NOTICE TO ALL FREEHOLDERS, TAX-PAYERS, CONVEYANCERS, AND OTHERS CONCERNED.
DEPARTMENT OF SURVEYS, REGISTRY BUREAU, June 26, 1865.
Notice is hereby given, that under and by virtue of an act of Assembly, passed on the 16th of March, 1965, and an ordinance of the city of Philadelphia, made in pursuance thereof, this Department will be prepared to receive the descriptions of all lands and corporeal real estate within said city, from and after the 1st day of July, 1865.
The purpose of the act is declared by its title, which is: "An act to promote the more certain and equal assessment of Taxes in Philadelphia," and a principal means devised thereof is the plotting of all the real estate within the city, in manner to exhibit the location and dimensions, with the names of the owners thereof. To this end it is made the duty:
1st. Of all owners of houses and lots, to furnish, forthwith, descriptions of their property to this office, by the presentation of their deeds, upon which will be placed a certificate of the fact of such return having been made, and thereafter the property so described *shall not be subject to sale for taxes thereafter to become a lien thereon, except it be in the name of the owner so returned, and after service of notice upon him as in case of a writ of summons.*
2d. Of every seller and buyer of ground upon the planned city plot to make report to this office of every conveyance made, with the precise dimensions and locality of the premises, and when the preceding returns are made *there will be no charge made therefor;* but if the owner desires a certificate of his having made such return for his protection, and to exhibit to the Recorder of Deeds, &c., it will be furnished for the fee of twenty-five cents (exclusive of Revenue stamp.)
3d. In case neither a deed nor notice shall have made such return, and produces the proof thereof to the Recorder of Deeds, he is required not to admit the deed to record without charging fifteen cents for each lot described therein; and it is then made his duty to furnish the proper descriptions with a due of conveyance and names of grantors and grantees, into this Department, within one month, under a penalty of one dollar for each omission.
4th. And it is made the duty of every purchaser of houses and lots, to see that a deed is made, or every one who receives an allotment in partition; of every devisee by will, to make returns as aforesaid; and if he shall not have received a return on the day of the Orphans' Court or Prothonotary of the proper County, and the Register of Wills, to perform the like duty, for the like chargers, and under the same penalty as the Recorder of Deeds.
5th. The performance of the said duties as enjoined by the act *will exonerate the seller from a future liability for the taxes without reclamation therefor* and will secure to the purchaser, devisee, and heir, an immunity against *loss of his title by sales for taxes without notice to him,* and exempt them from the penalty of five dollars imposed by the act for the failure to comply with its requisitions.
The Chief Engineer and Surveyor respectfully requests of the owners of real estate a prompt so operation in carrying out the important purposes of the act, that they, as well as the city, may sooner derive the obvious advantages designed, in the more certain and equal assessment of the taxes, and the greater security and certainty of their titles to real estate within the city.
Conveyancers, Agents, and others, can procure blanks for descriptions by applying at this office, No. 510 (the FIFTH Street, below Walnut, Room No. 6, first floor.
STRICKLAND KNEASS, Chief Engineer and Surveyor.

DAUPHIN AND COLORADO GOLD MINING COMPANY.—This Company is now vigorously at work with a force of experienced miners extracting ore. Their water power is ample, and so soon as their Stamping Mills completed the separation of the metal will be commenced. To effect this, a portion of the shares of the Working Capital are offered for sale at the original low price of THREE DOLLARS AND FIFTY CENTS each, payable in instalments.
The great Railroad from St. Louis to Kansas is to be completed in July, and connects with the railroad up the Kansas river to within Fifty Miles of Denver City. This road from St. Louis up the Kansas river will over be a favorite route to Colorado and New Mexico—especially during the Spring and Summer of the year. In July (for August at farthest) the completed road, in a direct line from St. Louis to the COLORADO GOLD MINES, will measure three hundred and fifty miles in length, and will greatly facilitate the business of the gold region. Vast deposits of the precious metals are waiting to be lifted from their bed, and those who now embark in this business, will soon be rewarded with abundant returns for their investments.
