ADAMS & LEVIS, who will give them further information, and will show them the Machines, now running and making nails.
The advantages we claim for our Machines over any others in use, are:
That they produce a more perfect nail, with a better head, and fewer imperfect nails.
That they effect a saving of not less than fifty per cent. in the expense of grinding knives and dies.
And the Machines being *self-feeding*, they effect a saving of from fifty to seventy-five per cent. in the labor of cutting nails.
Parties feeling an interest, and desiring to subscribe, will please call and examine for themselves. ap15 1m

COAL AT COST!
HOUSEKEEPERS' COAL COMPANY,
OFFICE, 105 SOUTH FIFTH STREET, BELOW CHESTNUT.
A Company has been formed under the Mining Laws of Pennsylvania, of the above name, for the purpose of supplying Coal to its members at prime cost, and you are hereby solicited to become a participant in its benefits.
The stock of the Company has been divided into 25,000 shares, at $10 per share, making a capital of $250,000, of which $50,000 is set apart for working capital.
It is the intention of this Company to furnish each of its stockholders with one gross ton (2,240 pounds) of coal annually, for each share of stock held by them during the existence of this Company (which has been chartered for sixteen years) at cost, if the stockholder desires to receive it.
Last winter Coal sold at retail for 10 cents a pound, or $2240 per ton, while the mining and transporting of a ton of 2,240 pounds of coal only $7.50; thus making the enormous profit of five dollars on a single ton of coal, besides the difference in weight. Why pay the difference, when by becoming a member of the Housekeepers' Coal Company you will be supplied with your coal at cost? Mining and delivery of your own Coal, therefore, with the mining and delivery of your own Coal, therefore, by securing it *good, clean, cheap*, and of full weight?
All these benefits are secured to you if you join this Company. The character of the gentlemen having this enterprise in charge is sufficient guarantee that the objects of the Association will be fully verified.
The Company have secured the lease of the well-known colliery of Branchdale, situated about seven miles from Pottsville, on a branch of the Mahanoy and Schuylkill Haven Railroad. The coal is of the best quality for the region, it being the celebrated Mahanoy vein. The mine will now yield 30,000 tons of coal per year, and can readily be made to double its present production, and can readily be made to double its present production at a very small cost. The supply may be said to be inexhaustible, for, so far as the existence of this Company is concerned, it certainly is so.
The mine is in complete working order, with all the machinery and personal property necessary and usual to work a first-class colliery.
The stock of this Company is not an inflated one, it being based upon a fair equivalent in property.
The investment will be a good one, as the Company expect to realize sufficient profit from their stock to pay a good dividend, amounting to over 25,000 tons, to pay a good semi-annual dividend.
Information concerning the affairs of the Company can be obtained at the office.

MILITARY.

PRIZE MONEY AND GOVERNMENT BOUNTY FOR ALL WHO ENTER THE UNITED STATES MARINE CORPS.
Men have been recently released from the head of the Marine Corps at Washington not to restrict recruits to the class (as has been the case heretofore) to those who have served in the volunteer service regulars, or in the marines, and have been honorably discharged. Since persons enlisting in the United States Marines will receive the Government Bounty and will also be entitled to their share of prize money and capture of the enemy's vessels. For full information apply at the recruiting rendezvous, 1211 South FRONT Street, between 8 A. M. and 4 P. M., every day but Sunday.
JAMES FORBY, Captain and Recruiting Officer.
