TRADE LOCKWOOD'S
PAPER COLLARS.
CLOTH LINED,
AND WITHOUT
MARK. CLOTH LINING.
The Cloth Lined Collars made by the LOCKWOOD MFG. CO., 255 South THIRD Street, Philadelphia, have been in general use since 1858, and notwithstanding the fact that numerous imitations of them have been made they still rank superior to any Collar in the market.
They are the only collars lined throughout with cloth, are made of paper pulp in a solid state, not shaped upon formers, or moulds, so as to fit the neck and allow a free flow for the cravat. The peculiar process used in their manufacture, makes them resemble linen very closely; when finished the fibres of the cloth give the appearance of a linen fold in paper. They are very strong and do not tear at the button-holes, and are the only collars made that can be turned and worn on both sides without the button-holes giving way and the paper tearing.
Parties purchasing Paper Collars will be careful to see that each collar is stamped upon the inside—*Lockwood Mfg. Co., Cloth Lined, with the Trade Mark of the Co. and date of Patents.* Do not be deceived by the boxes or false representations, but see for yourself. If the collar itself is not stamped as upon inside as above, it is not genuine.
The rapidly increasing demand for these goods (largely exceeding that of any collar made) has kept them sold ahead of production, but with a large amount of new machinery, the Co. is now able to fill all orders promptly, either in Philadelphia or at any of the depositories.
In addition to these best standard goods, several lower grades of collars are constantly in stock.
The Lockwood Mfg. Co. are the sole licensees under Hunt's and Lockwood's Patents, (*the first on Paper Collars ever issued,*) and by purchasing these goods parties avoid difficulties and lawsuits, which are now being vigorously prosecuted against all dealers in other makes of paper collars, which infringe one or more of these Patents.
