Read the Following Certificate

From Messrs. Hall & Garrison, whose large four-story Picture-Frame Manufactory, Third and Poplar streets, was destroyed by fire on the morning of the 18th instant:
PHILADELPHIA, August 18, 1865.
Messrs. EVANS & WATSON:
GENTLEMEN: We take great pleasure in informing you that your make of Safe, which has been used by us, and was exposed to an intense heat for several hours at the destruction of our Factory by Fire early this morning, proved a perfect protection to our Books and Papers, which were found not to have been injured in the least degree. The great security of the Safe was shown by its falling from the third story, and being in no wise injured by the fall.
We take great pleasure in recommending your make of Safe to any person desirous of a perfect Fire-Proof Safe. HALL & GARRISON.

FISHER'S SELF-SEALING FRUIT CANS.
Every housekeeper in the city and country should use this excellent Can. It is the most convenient and reliable Can in use, and gives entire satisfaction wherever introduced. It is sealed in an instant, by hooking and spring, thus clamping a tin cap over and around the opening, and pressing it upon a ring of cemented paper. The cement in the paper melts by the heat of the fruit, and as the fruit cooling continues the fruit cools, and the sealing is perfect. The cap is unfastened by unhooking the spring and running a thin knife around under the cemented paper.

HARPER & BROTHERS, NEW YORK, PUBLISH THIS DAY
THE OIL REGIONS OF PENNSYLVANIA,
Showing where Petroleum is found, How it is obtained, and at what cost, with Hints for whom it may concern.
BY WILLIAM WRIGHT.
12mo.: Cloth, $1.25.
This work contains the most exhaustive survey of the great Petroleum Region that has yet appeared in print. The writer examined every well that has been sunk in the oil region, and records the history, product, and present condition of each; studied every school of practice in pumping in use; describes them all, and criticises each from a scientific as well as from a practical standpoint; collected all the statistics extant on the production of and traffic in Petroleum, and groups them so intelligently that, with the book in hand, it is easy to generalize, and, within certain limits, to forecast the future of this most important branch of national production and our national exports.
Sent by mail, postage prepaid, to any part of the United States, on receipt of $1.25. 1t

A Boston Artist, of high social position, returns from Italy, joins the "Old Massachusetts Sixth," in Faneuil Hall, and goes on their eventful march to the rescue of the Capitol.
All remember what a thrill ran through the country on the 19th of April.
The march of the famous NEW YORK SEVENTH down Broadway was the proudest ovation ever witnessed.
