and usual to work a first-class colliery.

The stock of this Company is not an inflated one, it being based upon a fair equivalent in property.

The investment will be a good one, as the Company expect to realize sufficient profit from the sale of the surplus of all coal mined over 25,000 tons, to pay a good semi-annual dividend.

Information concerning the affairs of the Company can be obtained at the office.
